Note 1 – Description of Plan

The following description of the JC Resorts LLC ("Company") 401(K) Benefit Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was formed effective January 1, 1997. The Plan is a defined contribution plan covering all employees of the Company who have six months of service and are age twenty-one or older and are not covered by a collective bargaining agreement.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and has been amended to comply with current provisions of ERISA.

The Plan has, or is in the process of, implementing, provisions of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") which was signed into law on March 27, 2020 as well as the Setting Every Community Up for Retirement Enhancement Act (the "SECURE Act") which was signed into law on December 19, 2019, effective January 1, 2020.

Plan Administration

The Company is the Plan administrator of the Plan. The Plan investments are invested with Fidelity Management Trust Company ("Fidelity") which holds all of the Plan investments as trustee of the Plan. The Plan's Investment committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

As further disclosed in Note 3, all investment information in the accompanying financial statements and supplemental schedules was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity.

Contributions

Each year, participants may voluntarily contribute up to 75% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company matches the contribution of 25% of the first 4% of all compensation that a participant contributes to the Plan. Contributions are subject to certain Plan and regulatory limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan net earnings, and may be charged with an allocation of administrative expenses. Allocations are based on participant net earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions. The Company's matching contribution and earnings on the matching contribution are vested based upon the following schedule:

Years of Service	Vested %
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Funds

The Plan assets are invested with Fidelity whereby upon enrollment in the Plan, a participant may direct contributions in any of the investment choices. The Plan offers participants a diversified investment program including mutual funds from a select group of investment managers, which provide participants with a variety of investment options.

Through the Fidelity Plan service, Participants may change their investment elections, transfer existing account balances, and obtain information regarding their investments on a daily basis. Fidelity assesses an operating expense fee and an investment fee, which are paid directly from the Plan assets.

Notes Receivable from Participants

The Plan allows participant loans up to the lesser of 50% of the vested balance or $50,000. Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest. All loans are secured by the balance in the participant's Plan account and generally must be repaid in five years. All loans bear interest at market rates. At December 31, 2020 and 2019, notes receivable from participants totaled $375,064 and $480,488, respectively.

Participants who fail to make the repayment terms on these loans may have their loans regarded as deemed distributions. There were deemed distributions in 2020 and 2019 totaling $10,990 and $6,912, respectively which are included in benefits paid to participants.

Payment of Benefits

On termination of service, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest, or installments over a period of time not to exceed the participant's lifetime, or the joint lifetime of the participant and their spouse.

Forfeited Accounts

Forfeited, non-vested accounts are utilized to reduce employer matching contributions or offset administrative expenses. At December 31, 2020 and 2019 the balance of the forfeiture account was $170,467 and $79,203, respectively. No forfeitures were used for employer matching contributions for 2020. Forfeitures were used to pay for employer matching contributions totaling $214,315 in 2019. In 2020 and 2019, forfeitures were used to pay administrative expenses totaling $13,094 and $14,595, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net

appreciation or depreciation in Plan investments includes the Plan's gains and losses on investments bought and sold for the period as well as held at year end.

Realized and unrealized appreciation is recorded in the accompanying statement of changes in net assets available for Plan benefits as net appreciation in fair value of investments.

Realized and unrealized appreciation in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation) or on the last day of the year for unrealized appreciation (depreciation) on assets held at the end of the year.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principle balances plus any accrued but unpaid interest. No allowance for doubtful accounts is required as loans are secured by the participants account. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment referred to as a deemed distribution based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid. Benefits due to terminated employees are not an obligation of the Plan until requested by the employee. Net assets available for Plan benefits may contain amounts allocated to accounts of persons who have withdrawn from participation in the earnings and operations of the Plan and have requested distributions at December 31, 2020 and 2019. At December 31, 2020 and 2019 there were no benefits due but unpaid to former employees.

Excess Contributions

The Company and Fidelity review Plan activity for employee and matching contributions in order to be in compliance with the non-discrimination requirements of the Plan. Excess contributions refunded to participants totaled $366 in 2020. There were no excess contributions refunded in 2019.

Administrative Expenses

The Plan pays for the majority of administrative and management fees from either the Plan forfeiture account and/or from Plan investment earnings. Administrative and management fees paid from Plan assets in 2020 totaled $107,756 of which $64,995 was paid to Fidelity and $42,761 was paid to other providers. In 2019, administrative fees

paid from Plan assets totaled $42,840 of which $33,140 was paid to Fidelity and $9,700 was paid to other providers.

The Company may elect to pay for certain administrative expenses on behalf of the Plan. The Company did not pay any administrative expenses of the Plan during 2020 and 2019

Reclassifications

Certain reclassifications have been made to the 2019 financial statements to conform to the 2020 financial statement presentation.

Date of Management's Review

Subsequent events were evaluated through October 14, 2021, which is the date the financial statements were available to be issued.

Note 3 – Plan Investments

The Company and Plan utilized the services of Fidelity as its Trustee during the years ended December 31, 2020 and 2019. All investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held, Notes Receivable from Participants, net appreciation in fair value of investments and, interest and dividends for the years then ended, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity. All Plan investments are Participant directed investments.

Note 4 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets available for Plan Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted market process for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation

techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when the Level 1 or Level 2 inputs were not available. There were no Plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair values of the Plan's cash accounts, common stocks, and mutual funds are based on the closing price reported in the active market where the individual securities are traded, when available.

Common Collective Trust

The Net Asset Value ("NAV") is used as a practical expedient for the Fidelity Advisor Stable Value fund to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value and are not categorized in the Fair Value Hierarchy.

The following sets forth, by level within the Fair Value Hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

		Fair Value Measurements Using:	
	Total	(Level 1)	(Level 2)
December 31, 2020			
Cash	$ 281,365	$ 281,335	$ -
Mutual funds	19,553,779	19,553,779	-
Total assets in the fair value hierarchy	$19,835,144	$19,835,144	$ -
Investments measured at net asset value*	1,915,435		
Total	$21,750,579		

December 31, 2019			
Cash	$ 75,607	$ 75,607	$ -
Common Stock	66,300	66,300	
Mutual funds	19,645,833	19,645,833	-
Total assets in the fair value hierarchy	$ 19,787,740	$19,787,740	$ -
Investments measured at net asset value*	1,220,237		
Total	$ 21,007,977		

*In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV have not been classified in the fair value hierarchy. The Plan's Net Asset Value practical expedient are composed of Common Collective Trusts, which have no unfunded commitments, are measured daily and may be redeemed daily with no restriction related to the redemption notice period.

Gains and losses (realized and unrealized) included in statement of changes in net assets available for Plan benefits for the years ended December 31, 2020 and 2019 are reported in net appreciation in fair value of investments.

Note 5 – Party in Interest Transactions

In 2020 and 2019, Plan investments may be invested in cash funds or mutual funds managed by Fidelity. Fidelity is the Plan trustee as defined by the Plan and, therefore, certain of these transactions may qualify as parties in interest. See Note 2 - Administrative Expenses for details of Plan expenses.

Note 6 – Failure to Transmit Participant Contributions in a timely manner

In 2020, the Company inadvertently failed to transmit participant contributions to the Plan within the required timeframe totaling $66,593. There were no late contributions in 2019. The company has contacted Fidelity to calculate lost participant earnings and restore them to participants for the late 2020 contributions.

Note 7 – Contribution Variance

The Company believes that it has transmitted funds in a timely manner for all other 2020 contributions (see note 6 above for late 2020 contributions) and 2019 participant

contributions, however, the Company is researching a variance of $2,270 which was received by the Plan in 2020 in excess of the total contributions withheld from employees per payroll. If it is determined this variance is related to late contributions from previous plan years, the Company anticipates this error will be corrected in 2021 and any lost earnings restored to participants.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, employed participants will become 100% vested in their account balances. In 2020 due to the COVID-19 pandemic the Company determined a partial plan termination had occurred and affected employees were 100% vested at that time.

Note 9 – Tax Status

The Plan is a Prototype Plan sponsored by Fidelity. This Prototype Plan received a determination letter from the IRS that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not requested a separate determination letter from the IRS concerning the Plan's tax status. The Plan administrator believes the Plan is designed and currently being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is subject to income tax examinations for the years after 2017.

Note 10 – Risks and Uncertainties

The Plan provides participants various investment choices. These investment options are exposed to various risks, including but not limited to, economic, interest rate, market regulatory and credit risks. Due to the level of risk associated with certain investment options, it is at least reasonably possible that changes in the various risk factors in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

Participants may invest in certain mutual fund accounts or pooled separate accounts that invest in the securities of foreign companies or companies with significant operations in foreign countries, which involve additional special risks and considerations not typically associated with investing in U.S. companies. These risks include but are not limited to devaluation of currencies, less reliable information about issuers, different securities transaction regulations, clearance and settlement practices, and possibly adverse political and economic developments. Moreover, the securities of many foreign companies may be less liquid and their prices more volatile than those securities of comparable U.S. companies.

Note 10 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019 to Schedule H of Form 5500:

	2020	2019
Net assets available for benefits per Schedule H of Form 5500	$ 22,125,643	$ 21,488,465
Add: Contributions receivable	49,247	-
