(1) **Description of Plan:**

The following description of the M & R Enterprises of Brevard, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

(a) **General**—The Plan is a defined contribution plan covering all eligible employees of M & R Enterprises of Brevard, Inc. (the Company). Employees become eligible to defer income after completing three months of service and attaining 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(b) **Contributions**—Each year, participants may contribute 100% of eligible pre-tax annual compensation, as defined by the Plan. Additional "catch-up" contributions can be made to the Plan if the participant is at least age 50 by the end of the plan year up to the amount allowed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company contributes 50% of the first 6% of eligible compensation that the participant contributes to the Plan. Participants direct the investment of their contributions, as well as Company contributions to their participant account, into various investment options offered by the Plan. Contributions are subject to certain limitations allowed by law.

(c) **Participant accounts**—Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The Company currently offers an interest bearing cash fund and 21 mutual funds as investment options for participants. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) **Vesting**—Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest based on the following schedule:

Years of Service	Percentage
Less than 1 year	0%
After 1 year	20%
After 2 years	40%
After 3 years	60%
After 4 years	80%
After 5 years	100%

(e) **Notes receivable from participants**—Participants may borrow from their fund a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus two percentage points as determined by the Plan's trustee. Principal and interest is paid ratably at least as frequently as quarterly over a reasonable amount of time not to exceed five years (ten years for personal residence).

(1) **Description of Plan: (Continued)**

(f) **Payment of benefits**—Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Absent the participant's election to roll distributions into another qualified plan or receive a lump sum payment, vested balances under $5,000 for terminated participants are distributed out to the participant. The participant's contributions and vested portion of employer contributions may also be withdrawn for certain hardship situations.

(g) **Administrative plan expenses and participant fees**—The Plan permits payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. However, certain operating expense of the Plan, such as audit fees, are paid by the Plan Sponsor. Plan administration and investment management fees reduce participant' account balances. Expenses relating to specific participant transactions (i.e. loan setup, distribution request, etc.) are charged directly against the appropriate participant's account.

(h) **Forfeited accounts**—At December 31, 2020 and 2019, forfeited nonvested accounts totaled $840 and $0, respectively. These accounts may be used to reduce future employer contributions or pay plan expenses. During 2020, the Plan used $346 from forfeited accounts to pay plan expenses.

(i) **Plan amendments**—Effective July 1, 2019, the Plan was amended to reduce the service requirement from 12 to 3 months and reduce the requirement for full vesting from 6 years to 5 years.

(j) **Coronavirus Aid, Relief, and Economic Security Act (CARES Act)**—In response to the coronavirus pandemic, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was passed by Congress and signed into law on March 27, 2020. The CARES Act provided emergency assistance and health care response for individuals, families, and businesses affected by the coronavirus pandemic. The Plan adopted certain provisions of Section 2202 of the CARES Act contained the following special rules for retirement plans:

Loan Deferment – Qualified individuals were able to elect to defer payment of loan payments due between March 27, 2020 and December 31, 2020, with deferred loans re-amortized in January 2021.

Coronavirus-Related Distributions (CRDs) – Qualified individuals were able to elect distributions from an eligible retirement plan of up to $100,000 during the period from January 1, 2020 through December 31, 2020. These distributions were not subject to the normally applicable 10% tax for in-service withdrawals made prior to attaining age 59-1/2 and were able to be included ratably in income over a three-year period. Qualified individuals also were able to elect to repay the distributions to the plan over a three-year period.

(2) **Summary of Significant Accounting Principles:**

(a) **Basis of presentation**—The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) **Investment valuation and income recognition**—The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (4) for a discussion of fair value measurements. Interest and dividend income is recognized when paid, primarily monthly. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) **Notes receivable from participants**—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

(d) **Payment of benefits**—Benefits are recorded when paid.

(e) **Use of estimates**—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(f) **Subsequent events**—The Plan has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 14, 2021, the date the financial statements were available to be issued. No subsequent events requiring recognition or disclosure have been identified.

(3) **Summary of Information Certified by Plan Trustee:**

All investment information disclosed in the accompanying financial statements and schedules, including investments held and participant loans at December 31, 2020 and 2019, and the net appreciation (depreciation) in fair value of investments and interest and dividend income for the year ended December 31, 2020, was obtained or derived from information supplied by the Plan administrator and certified as complete and accurate by TD Ameritrade Trust Company from January to March 2020 and Matrix Trust Company from March to December 2020, the Trustees of the Plan.

(4) **Investments and Fair Value Measurements:**

The fair value measurement accounting literature provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(4) **Investments and Fair Value Measurements**: (Continued)

Level 2 – Inputs to the valuation methodology include: (1) quoted market prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market accounts – Valued at the NAV of shares held by the Plan at year end. The NAV is based on the underlying market value of the fund's investments and other assets less the liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize the assets of the Plan for which fair value is determined on a recurring basis:

Description	Quoted Prices (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Fair Value
December 31, 2020:				
Mutual funds	$ 856,944	$ -	$ -	$ 856,944
Money market funds	-	15,214	-	15,214
Total	$ 856,944	$ 15,214	$ -	$ 872,158
December 31, 2019:				
Mutual funds	$ 528,568	$ -	$ -	$ 528,568
Money market funds	-	10,097	-	10,097
Total	$ 528,568	$ 10,097	$ -	$ 538,665

(5) **Tax Status:**

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRC. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) **Parties-in-Interest:**

BlueStar Retirement Services provides recordkeeping and third-party administration services to the Plan. TD Ameritrade Trust Company and Matrix Trust Company provide trustee services the Plan. The aforementioned service providers qualify as parties-in-interest to the Plan.

(7) **Risks and Uncertainties:**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
