YHRKA Motors LLC 401(k) Plan
Notes to the Financial Statements
December 31, 2020 and 2019

NOTE 1: Description of the Plan

The following description of the YHRKA Motors LLC (“the Company”) 401(k) Plan (“the Plan”) provides only general information. Participants and other interested readers should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Termination of the Plan

On August 24, 2020, the Company signed a Plan Termination Distribution Agreement to terminate the Plan effective, August 14, 2020, in connection with the Company’s acquisition. All assets of the Plan were distributed to participants or transferred out of the Plan prior to December 31, 2020.

General

The Plan is a defined contribution profit sharing 401(k) plan established by the Company to provide retirement benefits to substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company has appointed the Voya Retirement Insurance and Annuity Company, (“Custodian”), as Custodian of the Plan. The Custodian is responsible for holding the investment assets of the Plan and making distributions according to the Plan’s provisions. In addition, the Custodian provides recordkeeping and reporting services for the Plan.

To be eligible to participate in the Plan, an employee of the Company must be 21 years old and have completed 83 hours of service within one month of service. The Plan allows eligible participants to enter the Plan on the first day of the following quarter upon reaching eligibility. Employees covered by a collective bargaining unit, leased employees and non-resident aliens are excluded from eligibility.

Contributions

Each year, eligible participants may contribute up to 100% of pretax and/ or after tax (Roth) annual compensation, as defined in the Plan and subject to internal revenue service (“IRS”) regulations. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Plan allows participants age 50 and older to make catch-up contributions.

The Company will make matching contributions to participating employees of 50% of the first 5% deferral elected on compensation a participant contributes to the Plan. The Company suspended employer matching contributions effective May 13, 2020, in response to the global pandemic. Additional profit-sharing amounts may be contributed at the option of the Company’s board of directors. A participant must complete 1,000 hours of service during the plan year and be employed on the last day of the plan year in order to be eligible for-profit sharing contributions. Employer matching, profit

sharing and QNEC contributions are allocated in a nondiscriminatory manner based upon participant's elective deferrals. No profit-sharing contributions were made for the years ended December 31, 2020 and 2019. If after receiving a notice from the Plan Administrator, a participant does not make an Elective Deferral Contribution election, they will be deemed to have made an Elective Deferral Contribution election of 3%.

Participant's Accounts

Each participant's account is credited with the participant's contributions, employer matching and QNEC contributions, and an allocation of profit-sharing contributions, rollover contributions and Plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. A participant's investment allocation for current and future contributions can be changed on any business day at the discretion of the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, QNEC and any rollover contributions plus actual earnings thereon. Participants, who leave the Plan because of death, early or normal retirement, or disability retirement, as defined in the Plan, are considered 100% vested. The Company's employer match and profit-sharing contributions and earnings thereon vest in accordance with provisions on the Plan as follows:

<u>Vesting Years of Service</u>	<u>Percentage Vested</u>
Less than 2 years	0%
2 year	20%
3 years	40%
4 years	60%
5 years	80%
6 years and above	100%

For purposes of determining the extent to which a participant is vested, a year of service is a consecutive twelve-month period in which the participant is credited with 1,000 hours of service.

Notes Receivable from Participants

Participants are allowed to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms are determined by the

Plan administrator but may not exceed five years, unless the loan is used to acquire a dwelling unit which has a maximum loan term of 30 years. These loans are secured by the balance in the participant's account. The loans bear interest at 4.50% - 6.25% at December 31, 2020, which is commensurate with prevailing rates. Principal and interest is paid ratably through payroll deductions. There were no loans in default at December 31, 2020 and 2019.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement, or termination of employment, as defined in the Plan agreement. The Plan provides for normal retirement at age 59 1/2. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment. The Plan allows for in-service distribution at the attainment of age 59 1/2. In-service distributions can only be made from accounts which are 100% vested.

Account balances of terminated participants with balances of \$1,000 or less will be subject to mandatory cash out as defined in the Plan. There were no amounts allocated to a participant that elected to withdraw from the Plan but had not been paid as of December 31, 2020.

Forfeited Accounts

At December 31, 2020 and 2019, the Plan had forfeited non-vested accounts of \$0 and \$3,384, respectively. Forfeitures (non-vested benefits) from terminated participants' accounts may be used to pay Plan expenses or reduce the Company's matching contributions, subject to the terms of the Plan. The Plan used \$4,088 of forfeited non-vested accounts to pay Plan expenses for the years ended December 31, 2020.

NOTE 2: Summary of Significant Accounting Policies

Basis of Accounting

As a result of the decision on August 24, 2020, to terminate the Plan effective August 14, 2020, and in accordance with accounting principles generally accepted in the United States of America, the Plan revalued its net assets to their liquidation value. The accompanying Statement of Net Assets Available for Benefits as of December 31, 2020 and the Statement of Changes in Net Assets Available for Benefits for the period ended December 31, 2020 are presented on that basis. The accompanying Statement of Net Assets Available for Benefits as of December 31, 2019 is presented on the ongoing plan basis of accounting.

NOTE 2: Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2: Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Pooled Separate Accounts are valued using the net asset value as a practical expedient which represents the price at which the Fund is able to initiate a transaction. These investments are excluded from the fair value hierarchy. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/ (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of September 30, 2020 and December 31, 2019.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and the administration of participant withdrawals

are charged directly to the participant's account and are included in administrative expenses. Investment related expenses may be included in net appreciation of fair value of investments.

Impact of New Accounting Standards and Interpretations

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, *Fair Value Measurement*. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting - Chapter 8: Notes to Financial Statements*, which the FASB finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. The adoption had no effect on the Plan's financial statements.

During 2019 and 2020, the Accounting Standards Board ("ASB") issued the following Statements on Auditing Standards ("SASs"), which are effective for audits of financial statements for period ending on or after December 15, 2021, with early adoption permitted:

- SAS No. 134, *Auditor Reporting and Amendments, Including Amendments Addressing Disclosures in the Audit of Financial Statements*.
- SAS No. 135, *Omnibus Statement on Auditing Standards*.
- SAS No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA*.
- SAS No. 137, *The Auditor's Responsibilities on Relating to Other Information Included in Annual Reports*.
- SAS No. 138, *Amendments to the Description of the Concept of Materiality*.
- SAS No. 139, *Amendments to AU-C Sections 800, 805 and 810 to Incorporate Auditor Reporting Changes From SAS No. 134*.
- SAS No. 140, *Amendments to AU-C Sections 725, 730, 930, 935 and 940 to Incorporate Auditor Reporting Changes From SAS Nos. 134 and 137*.
- SAS No. 141, *Amendment to the Effective Dates of SAS No. 134-140*.

SAS Nos. 134 and 136-140 are designed to enhance the communicative value of the auditor's report while aligning generally accepted auditing standards (GAAS) with the standards of the International Auditing and Assurance Standards Board and the PCAOB. The SASs are interrelated, because the ASB amended the auditor reporting model adopted in SAS No. 134 with the issuance of SAS Nos. 136-140. The Plan has not adopted and implemented these accounting principles and disclosures as of December 31, 2020.

Notes to the Financial Statements
December 31, 2020 and 2019

NOTE 2: Summary of Significant Accounting Policies (continued)

Subsequent Events

The Plan has evaluated subsequent events through October 8, 2021, the date the financial statements were available to be issued. Except as discussed in Note 10, there were no subsequent events that required recognition or disclosure in the financial statements.

NOTE 3: Information Certified by the Plan's Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation/depreciation in fair value of investments, interest and dividends for the years ended December 31, 2020 and 2019, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Custodian or agents thereto.

NOTE 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are adjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 4: Fair Value Measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan held no assets measured at fair value as of December 31, 2020. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019.

	Assets at Fair Value as of December 31, 2019			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total Fair Value</u>
Total assets at fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments using NAV as a practical expedient				\$5,781,877
Total assets at fair value				\$5,781,877

NOTE 5: Group Variable Annuity Contract with Transamerica Financial Life Insurance Company

The Plan entered into a traditional fully benefit-responsive group variable annuity contract with Voya Retirement Insurance and Annuity Company (VRIAC) totaling \$0 and \$289,354 for 2020 and 2019, respectively. VRIAC maintains the contributions in a general account which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. VRIAC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is reset based upon review and a variety of factors. Such interest rates are reviewed periodically for resetting. The crediting rate as of December 31, was 1.20%.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain withdrawal limitations are imposed on participant-initiated transfers between funds occurring within a twelve-month period. If the investment contract with the Custodian is discontinued, the value of the accounts will be paid at adjusted market value and liquidation charges may apply (liquidation value).

NOTE 6: Related Party Transactions and Parties-In-Interest Transactions

Certain Plan investments are shares in pooled separate accounts and the group annuity contract managed by the Custodian of the Plan. Accordingly, any related transactions qualify as party-in-interest transactions. The Custodian provides certain administrative services to the Plan and receives revenue from investment activity. The revenue is used to offset certain amounts owed to the Custodian for its administrative services to the Plan.

If the revenue received by the Custodian exceeds the amount owed under the custodial agreement, the Custodian remits the excess to the Plan. The Plan or Plan Sponsor may make payment to the Custodian for administrative expenses not covered by revenue sharing. The Plan may make direct payments to the third-party administrator and investment advisors which are not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the plan's operations.

NOTE 7: Tax Status

The IRS has reviewed and advised the Company by a letter dated March 31, 2014 that the form of the volume submitter Plan is acceptable in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan, as amended, is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt at the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9: Reconciliation of the Financial Statements to Form 5500

There were no reconciling items for 2020 between the financial statements and Schedule H of form 5500.

NOTE 10: Subsequent Events

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus (COVID-19) a global pandemic and recommended containment and mitigation measures worldwide. This has resulted in global and domestic investment market volatility. The Plan and Plan Administrator cannot reasonably estimate the length or severity of this pandemic, or the extent to which the disruption may materially impact the Statements of Net Assets Available for Benefits and Statements of Changes in Net Assets Available for Benefits in 2020.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was passed into law. The CARES Act expands the ability of certain 401(k) plan participants to withdraw, penalty free, funds from their vested retirement plan accounts, increases the participant loan limit, and delays loan repayments for up to one year, subject to the certain participant eligibility criteria. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has not elected to implement its provisions.
