1. Description of the Plan

The following description of The Bachrach Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, as amended and restated, is a participant-directed defined contribution plan covering all eligible employees of The Bachrach Group, Ltd. (collectively referred to as the "Company," "Employer," or "Plan Sponsor") who have completed three months of service and have reached 21 years of age, except for members of a collective bargaining agreement and non-resident aliens. The Plan provides certain benefits in the event of death, disability, or other termination of employment. Plan entry dates are the first day of the play year quarter. John Hancock Life Insurance Company of New York (the "Trustee," "John Hancock") is the Plan's Trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute to the Plan up to 100% of compensation on a pre-tax basis, with dollar limits established by the Internal Revenue Code ("IRC"). Such contributions are excluded from the participant's Federal taxable income until received as a withdrawal or distribution from the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers) and may elect to make "after-tax" Roth contributions. Contributions are subject to certain limitations.

The Plan provides for discretionary employer matching contributions for all eligible participants who have completed a minimum of 1,000 hours of service and are employed by the Company on the last day of the applicable reporting period. Additionally, the Company may make qualified non-elective contributions ("QNECs"). The Company did not make any matching contributions or QNECs to the Plan during 2020.

Participant Accounts

Each participant's account is credited or charged with the participant's contribution and allocations of (i) employer's 401(k) matching contributions and (ii) the participant's share of earnings or losses on contributions and administrative expenses. Each participant directs all amounts credited into their account into one or more of the investment options available under the Plan. Accordingly, as a participant-directed plan, each participant's investments determine their share of earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the Plan (Continued)

Coronavirus Aid, Relief, and Economic Security ("CARES") Act

The Plan has adopted certain measures included in the CARES Act which allow qualified participants to receive COVID-related distributions without penalty. Additionally, required minimum distributions beginning in 2020 will be delayed by one year, but may still be received at the request of a participant. Participants who had been affected were eligible to withdraw up to $100,000. Participants who elected to make a withdrawal and were younger than 59 ½ had the 10% federal penalty waived and taxes owed were spread over a three-year period or forgiven if the funds are rolled back into the account within three years. In addition, processing fees associated with the withdrawal were waived.

Vesting

Participants are immediately vested in their contributions, rollovers and QNECs, plus actual earnings thereon. Vesting in employer's contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in employer contributions and earnings thereon after three years of credited service.

Years of Service	Vesting %
Less than 3	0
3 or more	100

Investment Options

Participants direct the investment of their contributions, into various investment options offered by the Plan. Participants may change their contribution investment options daily and may transfer part or all of past investments to other investment options daily. Participants may also elect to change their percentage on the first day of the quarter.

Notes Receivable from Participants

Participants may borrow from their vested fund account balance a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the vested interest of the participant in the Plan. All loans are required to be repaid within five (5) years from the date of the loan or up to ten (10) years for the purchase of a principal residence. The loans are secured by at least 50% of the participant's vested account balance in the plan and, unless otherwise determined by the Plan Administrator, bear an interest rate equal to 1 percent above the prime rate (which was 3.25% and 4.75% at December 31, 2020 and 2019, respectively). Loans mature through December 2032 with interest rates ranging from 4.50% to 6.50%.

1. Description of the Plan (Continued)

Forfeited Accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements as defined by the Plan, the participant's account will be reinstated. Unused forfeitures may be used to reduce administrative costs of the Plan. Any remaining amounts may then be used to reduce future employer profit sharing contributions.

Hardship and In-Service Withdrawals

The Plan Administrator may authorize a lump-sum distribution of up to 100% of the participant's vested account balance (excluding any investment earnings) but not to exceed the amount necessary to meet the financial need created by the hardship provided the participant submits positive evidence of an immediate and heavy financial need as defined in the Plan. In-service distributions of the participant's vested interest are available for any reason upon attaining age 59½.

Deemed Distributions

When a participant fails to make loan repayments under the terms of the loan agreement, the loan is considered to be in default. Deemed distributions on defaulted loans are recorded in the calendar quarter following the calendar quarter during which the loan was defaulted.

Benefit Payments

Upon termination of service due to death, disability or retirement, as defined in the Plan, participants are entitled to a fully vested lump sum payment of their account balance. For termination of service due to other reasons, participants are entitled to the value of the vested interest in their account as a lump-sum distribution. As of December 31, 2020 and 2019, all employees who elected to withdraw from the Plan had been paid.

Expenses of the Plan

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Substantially all administrative expenses are paid by the Plan Sponsor. The Plan Sponsor is under no obligation to pay such expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

All Plan investments are held by the Trustee. The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. During the year ended December 31, 2020 there were $1,266 of deemed distributions.

Payment of Benefits

Participant's benefit payments are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

2. Summary of Significant Accounting Policies (Continued)

Recent Accounting Pronouncements

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement* which amends Accounting Standards Codification ("ASC") 820 to add, remove and modify fair value measurement disclosure requirements. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. The manner of adoption varies, with certain provisions applied retrospectively, while others are applied prospectively. The Plan adopted ASU 2018-13 which resulted in the removal of certain fair value disclosures which did not have a material impact on the financial statements or the Plan's net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through the date these financial statements were available for issuance, October 15, 2021.

3. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, the Trustee of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019;
- Net appreciation in the fair value of the investments reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020;
- Investments reflected on the schedule of assets (held at end of year) as of December 31, 2020.

4. Fair Value Measurements

The FASB established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled separate accounts: Valued at fair value based on the net asset value ("NAV") of the pooled separate accounts. The pooled separate accounts invest in domestic and foreign stocks, bonds, and mutual funds. The fair value of these stocks, bonds, and mutual funds are publicly quoted and are used in determining the net asset value of the pooled separate accounts, which are not publicly quoted.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (Continued)

The following table summarizes investments measured at fair value based on NAV per share (or its equivalent):

As of December 31, 2020:

	Fair Value	2020 Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Investment type				
Pooled separate accounts (a)	$ 2,053,249	-	Daily	Daily

As of December 31, 2019:

	Fair Value	2019 Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Investment type				
Pooled separate accounts (a)	$ 1,811,225	-	Daily	Daily

(a) Pooled separate accounts consist of accounts that each invest in mutual funds which primarily hold equities and fixed income securities including certain target dated funds that produce a blended portfolio structure. Each individual mutual fund within the pooled separate account has a diversified basket of the respective securities that the fund strategy employs.

5. Exempt Party-in-Interest

At December 31, 2020 certain Plan investments were managed by John Hancock and therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to the Trustee were $17,859 for the year ended December 31, 2020. Notes receivable from participants also qualify as party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

7. Tax Status

The Company adopted a Non-Standardized Pre-Approved Profit Sharing Plan with a Cash or Deferred Arrangement (“CODA”) sponsored by CCH Incorporated dba FTWilliam com which received an opinion letter from the Internal Revenue Service, dated June 30, 2020, as to the Plan’s qualified status. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC, and accordingly no provision for income taxes has been included in the Plan’s financial statements.

7. Tax Status (Continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan's management does not believe there are any uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to tax examinations for years prior to 2017.

8. Reconciliation of Financial Statement to Form 5500

The following is a reconciliation of net assets available for benefits at December 31, 2020 and changes in net assets available for benefits for the year then ended from the financial statements to the Form 5500:

	2020
