Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the People Against Dirty 401(k) Plan (the Plan) as of and for the year ended December 31, 2020, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a Department of Labor (DOL) limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified a certain deficiency in internal control we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

Frank Rimerman + Co. LLP is a member of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. In Appendix A, we have noted a certain deficiency we consider to be a significant deficiency in internal control.

In Appendix B, we have included communications we are required to communicate to those charged with governance. We are available to discuss these matters in greater detail if you desire.

This communication is intended solely for the information and use of the Plan's management, Plan administrator, and Plan sponsor, and is not intended to be and should not be used by anyone other than these specified parties.

We would like to take this opportunity to thank Plan personnel for their assistance during our audit.

Late Remittance of Participant Contributions

During our audit, we noted participant contributions and note repayments totaling $245 were not remitted to the Plan on a timely basis in 2020. The DOL has publicly commented it expects large plans like the Plan to remit contributions in less than the seven-business day safe harbor period provided to small plans. The DOL would consider these contributions to be late remittances. Late remittances are deemed non-exempt prohibited transactions with the Plan sponsor by the DOL and could jeopardize the Plan's tax status. We recommend the Plan refine procedures related to participant contributions and note payments to eliminate any future late remittances and comply with DOL regulations.

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. The Plan adopted ASU 2018-13, *Disclosure Framework: Changes to the Disclosure Requirements for Fair Value Measurement*, on January 1, 2020. This standard was adopted retrospectively and had no material impact on the Plan's net assets or changes in net assets. No other new accounting policies were adopted, and the application of existing policies was not changed during the year.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates may be particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. We noted no sensitive estimates used by management in the preparation of the Plan's financial statements.

Certain financial statement disclosures may also be particularly sensitive because of their significance to financial statement users. In April 2020, the Plan implemented certain provisions under the Coronavirus Aid Relief, and Economic Security Act (the CARES Act), allowing eligible participants to take COVID-19 related distributions. Additionally, in April 2020, the Plan implemented CARES Act provisions for note relief to allow delay of repayments on existing notes through December 31, 2021 and offer increased loan limits up to $100,000 for COVID-19 related notes. We noted no other sensitive disclosures in the Plan's financial statements.

The financial statement disclosures are neutral, consistent and clear.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements noted during the audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management or third-party providers in performing our audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting or auditing matter, whether or not resolved to our satisfaction, which could be significant to the Plan's financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We requested certain representations from management that are included in the management representation letter dated October 14, 2021.

Independence of Outside Auditors

Professional standards require outside auditors to be independent, in fact and in appearance, from the entities they audit. To the best of our knowledge, there are no circumstances or relationships between the Plan or Plan sponsor and Frank, Rimerman + Co. LLP that would impair our independence in reporting on the Plan's financial statements.

Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Issues Discussed Prior to Retention of Independent Auditors

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and we believe our responses were not a condition to our retention.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the People Against Dirty 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019 and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Trust Company, LLC (Great-West), the Plan' trustee, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Great-West holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Great-West as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan administrator by Great-West is complete and accurate.

An independent member of Baker Tilly International

Frank Rimerman + Co. LLP is a member of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Report on Supplemental Schedules

The supplemental schedules as of and for the year ended December 31, 2020, listed in the accompanying table of contents, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by Great-West, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

Method Products, PBC (the Company) established the People Against Dirty 401(k) Plan (the Plan), effective September 30, 2005, to provide participants with a means to fund their retirement on a tax-deferred basis. The Plan was amended and restated in July 2020, prior to which the Plan was last amended and restated in November 2019.

In September 2017, S.C. Johnson & Son, Inc. (the Acquirer) acquired the Company. This acquisition did not change the Plan sponsor or impact the Plan operations.

Effective October 1, 2017, the Plan was amended and restated to include eligible employees of People Against Dirty Manufacturing, PBC, a related entity of the Company.

Effective June 13, 2019, the Plan was amended and restated to provide a service credit for employees hired from Babyganics (formerly, KAS Direct, LLC, a related entity owned by the Acquirer). Effective November 12, 2019, the Plan was further amended and restated (the November Amendment) to, among other things, merge the KAS Direct, LLC Plan (the Babyganics Plan) into the Plan.

Effective May 28, 2020, the Plan was further amended and restated to adjust certain Plan provisions for a select group of employees (the Employees) hired from a company affiliated with the Acquirer, as described in the Plan amendment. In July 2020, following the Plan amendment, the Employees transferred $484,084 from the Acquirer's 401(k) plan into the Plan.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan under Sections 401(a) and 401(k) and related provisions of the Internal Revenue Code (the Code) and applicable state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the Plan sponsor and Plan administrator. The Plan is administered by a Plan Investment Committee, which consists of Company employees. Great-West Trust Company, LLC (Great-West), serves as the Plan's trustee, and Great-West Retirement Services is the Plan's record keeper. Great-West holds, invests and reinvests the Plan assets in the interest and direction of the participants and their beneficiaries. The Company has engaged LPL Financial LLC (LPL) as an investment advisor. LPL assists the Plan Investment Committee in selecting the investment options offered under the Plan and monitoring investment performance.

1. Description of the Plan (continued)

Eligible Participants:

Employees, as defined by the Plan agreement, may participate in the Plan on the first day of the month coinciding with or following their first day of employment.

Contributions:

Participants may contribute a percentage of their pre-tax and after-tax annual compensation, as defined, to the Plan agreement. Participants who have reached the age of 50 may also elect to withhold additional catch-up contributions under the Code. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollovers), subject to Code regulations.

The Plan has an automatic enrollment feature under which all eligible employees hired or rehired are automatically enrolled in the Plan and have 3% of their compensation deferred and contributed to the Plan, unless they request a different amount to be contributed or formally decline participation. After two years of participation in the Plan, the automatic deferral automatically increases 1% in each subsequent year of participation, to a maximum of 10%. Participants may adjust their deferral rate or discontinue their contributions at any time.

The Company and related entities may make discretionary matching contributions to the Plan, as determined by the entities' Boards of Directors. For discretionary matching contributions made, the Plan requires an annual true-up so the aggregate matching contributions made during any given Plan year reflects an amount equal to the matching contributions had they been computed based on participants' year-to-date eligible compensation contributed to the Plan. The Company and related entities made discretionary matching contributions of $2,356,355 in 2020, of which $437,374 was due at December 31, 2020.

Contributions are subject to certain limitations under the Code.

Participant Accounts:

Participant accounts are credited with participant pre-tax salary deferral and post-tax contributions, discretionary employer matching contributions, rollovers and an allocation of the Plan's net earnings or losses. Allocations are based on participant earnings or account balances, in accordance with Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may elect to invest their accounts in a variety of participant-directed investment options offered by the Plan that are designed to provide the participants with a wide range of investment options. A participant may authorize transfers among investment options at any time.

1. Description of the Plan (continued)

Vesting:

Participants are immediately fully (100%) vested in their contributions and all discretionary employer matching contributions made on the participant's behalf, plus actual earnings thereon (less any losses), except as noted below.

In connection with the November Amendment, vesting in any nonelective contributions transferred to the Plan from the Babyganics Plan, plus any allocated earnings (less any losses) are subject to a six-year graded vesting schedule under which participants vest at a rate of 20% after two years of service which increases 20% each year until participants become fully vested after six years of service.

Forfeitures:

The non-vested portion of a terminated participant's account balance is forfeited upon distribution of the vested account balance. Forfeitures are retained in the Plan and may be used to reduce employer matching contributions and/or pay Plan administrative and advisory expenses. No forfeitures of were used in 2020 to reduce employer matching contributions and $3,072 of forfeitures were available at December 31, 2020 ($2,045 at December 31, 2019).

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan agreement.

Participants may borrow up to one-half of their account balance up to $50,000 for a period not to exceed five years, except for notes used to purchase a primary residence for which terms of up to fifteen years are permitted. Participant notes are evidenced by a written note, secured by the balance in the participant's vested account, and bear interest at the prime rate, as published by The Wall Street Journal, plus 1.00%, on the day the note is granted. Interest rates on notes outstanding at December 31, 2020 ranged from 4.25% to 6.50%. Repayment of principal and interest is generally made through payroll deductions.

In April 2020, the Plan implemented Coronavirus Aid, Relief, and Economic Security Act (CARES Act) provisions for participant note relief to allow delay of repayments on existing notes through December 31, 2021 and offer an increased borrowing limit up to the lesser of $100,000, or the participant vested account balance, for COVID-19 related notes.

1. Description of the Plan (continued)

Payment of Benefits:

On termination of service, benefits are paid in a lump-sum cash distribution equal to the value of the participant's vested account balance or in regular cash installment payments of the participant's choice. The Plan may elect to distribute a terminated participant's account balance without the participant's consent if the balance is $5,000 or less. Any account balance greater than $1,000 distributed without participant consent and before the participant's normal retirement age, as defined by the Plan, is automatically rolled over to an individual retirement account on behalf of the participant. Benefits are recorded when paid.

In April 2020, the Plan implemented certain provisions under the CARES Act, allowing eligible participants to take COVID-19 related distributions. Through December 30, 2020, qualified participants were permitted to take a CARES Act distribution of up to $100,000 due to adverse financial consequences experienced from the COVID-19 pandemic. The Plan also waived its requirement for minimum required distributions to be made in 2020.

Plan Expenses:

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and, thus, are not separately disclosed in the financial statements. The fees related to certain advisory services as well as certain investment, account maintenance and note fees are charged to the Plan and allocated to participant accounts. All other administrative expenses related to the Plan are paid by the Company and are not reflected in the Plan's financial statements.

Risks and Uncertainties:

Participants may invest their account balances in a variety of investment options offered by the Plan. Investments are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment options offered by the Plan, it is at least reasonably possible changes in risk in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

The outbreak of the novel coronavirus continues to materially and adversely impact global commercial activity and contribute to volatility in financial markets. The outbreak is having, and will likely continue to have, a material adverse impact on economic and market conditions for the foreseeable future. This presents uncertainty and risk with respect to the Plan, its future performance, and its future financial results.

1. Description of the Plan (continued)

Plan Termination:

Although it has not expressed any intent to do so, the Company and related entities have the right under the Plan to discontinue their contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of a Plan termination, participants would become fully vested in their accounts and distributions would be made to participants as described in the Plan agreement.

2. Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments:

Investments consist of mutual funds and common/collective trusts. These investments are reported at fair value and accounted for as follows:

Mutual Funds: These funds are valued at the net asset value (NAV) of shares held by the Plan at year end based on quoted prices in active markets. It is not probable the funds will be sold at amounts that differ materially from the NAV of the shares held.

Common/Collective Trusts: The Plan's investments include nine common/collective trust funds (the Funds) and a stable value fund (the SVF) (collectively, the CCTs), for which there are no readily available market quotations. The CCTs are valued based on the net asset value (NAV) of each CCT's portfolio investments as provided by Great-West. The NAV is used as a practical expedient to estimate fair value and is based upon the units of the CCTs held by the Plan at year end multiplied by the respective unit value. The unit value is based on the fair value of the underlying investments, including direct and indirect interests in fully benefit-responsive contracts. The Funds may invest in mutual funds, U.S. and international stocks, fixed interest insurance investment contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds, and other fixed income securities.

2. Summary of Significant Accounting Policies (continued)

Investments: (continued)

Common/Collective Trusts: (continued) The SVF invests in high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks, and other financial institutions. The SVF also invests up to 75% of its assets in security-backed investment contracts, including separate account products of insurance companies. The SVF generally permits redemptions daily. If the SVF experiences periods of insufficient liquidity then the SVF may defer honoring any payment request until liquidity is sufficient. The Plan is permitted to redeem investment units at NAV on the measurement date.

Fair Value Measurement:

The Plan uses a three-level hierarchy for fair value measurement based on the nature of inputs used in the valuation of an asset or liability as of the measurement date. The three-level hierarchy prioritizes, within the measurement of fair value, the use of market-based information over entity-specific information. Fair value focuses on an exit price and is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs or methodology used for valuing financial instruments are not necessarily an indication of the risk associated with those instruments.

The three levels of the fair value hierarchy are as follows:

Level I: Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level II: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level III: Inputs to the valuation methodology, which are significant to the fair value measurement, are unobservable.

A financial instrument's categorization within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The Plan's mutual funds valued at fair value are classified as Level I and the Plan's CCTs valued at fair value are classified as Level II within the fair value hierarchy at December 31, 2020 and 2019.

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurement: (continued)

The Plan adopted Financial Accounting Standards Update (ASU) 2018-13, *Disclosure Framework: Changes to the Disclosure Requirements for Fair Value Measurement*, on January 1, 2020. ASU 2018-13 eliminated the disclosure requirements of the amount of, reasons for, and the policy on transfers between Level I and Level II of the fair value hierarchy and modified certain disclosure requirements related to Level III recurring and nonrecurring fair value measurement. This standard was adopted retrospectively and had no material impact on the Plan's financial statements or disclosures.

Income Recognition:

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on an accrual method of accounting. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on the Plan's investments bought, sold or held during the year.

3. Information Prepared and Certified by Great-West

Great-West, as the Plan's trustee, has certified the fair value of the following assets held at December 31, 2020 and 2019, and the net income for the year ended December 31, 2020 that were used in the preparation of the accompanying financial statements and supplemental schedules, as follows:

	December 31, 2020	December 31, 2019
Investments, at fair value	$ 33,925,966	$ 25,511,652
Notes receivable from participants	308,994	289,348
Total certified assets	$ 34,234,960	$ 25,801,000
Certified net income for the year ended December 31, 2020:	$ 4,871,045	

4. Party-In-Interest Transactions

The CCTs are managed by Putnam, which is a subsidiary of Great-West. As Great-West is the Plan's trustee, purchases and sales of these investments by the Plan qualify as party-in-interest transactions. Note receivable transactions with participants also qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

5. Nonexempt Prohibited Transactions

In 2019 and 2020, the Company did not remit participant contributions totaling $2,544 and $245, respectively, on a timely basis, as required by the DOL.

These late remittances are considered nonexempt prohibited party-in-interest transactions with the Plan sponsor that could jeopardize the Plan's tax-exempt status. In 2020, the Plan sponsor contributed lost earnings to the Plan for all late contributions, which is the estimated amount of investment income that would have been earned had the contributions been remitted timely.

6. Income Tax Status

The Plan is a prototype plan offered by Great-West Retirement Services. The Internal Revenue Service (IRS) has determined and informed Great-West Retirement Services by a letter dated March 31, 2014, that the plan submitted for review was qualified under applicable provisions of the Code. The Plan has been amended since receipt of the letter. However, the Plan and the Plan sponsor believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and related state statutes and is, therefore, qualified and the trust, which forms a part of the Plan, is exempt from federal and state income taxes.

GAAP requires Plan management to evaluate income tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain income tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the income tax positions taken by the Plan, and has concluded, at December 31, 2020, there are no uncertain income tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

7. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31:

	2020	2019
Net assets available for benefits per the financial statements	$ 34,672,334	$ 26,112,526
Less: Employer contributions receivable	(437,374)	(311,526)
Net assets available for benefits per Form 5500	$ 34,234,960	$ 25,801,000

The following is a reconciliation of the change in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2020:

Net increase in net assets available for benefits per the financial statements	$ 8,559,808
Less: Employer contributions receivable at December 31, 2020	(437,374)
Add: Employer contributions receivable at December 31, 2019	311,526
Net increase in net assets available for benefits per Form 5500	$ 8,433,960

8. Subsequent Events

Subsequent events have been evaluated through October 14, 2021, which is the date the financial statements were approved by the Plan and available to be issued.
