Independent Auditor's Report

To the Summa Health Pension Committee
Summa Health 401(k) Retirement Savings Plan
Akron, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements

We have performed an audit of the financial statements of Summa Health 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2020 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certification from a qualified institution as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2020 Supplemental Schedule Required by ERISA

The 2020 supplemental schedule (Schedule of Assets (Held at End of Year) as of December 31, 2020) is presented for purposes of additional analysis and is not a required part of the 2020 financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements and certain additional procedures, including comparing and reconciling

such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2019 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2019 and the related statement of changes in net assets available for benefits for the year then ended. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 9, 2020, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Summa Health 401(k) Retirement Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Summa Health 401(k) Retirement Savings Plan (formerly, the Summa Management Services Organization Employees 401(k) Plan and Trust) (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan that was originally established on March 20, 1994 and subsequently amended and restated to its most recent Plan amendment, effective January 1, 2021 (subsequent to December 31, 2020). The Plan covers all employees of Summa Management Services Organization (the Employer) with the exception of union employees whose employment is governed by a collective bargaining agreement and certain nonresident aliens who have no earned income from sources within the United States. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective October 10, 2016, the Summa Health System Pension Savings Plan (the PSP) and the Summa/Barberton Retirement Savings Plan for Frozen Pension Plan Participants (the Summa/Barberton Plan) were merged into the Plan. Concurrently, the Plan was renamed from Summa Management Services Organization Employees 401(k) Plan and Trust to Summa Health 401(k) Retirement Savings Plan.

Eligibility

Employees are eligible to commence salary reduction contributions on their date of hire and to receive matching contributions after one year of service.

Contributions

Each year, a participant may voluntarily contribute a percentage of their compensation by means of salary deferral up to the maximum amount allowed by the Internal Revenue Service (IRS). Employer matching contributions are 100% vested after 3 years. Participants may also contribute amounts representing rollovers from qualified plans.

Effective July 1, 2011, the Plan was amended as follows:

- a) Participants are designated as either "Frozen Pension Plan Participants" (Frozen Participants) or "Non-frozen Pension Plan Participants" (Non-frozen Participants). A Frozen Participant is precluded from participating in or no longer accrues benefits under the terms of the Summa Health System Retirement Income Plan (RIP) on or after July 1, 2011. The RIP is another employee benefit plan which is sponsored by the parent organization of the Employer. A Non-frozen Participant is a participant who is not a Frozen Participant.
- b) The Employer shall make matching contributions on behalf of Non-frozen Participants meeting the requirements specified in the Plan document equal to 50% of each Non-frozen Participant's elective contributions and catch-up contributions for the Plan year not to exceed 3% of the Non-frozen Participant's compensation. The Employer shall make matching contributions for Frozen Participants equal to 100% of each Frozen

Summa Health 401(k) Retirement Savings Plan

Notes to Financial Statements

Participant's elective deferrals and catch-up contributions up to 1% of the Frozen Participant's compensation plus 50% of each Frozen Participant's elective deferrals and catch-up contributions not to exceed the next 5% of the Frozen Participant's compensation.

Effective May 1, 2014, the Employer permanently ceased nondiscretionary contributions for Frozen Participants.

Participant accounts

Each participant's account is credited with the participant's contributions, the Employer's contribution and an allocation of the Plan's earnings. Allocations of earnings are based on the participant's account balances. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account. During the years ended December 31, 2020 and 2019, participants could direct the investments of their respective accounts into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their contributions, plus earnings thereon. Vesting in the contributions of the Employer is based on the Hour of Service Method, as defined in the Plan document. Credit will be given for each hour worked for which compensation is paid, including paid-time-off and leave of absence. Once a participant reaches 1,000 hours of service in any given calendar year, the participant is then credited with a year of vesting. Vesting in the contributions of the Employer is based on years of continuous service.

Effective January 1, 2010, vesting shall be determined according to the following table:

Completed years of service	Vesting Percentage
Fewer than 3	0%
3 or more	100%

Notes receivable from participants

Participants may borrow from their accounts 50% of their vested account balance, from a minimum of \$1,000 up to a maximum of \$50,000, reduced by the highest outstanding loan balance over the last year. A participant may have one loan outstanding at any time. Loan terms range from 1 to 5 years or up to fifteen years for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account. The interest rate is fixed for the life of the loan and is 1% over the prime rate published in the *Wall Street Journal* on the first business day of the month the loan is originated. Principal and interest are repaid ratably through payroll deductions.

Distributions to participants or beneficiaries

On termination of service due to death, disability, discharge or retirement, a participant may elect to receive a lump-sum amount equal to the value of the vested interest in their account. Vested account balances of less than \$5,000 may be distributed at the discretion of the Plan in a single lump sum.

Summa Health 401(k) Retirement Savings Plan

Notes to Financial Statements

Forfeitures

Forfeitures resulting from terminated participants are accumulated in the forfeiture account and used to reduce future employer contributions and administrative expenses. During the year ended December 31, 2020 and 2019, \$19,234 and \$0 in forfeitures was used to offset employer contributions, respectively. At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$17,430 and \$11,053, respectively.

Administrative expenses

Certain professional services and administrative fees are paid by the Employer. All other administrative fees are paid by the Plan.

Plan termination

Although the Employer has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements and supplemental schedule have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Summa Health 401(k) Retirement Savings Plan

Notes to Financial Statements

Notes receivable from participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of benefits

Benefits are recorded when paid.

Subsequent events

The Plan has evaluated subsequent events through October 7, 2021, the date the financial statements were available to be issued.

Recently adopted accounting pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2018-13, *Fair Value Measurements Topic (820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 eliminates certain disclosures, including the disclosure related to transfers between Level 1 and 2 investments, the valuation policies for Level 3 measurements and, for nonpublic entities, the change in the Level 3 investments' unrealized gains and losses included in earnings. This ASU also amends certain disclosures, including disclosing purchases, sales and transfers for Level 3 investments instead of the Level 3 roll-forward. This ASU requires that nonpublic entity's disclose additional supporting information used to derive significant unobservable inputs for Level 3, such as the range and weighted average of the significant unobservable inputs. For certain unobservable inputs, an entity may disclose other quantitative information (such as the median or arithmetic average) instead of the weighted average if the entity determines that other quantitative information would be a more reasonable and rational method to reflect the distribution of unobservable inputs used to develop Level 3 fair value measurements. For investments in certain entities that calculated net asset value, or NAV, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the reporting entity or announced the timing publicly. If the timing is unknown, the reporting entity shall disclose that fact. The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date. ASU 2018-13 is effective for periods beginning after December 15, 2019. Effective January 1, 2020, management adopted the ASU which had no material impact on the financial statements.

3. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

Summa Health 401(k) Retirement Savings Plan

Notes to Financial Statements

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Investment income and interest on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2020, as shown on the ERISA-required supplemental schedule.
- At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Current vulnerability

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus (the COVID-19 outbreak) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. Since the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

CARES Act

On March 27, 2020, former President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and implemented the following provisions:

- Allow special coronavirus distributions up to \$100,000
- Extend the period for loan repayments, if applicable, up to one year
- Suspend required minimum distributions for 2020

Summa Health 401(k) Retirement Savings Plan

Notes to Financial Statements

5. Tax Status

The Employer adopted a non-standardized prototype profit sharing plan with a cash or deferral arrangement, which received a favorable opinion letter from the IRS on March 31, 2014, stating that the Plan and related trust, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-In-Interest Transactions

Plan investments consist of certain shares of registered investment companies and units of a common/collective trust offered by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions. Loans to participants are also considered party-in-interest transactions as such participants are employed by the Plan Sponsor. These party-in-interest transactions are exempt from the prohibited rules under ERISA.

7. Guaranteed Investment Contracts

The Plan entered into a fully benefit-responsive guaranteed investment contract with Principal Life Insurance and Annuity Company (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

For those guaranteed investment contracts which are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. The guaranteed investment contracts are presented on the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Principal, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include certain amendments to the Plan document, such as a complete Plan termination. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

The guaranteed investment contracts do not permit Principal to terminate the agreement prior to the scheduled maturity date.

Summa Health 401(k) Retirement Savings Plan

Notes to Financial Statements

8. Fair Value Measurements

The Accounting Standards Codification (ASC) 820 Topic on *Fair Value Measurements and Disclosure* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Money market funds: Valued at the reported statement balance as of the last business day of the Plan year. The statement balance reflects the NAV at that date. Money market funds invested in by the Plan seek to preserve the value of the investment at \$1.00 per share.

Self-directed brokerage account: Account primarily consists of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Summa Health 401(k) Retirement Savings Plan

Notes to Financial Statements

Common/collective trust - stable value fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The fund invests in conventional and synthetic investment contracts issued by various companies and institutions, with the objective of providing a high level of return that is consistent with also providing stability of investment return, preservation of capital and liquidity to pay plan benefits of its retirement plan investors. There are no redemption restrictions upon which the participant may redeem investments in the fund. However, the Plan is required to provide a one-year redemption notice to liquidate its entire investment in the fund. As of December 31, 2020 and 2019, Contract Value approximated Fair Value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Fair Value Measurements at December 31, 2020 Using			
	Level 1	Level 2	Level 3	Total
