1. Description of Plan

The following description of the Eric Mower and Associates, Inc. Tax-Deferred Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Eric Mower and Associates, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company has appointed the Administrative Committee of the American Association of Advertising Agencies Benefits, Inc. as trustee of the Plan. The Plan is part of the American Association of Advertising Retirement Fund for Member Agencies (the AAAA Fund). The AAAA Fund is organized as a 103-12 investment entity, as defined by 29 CFR-2520.103-12 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and is a party-in-interest to the Plan. The trustee holds the Plan's investment assets and executes investment transactions for the Plan. The Plan is administered by Eric Mower and Associates, Inc., which acts as the Plan Sponsor. The Human Resources Director provides oversight of the Plan and the Chief Financial Officer is a Trustee on the 4A's Retirement Fund for Member Agencies Committee, which helps to determine the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may elect to contribute a portion of their compensation, subject to the maximum allowed by the Internal Revenue Service (IRS) and as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Plan permits participants to make Roth 401(k) contributions. In addition, each participant may elect to contribute up to 100% of any cash bonus attributable to services performed by the participant. The Plan also provides a matching contribution at the discretion of the Board of Directors equal to a uniform percentage of the participant salary deferrals and based on years of service. The employer matching contribution for the years ended December 31, 2020 and 2019 were $103,367 and $117,672, respectively. Participants direct the investment of the contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, discretionary Company matching contributions, if eligible, and Plan earnings/losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Investment Options

Participants may direct contributions to selected investments as made available and determined by the Plan Administrator. All contributions are invested in assets as determined by the participant. Participants may change their investment options at their discretion.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear an interest rate equal to 2% above the prime rate. All loans are required to be repaid within 5 years, unless the loan is used to purchase a principal residence, the term is extended to a reasonable time. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

On retirement, disability, death or other terminations of service, a participant may elect to receive the value of his or her account as a lump-sum amount, in installments, in partial withdrawals, or to defer payment until a later date in compliance with regulations. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 55.

Forfeitures

Forfeited nonvested accounts are first used to pay administrative expenses, and remaining forfeitures are used to reduce any employer matching contributions. During 2020, forfeitures of approximately $7,900 were used to reduce administrative expenses. At December 31, 2020 and 2019, forfeited nonvested account balances remaining in the Plan were not material.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator and Trustee determine the Plan's valuation policies utilizing information provided by the investment advisers. See Note 3 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan Document.

Payment of Benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

New Accounting Pronouncement

The Plan adopted the provisions of FASB ASU 2018-13, Fair Value Measurements (Topic 820): Changes to the Disclosure Requirements for Fair Value Measurement at January 1, 2020. The following disclosure requirements were removed from Topic 820:

- The amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy;
- The policy for timing of transfers between levels;
- The valuation processes for Level 3 fair value measurements;
- For nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

All of the Plan’s investments measured at fair value are considered “Level 1” measurements in the fair value hierarchy; therefore, the adoption of the new standard had no impact on the disclosures in the financial statements of the Plan.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally form or corroborated by observable market data by correlation or other means.

If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019, respectively.

4. 103-12 Investment Entity

The Plan’s interest in the assets of the AAAA Fund is included in the accompanying statements of net assets available for benefits. A total of 70 and 72 member agencies sponsored defined contribution pension plans and participated in the AAAA Fund as of December 31, 2020 and 2019, respectfully. Each agency signs a joinder agreement and operates through the Fund’s Volume Submitter Plan and Trust. As of December 31, 2020 and 2019, the Company had a 6.67% interest, respectively, in the AAAA 103-12 investment entity fund. Although the assets are commingled in the AAAA Fund, AAAA Fund maintains supporting records for the purpose of allocating the net gain of the investment accounts to the various participating plans based on the Plan's percentage of net assets of the AAAA Fund.

4. 103-12 Investment Entity (continued)

The Plan's interest in the 103-12 investment entity fund will fluctuate based on the investment elections made by the Plan's participants and the fair value of the investments held by the Plan's participants in relation to the fair value of all investments held by the 103-12 investment entity fund. A summary of the assets of the AAAA Fund as of December 31 is as follows:

	2020	2019
103-12 investment entity assets:		
Mutual funds	$ 402,484,689	$ 364,912,136
Collective trust	38,334,061	36,549,860
Due from custodian for securities sold	-	3,732,065
Accrued administration fee	(101,112)	(90,356)
Net assets, at fair value	$ 440,717,638	$ 405,103,705

The AAAA Fund's net investment appreciation allocated to the participating plans for the year ended December 31, 2020 was $40,056,538. In addition, the AAAA Fund's dividends and interest allocated to the participating plans for the year ended December 31, 2020 was $17,144,862. The Plan's share of the investment income is based on the investment income of the investments held by the Plan's participants.

5. Collective Investment Contract with Principal Global Investors Trust Company

The Plan holds a fully benefit-responsive investment contract, the Morley Stable Value Fund (the Fund), with Principal Global Investors Trust Company (Principal) totaling $1,241,445 and $1,206,135 at December 31, 2020 and 2019, respectively. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date, unless in the event of default by the contract holder.

This Fund meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

5. Collective Investment Contract with Principal Global Investors Trust Company (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

6. Information Certified by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the American Association of Advertising Agencies Benefits, Inc., the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31, 2020	December 31, 2019
Investments, at fair value	$ 27,928,720	$ 25,572,608
Fully benefit-responsive investment contract, at contract value	$ 1,241,445	$ 1,206,135
Notes receivable from participants	$ 117,782	$ 120,007

6. Information Certified by the Trustee (continued)

The trustee also certified to the completeness and accuracy of $2,728,523 of net appreciation in fair value of investments, $1,267,109 of dividend and interest income, and interest income on notes receivable from participants of $5,915, related to the aforementioned assets for the year ended December 31, 2020, and all items and amounts within the supplemental schedule and Notes 3, 4 and 5 to the financial statements.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their employer contributions.

8. Related Party Transactions and Party-in-Interest Transactions

The American Association of Advertising Agencies Benefits, Inc. is the trustee as defined by the Plan, and, therefore, administrative fees paid by the Plan qualify as party-in-interest transactions. Administrative fees paid by the Plan amounted to approximately $19,000 for the year ended December 31, 2020.

9. Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2021, which is the date the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure within these financial statements.
