NOTE 1: DESCRIPTION OF PLAN

The following description of the Regents Management, LLC 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a participant directed defined contribution plan covering all eligible employees of Regents Management, LLC (the "Company") with retirement benefits in accordance with section 401(k) of the Internal Revenue Code (the IRC). To be eligible to participate in the Plan, employees must have attained age 21 and completed three months of service with the Company. To be eligible to receive matching and Safe Harbor contributions, participants must have completed three months of service with the Company. To be eligible to receive nonelective contributions, participants must have completed 1 year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on January 1, 2001.

Contributions

Participant Contributions: Participants elect to have amounts withheld from their paychecks and contributed to the Plan by the Company. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan allows elective deferral contributions be made as Roth contributions.

Employer Contributions:

- Basic Safe-Harbor contribution - The Company makes Safe Harbor matching contributions in an amount equal to 100% of participants contributions that are not in excess of 3% of the participant's eligible contribution, plus 50% of salary deferrals between 3% and 5% of participant's eligible compensations. The Company has made safe harbor contributions in the amount of $201,335 during the Plan year 2020.
- Matching contribution - The Company can make additional discretionary matching contributions in an amount up to 6% of the Participant's eligible compensations.
- Nonelective contribution - The Company may also make discretionary nonelective contributions in an amount as determined by the Company. To receive Company's nonelective allocation, participants are required to complete 501 hours of service with the Company during the Plan year.

  Company contributions are made in the ratio that each participant's compensation bears to the compensation of all eligible participants. All of the foregoing contributions are subject to limits as set by federal law.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are always fully vested in their own contributions, the Company's safe-harbor matching, additional matching contributions, and all earnings thereon. Participants vest in Company's nonelective contributions at the rate of 20% for each year of service until fully vested, beginning on the first anniversary of date of hire. Participants are fully vested in Company's nonelective contributions after six years of credited service.

Participant Accounts

Each participant's account is credited with the participant's own contributions, an allocation of the Company's contributions, and an allocation of net earnings from investments and changes in investment values. Allocations are based on each participant's contributions, earnings, or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's account. Participants select the investments into which their contributions are invested. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan.

Forfeitures

Forfeitures of employees' non-vested portion of the Company's contributions are used to reduce future employer contributions and administrative fees. As of December 31, 2020, and 2019, available forfeited non-vested accounts totaled $2,823 and $39, respectively. These accounts will be used to pay for the Plan's administrative expenses or to reduce future employer contributions. For the year ended December 31, 2020, $6,347 in forfeitures were used to pay Plan's administrative expenses.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments over a period of time. The mandatory distribution maximum amount is equal to $1,000 for participants who incur a severance from employment and who will receive distribution before attaining the later of age 62 or Normal Retirement Age. Participants may request withdrawal from their contribution accounts after attaining the age of 59 ½ or for disability. The distribution of the participant's account must commence no later the April 1 following the calendar year in which the participant attains age 72.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Participant Loans

Loans to participants consist of promissory notes received from participants in exchange for the distribution of cash from the Plan. A participant is allowed to borrow a minimum of $1,000, up to one half of the vested balance of their Plan account, up to a maximum of $50,000. Participants are allowed to have one outstanding loan at any time. Loans must be repaid over no more than a five-year period with the exception of a loan for the participants' principal residence that may have a repayment period beyond five years. Principal and interest are paid ratably through payroll deductions. Loans to participants are stated at the principal amount outstanding, which approximates fair value.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions which affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investment contracts held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investments are reported at fair value. Fair Value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisors, custodians, and insurance company. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3: INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Transamerica Life Insurance Company, the custodian of the Plan, has certified as being complete and accurate the following information as of December 31, 2020, and for the year then ended.

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits
- Net appreciation in fair value of investments and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits
- Investments reflected on the schedule of assets (held at end of year)

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1) Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2) Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3) Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered Investment Companies (Mutual funds): Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Net appreciation in fair value of investments includes net unrealized and net realized gains and losses on investments during the year and is presented net of investment expenses. Investment income is allocated to individual participant accounts based upon the participant's share of the investment fund.

As of December 31, 2020, assets in the plan, as defined by ASC Topic 820, were as follows:

	Assets at fair value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 4,553,737	$ -	$ -	$ 4,553,737
Total investments, at fair value	$ 4,553,737	$ -	$ -	$ 4,553,737

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

As of December 31, 2019, assets in the plan, as defined by ASC Topic 820, were as follows:

	Assets at fair value as of December 31, 2019 (Unaudited)			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 4,059,762	$ -	$ -	$ 4,059,762
Total investments, at fair value	$ 4,059,762	$ -	$ -	$ 4,059,762

NOTE 5: GUARANTEED INTEREST CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive guaranteed interest contract with an insurance company, which is called Stable Value Core Option Account (the Investment Contract). The insurance company maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. The Interest Contract is included in the financial statements at fair value which is equal to contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

The guaranteed investment contract is presented at contract value on the face of the statement of net assets available for benefits. Contact value, as reported to the plan by Transamerica Life Insurance Company, represents contributions made under the contact, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contact value for credit risk of the contract issue or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1 percent. Such interest rates are reviewed on an annual basis for resetting.

NOTE 6: PLAN TERMINATION

Although the Company expects to continue the Plan indefinitely, it has the right under the Plan to suspend its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all accounts become fully vested and non-forfeitable. Plan assets would first be used to pay any expenses properly charged to the Plan. The remaining Plan assets would then be distributed to participants.

NOTE 7: TAX STATUS

The Company has adopted the Associated Pension Consultants Volume Submitter Profit Sharing Plan. The Internal Revenue Service ("IRS") has informed Associated Pension Consultants in a letter dated March 31, 2014, that its volume submitter defined contribution plan is designed in accordance with applicable sections of the IRC, and any Plan sponsor adopting this form of the volume submitter defined contribution plan will be considered to have a plan qualified under applicable sections of the IRC. Therefore, the Plan and related trust are tax-exempt, and once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified as a tax-exempt trust.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2017.

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019, to the Plan's Form 5500:

	2020	2019 (unaudited)
Net assets available for benefits per the financial statements	$ 4,796,660	$ 4,288,433
Employer contribution receivable	(1,629)	
Participant contribution receivable	(2,929)	-
Net assets available for benefits per the Form 5500	$ 4,792,102	$ 4,288,433

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2020, to the Plan's Form 5500:

Change in net assets available for plan benefits per financial statements	$ 508,227
Less: Employer contribution receivable at December 31, 2020	(1,629)
Less: Participant contribution receivable at December 31, 2020	(2,929)
Change in net assets available for plan benefits per Form 5500	$ 503,669

NOTE 9: NON-EXEMPT TRANSACTIONS

During the Plan year ended, December 31, 2020, the Company failed to remit to the Plan's custodian certain employee contributions totaling $38,225 during the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the custodian were due to administrative errors, and subsequent to year end the Companies have made contributions to the affected participant's accounts to compensate those participants for potential lost earnings due to the delay prior to the issuance of these financial statements.

NOTE 10: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On March 11, 2020, the World Health Organization characterized coronavirus (COVID-19) as a pandemic, and on March 13, 2020, the President of the United States declared a national emergency relating to the disease. In addition to the President's declaration, state and local authorities have recommended social distancing and have imposed quarantine and isolation measures on large portions of the population, including mandatory business closures. These measures are designed to protect the overall public health, however are expected to have material adverse impacts on domestic and foreign economies and may result in the United States entering a period of recession. As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

NOTE 11: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Transamerica Life Insurance Company. Transamerica Life Insurance Company is the custodian as defined by the Plan, and therefore, these investments and investment transactions qualify as party-in-interest transactions. Additionally, the Plan sponsor is a party-in-interest to the Plan; however, there were no transactions with the Plan sponsor other than the funding of contributions to the Plan and payment of certain administrative expenses of the Plan. The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 12: SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The plan has evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued.
