NOTE A - DESCRIPTION OF THE PLAN

The following description of Thayer Investments, LLC Collectively Bargained 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and Eligibility

The Plan, established on March 5, 2010, is a collectively bargained defined contribution plan that covers union employees who are members of a local union affiliated with the Communications Workers of America ("CWA") or the International Brotherhood of Electrical Workers (or any other union local) who are employees of Thayer Power and Communication Line Construction Co., Inc. (the "Plan Sponsor" or "Company") and work at least 1,000 hours over 12 consecutive months. There is no minimum age requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Each year, participants may contribute up to 4% of pre-tax annual compensation, as defined by the Plan, not to exceed the limits of Internal Revenue Code ("IRC") Section 401(k). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans.

The Plan Sponsor contributes 100% of the first 4% of eligible compensation for participants that are members of the CWA labor union, and 1% of eligible compensation for all other participants in the Plan. Additional profit-sharing amounts may be contributed at the option of the Plan Sponsor. There were no Plan Sponsor profit-sharing contributions for the year ended December 31, 2020.

A participant may elect to have his or her account invested in one or more of the investment funds established by the trustee of the Plan.

Participant Accounts

An account is maintained for each participant in the Plan, reflecting participant and Company contributions and allocations of the Plan's earnings and losses. Participants can direct investment of their account balances between the various investment options offered by the Plan. Participants can change their investment options or transfer funds on a daily basis. The Plan's investments include two pooled separate accounts that, in turn, invest in various mutual funds, to which participants can direct their account balances.

Vesting

Participants are always 100% vested as to their contributions and the Company's matching and profit-sharing contributions.

Participant Notes Receivable

Participants may borrow a minimum of $1,000 from their fund accounts up to a maximum of 50% of their total vested account balance not to exceed $50,000. The notes are secured by the balance of the participant's account and bear interest at the prime rate plus 1%. The life of a note may range from one to five years. If the note is for the purpose of acquiring a principal residence, the note must be repaid over a reasonable period of time. Principal and interest are paid ratably through weekly payroll deductions.

Payment of Benefits

Distributions from a participant's account are not permitted before age 59½ except in the event of death, hardship or termination of employment as defined in the Plan. Distributions may be made in the form of direct rollover or a lump sum cash distribution. Automatic cash out of participant account balances of $5,000 or less are permitted under the Plan at the time of termination.

Plan Termination

Upon complete or partial termination of the Plan or upon complete discontinuance of contributions by the Company, the participants' interests under the Plan, as of the date of termination, become fully vested and nonforfeitable. The Plan Sponsor has not expressed any intent to terminate the Plan or to discontinue contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Contributions

All contributions are recorded in the period during which the Plan Sponsor makes payroll deductions from the Plan participants' earnings.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

NOTE C - CERTIFIED INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Massachusetts Mutual Life Insurance Company (the "Custodian") has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Cash, investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019;
- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020; and
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent accountants did not perform any auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE D - FAIR VALUE MEASUREMENTS AND INVESTMENTS

Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled separate accounts ("PSAs"): Valued at the net asset value ("NAV") of units held. The NAV is primarily based on the fair value of the underlying mutual funds held by the PSAs. The mutual funds have a readily determinable fair value and published NAV and is the basis for current participant transactions.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2020 and 2019:

	Assets, at Fair Value December 31, 2020			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 1,526,666	$ -	$ -	$ 1,526,666

	Assets, at Fair Value December 31, 2019			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 1,527,596	$ -	$ -	$ 1,527,596

NOTE E - TAX STATUS

The Plan uses a prototype plan document sponsored by Walker Benefits LLC, which received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, which states that the prototype document satisfies the applicable requirements of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified, and the related trust established under the Plan is tax exempt as of the financial statement date; and no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Certain Plan investments are managed by Massachusetts Mutual Life Insurance Company, the Custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

NOTE G - RISKS AND UNCERTAINTIES

Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The novel coronavirus ("COVID-19"), which was declared a global health emergency in January 2020 and a pandemic in March 2020, has caused significant changes in political and economic conditions around the world, including disruptions and volatility in the global capital markets. The full impact of COVID-19 continues to evolve rapidly and its future impact on the Plan and the Plan's assets cannot be reasonably estimated as of the date of this report.

NOTE H - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 15, 2021, the date the financial statements were available to be issued and has determined that there were no subsequent events that have occurred through the date of the report to recognize or disclose in these financial statements.
