Lopez-Dorada 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE A - DESCRIPTION OF PLAN

The following is a brief summary of the various provisions of the Lopez-Dorada 401(k) Plan (the "Plan"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Participants should refer to the Plan document for more complete information.

General

Prior to December 15, 2020, the Plan was named the Lopez Foods, Inc. 401(k) Retirement Plan and covered all eligible employees, as defined within the Plan document, of Lopez Foods, Inc. The Plan is a defined contribution plan, which as of December 15, 2020, covers all eligible employees, as defined within the Plan document, of Lopez Foods, Inc., Dorado Poultry LLC and DeOro Foods LLC (collectively the "Employers"). Certain participants of the Plan are covered by collective bargaining agreements, which may modify certain general Plan provisions. Participants should refer to the Plan document and the respective collective bargaining agreements for more information.

On March 27, 2020 Congress signed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). The CARES Act took immediate effect and contains several provisions that temporarily impact 401(k) plans, including a new hardship withdrawal option and a loan payment deferral option. The Plan elected to permit the new hardship withdrawal option whereby any qualified individual, as defined in the CARES Act, was permitted to request a distribution from his or her vested account in the Plan, up to a maximum of \$100,000. Active employees who receive a coronavirus-related distribution from the Plan (or from any other eligible retirement plan) may repay all or any portion of the distribution to the plan within the three-year period beginning on the date after the distribution. The Plan also elected to permit the loan repayment deferral option, which allows for delay of up to one year for outstanding loans that have a repayment date due from March 27, 2020 to December 31, 2020, including repayments due on separation from service.

Plan Merger

Effective December 15, 2020, the Employers approved a merger between the Plan, Lopez Foods Inc. 401(k) Pension Savings Plan and the Dorada Poultry LLC 401(k) Plan (the "Predecessor Plans"). Upon the merger, the Plan was renamed the Lopez-Dorada 401(k) Plan. On the effective date of the merger, \$17,845,151 of the Predecessor Plans assets were transferred to the Plan. Effective with the merger date, the participants accounts merged into the Plan as governed by the terms of the Plan document.

Contributions

Participant Contributions. Participants may contribute 1% to 100% of their gross annual earnings, subject to certain limitations, to the Plan as tax savings contributions (up to the maximum amount allowed by Internal Revenue Service guidelines), where no federal or state income tax is paid on these amounts until they are distributed from the Plan to the participant. The Plan provides for Employers contributions as follows:

Discretionary Employer Matching Contribution. With the exception of non-union employees of Lopez Foods, Inc., the Employers may make a discretionary matching contribution in an amount equal to a uniform percentage of the participants' salary deferrals. Prior to the merger, there were no discretionary employer matching contributions in 2020.

Discretionary Profit Sharing Contribution. The Employers may make discretionary profit sharing contributions to the Plan. The participant will share in the profit sharing contribution if the participant was employed during the plan year. Employer discretionary profit sharing contributions were approximately \$531,000 for the year ended December 31, 2020.

Employer Matching Contribution. The Employers makes various matching contributions, as outlined within the Plan document or within collective bargaining agreements, in amounts equal to participants salary deferrals up to a maximum of 6% of salary each plan year.

Employees other than Lopez Foods, Inc, non-union employees, are automatically enrolled in the Plan upon meeting the eligibility requirements. The initial automatic enrollment contribution is 3% per payroll period unless the employee elects a different contribution percentage or elects not to participate in the Plan. This feature also includes a catchup election that allows the participant to increase his or her contribution during the period up to the maximum amount allowed by the Plan.

Vesting

Participants are immediately vested in their voluntary contributions, and actual earnings or losses thereon. Employers discretionary profit sharing and discretionary employer matching contributions will be 25% vested after two years, 50% vested after three years, 75% vested after four years and 100% vested after five years. For certain participants, employer matching contributions will be 100% vested after two years. Upon normal retirement, early retirement, which is available once a participant attains age 55, disability or death, participants become 100% vested.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Employers' contributions, plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Except for CARES Act related provisions adopted in 2020, participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms require repayment within five years, unless the loan is taken for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The loans bear interest at rates that are commensurate with local prevailing rates at the date of issuance, as determined quarterly by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, a participant with a vested account balance of \$5,000 or less may elect to receive a lump-sum distribution of cash equal to the vested value of his or her account. If no such election is made and the vested account balance is greater than \$1,000 and less than or equal to \$5,000, an automatic transfer of the balance will be rolled over to an IRA established in the name and for the benefit of the participant. If the vested account balance is \$1,000 or less, the account balance will be distributed to the participant. A participant with a vested account balance of \$5,000 or greater may elect to receive either a lump-sum distribution equal to the vested value of his or her account, transfer the vested value of his or her account into another eligible plan or annuity or maintain his or her account in the Plan. No payment of benefits shall be made until all unpaid loans of the participant have been paid in full.

Normal retirement under the Plan is defined as retirement from employment upon attaining age 65, although a participant may postpone retirement for Plan purposes. Retirement benefits equal to 100% of the participant's account balance are available when the participant dies or becomes disabled. Upon the death of a participant, the participant's benefit shall be automatically paid to the participant's surviving spouse or to a designated beneficiary.

Disposition of Forfeitures

If a participant who is not fully vested terminates employment with the Employers for any reason other than normal or early retirement, disability or death, the non-vested portion of his or her account is forfeited. Forfeited non-vested accounts totaled \$243,361 and \$46,894 at December 31, 2020 and 2019, respectively. These forfeitures will be used to reduce future Employers contributions or to pay administrative expenses of the Plan. There were no forfeitures used to reduce Employers contributions or to pay administrative expenses during the year ended December 31, 2020.

Plan Administration

The general administration of the Plan and the responsibility of carrying out the provisions of the Plan are placed on the plan administrator who is appointed by the Employers' Board of Directors. The plan administrator has appointed Bank of America, N.A. ("Trustee") as the trustee of the Plan to receive, invest and hold plan assets and to transfer amounts of the trust fund to participants as determined by the provisions of the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently followed by the Plan in the preparation of its financial statements is as follows:

Basis of Presentation

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of the Plan's financial statements in conformity with US GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

December 31, 2020 and 2019

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain other expenses incurred in connection with the general administration of the Plan are paid by the Employers and are not recognized by the Plan. Investment-related expenses are included in net appreciation of fair value of investments.

NOTE C - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds - The Plan's mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Federated Capital Preservation Fund - The Federated Capital Preservation Fund is a collective investment fund that primarily holds investments in fully benefit-responsive contracts, which is valued

Lopez-Dorada 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

at NAV. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

2020

NOTE D - INVESTMENTS MEASURED USING NET ASSET VALUE PER SHARE PRACTICAL EXPEDIENT

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019, respectively. NOTE E - INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by CFR 250.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, non-interest bearing cash, other receivables, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE F - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Included in administrative expenses are fees paid to the Trustee for recordkeeping and custodial services. These fees qualify as exempt party-in-interest transactions under ERISA. Notes receivable from participants also qualify as exempt party-in-interest transactions.

For the year ended December 31, 2020, the Employers did not remit certain participant contributions and loans repayments to the Plan on a timely basis as defined by the DOL's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions consisted of \$259,517 in participant contributions and loans repayments. The contributions and the loan repayments have been remitted to the Plan and the Employers are in the process of calculating and remitting the lost earnings to fully correct in accordance with the Employee Plans Compliance Resolution System.

NOTE G - TAX STATUS

The Plan is based on a prototype plan, which has received an opinion letter from the Internal Revenue Services ("IRS") dated March 31, 2014 which stated the prototype plan is a qualified plan under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and tax-exempt.

US GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds and a collective trust. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the future amounts reported in the statements of net assets available for benefits.

NOTE I - PLAN TERMINATION

The Employers reserve the right to terminate the Plan at any time, although the Employers have not expressed any intent to do so. On termination of the Plan, the plan administrator will liquidate all the assets held by the Plan. After payment of all expenses of liquidation, the assets will be distributed to the participants by the plan administrator in the manner and order set forth by ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

NOTE J - SUBSEQUENT EVENTS

The plan administrator has evaluated the Plan's December 31, 2020 financial statements for subsequent events through October 14, 2021, the date the financial statements were available to be issued, for potential recognition or disclosure in these financial statements.
