(1) Description of the plan

Effective January 1, 2001, Willis Group, LLC established the Willis Group, LLC 401(k) Plan ("Willis Plan") to provide retirement benefits for all eligible employees. The Willis Plan was amended and restated as of January 1, 2015. After the restatement, the related employers who also participate in the Willis Plan include Donovan & Watkins, LLC; Beyond Review, LLC; Engineering Data Integrity Services, LLC; and Panoramic Holdings, LLC; and also includes its majority-owned subsidiaries: Image Engine, LLC, Genesys Talent, LLC; and Genuent, LLC and its subsidiary Genuent USA, LLC (collectively, "Sponsor").

Effective June 14, 2018, the name of the Willis Plan was changed to Genuent Global, LLC 401(k) Plan (the "Plan"). The name of the Sponsor was also changed to Genuent Global, LLC (the "Company"). Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan covering individuals who are employed full-time by the Company and who are at least 18 years old. Eligible employees can enter the Plan on the first day of each calendar month coincident with or following the date they attain the age of 18 or become eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, and the Internal Revenue Code ("IRC").

Trustee and administration

The Plan's assets are held by Charles Schwab Bank ("Schwab"), the trustee of the Plan, and are invested through participant-directed accounts in various investments offered by the trustee. Duties of the trustee include, among others, recordkeeping, receiving and investing cash contributions and investment income, and making payments from the Plan funds as directed by the participants and the Plan administrator.

Administrative functions are performed by officers or employees of the Company. Certain administrative services and costs are incurred by the Company without cost to the Plan. No officer or employee of the Company receives compensation from the Plan.

Contributions

Participants may elect to defer a certain percentage of up to 100% of their compensation. Contributions made through payroll deductions may be made on a pre-tax basis, or as after-tax Roth contributions. Participant contributions are subject to certain limitations under the IRC. Each participant's annual contribution shall not exceed the maximum amount allowed for deferral under section 402(g) of the IRC, which was $19,500 for 2020. Additionally, participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions of up to $6,500 for 2020. Participants are also allowed to contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company may make discretionary matching contributions for eligible participants who contribute to the Plan. There were no discretionary matching contributions made in the 2020 Plan year.

The Company has the discretion to make a profit sharing contribution on behalf of eligible participants under the Plan. The amount, if any, is decided upon each year. There were no discretionary profit sharing contributions made in the 2020 Plan year.

Participant accounts

Each participant's account is valued on a daily basis and credited with the participant's contributions, his or her portion of the Company's matching and profit sharing contributions and account earnings and is charged with applicable withdrawals and an allocation of certain administrative expenses as determined by the different investment options he or she directs the Plan trustee to make on his or her behalf. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of the plan (continued)

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching or profit sharing contribution portions of their accounts plus actual earnings thereon is based on continuous service. Participants are vested in the Company's discretionary matching and profit sharing contributions based on the following schedule:

Years of Service	Vesting Percentage
Less than 2	-0-%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investments

Upon enrollment in the Plan, a participant may direct the allocation of their contributions and Company contributions among a range of investment funds offered by the Plan's trustee. Each participant can choose to deposit all contributions in one fund or split the investment among the investment options in any whole percentages. The funds are invested in a broad range of stocks and bonds with varying risks. The allocation of investment income for each of the investment options is based on the ratio that each participant's account balance bears to the total balance of all eligible participants.

Participant loans

Under provisions of the Plan, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account. Participants may have only one note outstanding at any time. Loan terms range from one to five years, except for loans used for the purchase of a principal residence, which may be repaid over a reasonable period of time. The loans are secured by the balance in the participant's vested account. The interest charged on loans is based on the current rates quoted by local financial institutions for similar loans. The interest rate on participant loans outstanding as of December 31, 2020 and 2019 range from 4.25% to 6.25%. Principal and interest is repaid through periodic payroll deductions.

Payment of benefits

The payment of benefits from each account may occur upon retirement, death, disability, termination of employment, or if the participant reaches the age 70½ while still employed. Participants or beneficiaries are entitled to receive a lump sum amount equal to the vested value of the participant's account. The participant may delay the receipt of the benefit unless a distribution is required to be made. Terminated participants whose vested account balances are less than $1,000 receive automatic distributions as a single lump sum payment. Terminated participants whose vested account balances are greater than $1,000 but less than $5,000 will be paid a direct rollover to an individual retirement account chosen by the Plan administrator. Participants who have a vested interest in their account which exceeds $5,000 may elect to leave their account balance in the Plan or receive a single or partial lump sum payment equal to the vested balance of their account. Rollover contributions may be withdrawn at any time.

Withdrawals

Participants may make early withdrawals up to the full balance of their elective deferral contributions in their account under the hardship provision of the Plan. A participant may make unrestricted withdrawals of their vested accounts on or after age 59½.

(1) Description of the plan (continued)

Forfeitures

Forfeitures of non-vested employer contributions may be used to pay plan expenses. As of December 31, 2020 and 2019, the Plan had $-0- and $3,126, respectively, of forfeited, non-vested accounts. During the year ended December 31, 2020, no forfeitures were used to fund plan expenses.

(2) Summary of significant accounting policies

Basis of statement presentation

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant loans receivable

Loans to participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of benefits

Benefits are recorded when paid.

Federal income tax

GAAP provides detailed guidance for the financial statement recognition, measurement and disclosure of uncertain tax positions recognized in an entity's financial statements and requires an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination. The Plan administrator believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2020, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2017 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in net assets available for plan benefits.

Subsequent events

The Plan has evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued. Except as noted below, no subsequent events occurred which would require adjustment or disclosure to the financial statements as of December 31, 2020.

(2) Summary of significant accounting policies (continued)

Subsequent events (continued)

Effective January 1, 2021, Ascensus became the Plan's third-party administrator with Transamerica now acting as the Plan custodian. A transfer of assets equal to the Plan's ending balance was made to Transamerica in January 2021.

(3) Coronavirus Aid, Relief, and Economic Security Act

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), which changed the Plan, among others, to allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Pursuant to the CARES Act, the Plan permitted qualified participants to take coronavirus-related distributions of up to $100,000, or 100% of their vested balance, whichever is less, with repayment terms of up to three years. In addition, pursuant to the CARES Act, the Plan adopted the temporary loan repayment deferral provision which allows qualified Plan participants who have Plan loan repayments to elect to defer loan repayments that occurred between March 27, 2020 and December 31, 2020. The ability to request special coronavirus-related distributions and/or request to defer loan repayments under the CARES Act ceased as of December 31, 2020. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

(4) Information certified by the trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. The assets of the Plan are held by the trustee. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

a. Investments and participant loans receivable, as shown in the statements of net assets available for plan benefits as of December 31, 2020 and 2019.

b. Investment activity, as shown in the statement of changes in net assets available for plan benefits for the year ended December 31, 2020.

c. The information in the supplemental schedule of assets (held at year end) as of December 31, 2020.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and the supplemental schedule.

(5) Fair value measurements

GAAP provides the framework for measuring fair value and expands disclosures about fair value measurement. The Plan categorizes its fair value measurements into a three-level fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

(5) Fair value measurements (continued)

The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
  - Quoted prices for similar assets and liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market date by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Interest-bearing cash

Interest-bearing cash consists of money market funds that are valued at the net asset value of shares held by the Plan at year end.

Registered investment companies

Investments in registered investment companies consist of mutual funds and are valued at fair value based upon the net asset value of the shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	2020			
	Fair Value	Level 1	Level 2	Level 3
Interest-bearing cash	$ 374,779	$ 374,779	$ -	$ -
Registered investment companies	11,015,995	11,015,995	-	-
	$ 11,390,774	$ 11,390,774	$ -	$ -

(5) Fair value measurements (continued)

	2019			
	Fair Value	Level 1	Level 2	Level 3
Interest-bearing cash	$ 243,562	$ 243,562	$ -	$ -
Registered investment companies	7,341,115	7,341,115	-	-
	$ 7,584,677	$ 7,584,677	$ -	$ -

(6) Related party transactions

Certain plan investments are managed by Schwab. Schwab is the trustee of the Plan, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan has participant loans receivable as of December 31, 2020 and 2019. As a result, these investments, the participant loans and all related transactions qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

Fees paid by the Plan to the trustee and the third-party administrator for administrative services amounted to $47,260 for the year ended December 31, 2020.

(7) Plan termination

Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all participants will have a 100% vested interest in their accounts at the date of termination.

(8) Tax status

The Plan was established under a volume submitted profit sharing 401(k) Plan which received its most recent determination letter on September 30, 2014, in which the Internal Revenue Service stated the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Accordingly, the Plan administrator believes the Plan was qualified and was tax exempt as of the financial statement dates.

(9) Risks and uncertainties

Investment securities are exposed to various risks such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

The global outbreak of the Coronavirus ("COVID-19"), which was declared a pandemic by the World Health Organization in March 2020, has led to significant volatility in financial markets. The ultimate impact of COVID-19 on the Plan, which may be material, is uncertain and will depend on future developments.

(10) Prohibited transactions

Department of Labor ("DOL") Regulation 29 CFR 2510.3-102 requires employers to remit amounts paid by a participant or beneficiary to an employer and/or withheld by an employer for contribution to a 401(k) plan as soon as they can be reasonably segregated from the employer's general assets. Any contributions and loan repayments remitted to the Plan beyond the time frame set forth by this criteria were considered a prohibited transaction and in violation of the provisions of ERISA and the IRC.

As reported on Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain participant contributions totaling $17,318 were not remitted to the Plan within the time frame specified by the DOL's Regulation 29 CFR 2510.3-102, thus constituting prohibited transactions between the Plan and the Company during the 2020 plan year. During 2020, the Company did not make any corrective payments outside of the DOL's Voluntary Fiduciary Correction Program. Costs incurred for penalties and interest will be borne by the Plan Sponsor. The Plan Sponsor believes that with the completion of the corrective payments of $17,318, the Plan will continue to be in compliance with applicable requirements of the IRC.
