The Plan is a defined contribution plan sponsored by FirstService Residential Minnesota, Inc. (the "Company" or "Plan Administrator"). The Company has appointed Associated Trust Company, N.A. (the "Trustee") to be the Trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and the Internal Revenue Code ("IRC"). The Plan also covers Gittleman Construction and Maintenance Corporation employees, a related employer.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law. The CARES Act provides a substantial stimulus and assistance package intended to address the impact of the Coronavirus ("COVID-19" or "COVID-19 pandemic") pandemic, including tax relief and government loans, grants and investments, and COVID-19-related relief for retirement plans and IRAs. In 2020, the Plan adopted COVID-19-related relief for retirement plans, specifically, relief for loan provisions, and distributions, which are discussed in more detail below.

Eligibility

Non-union employees are eligible to participate in the Plan immediately upon employment, which is the effective date. A participant must complete and sign an application form authorizing contributions to the Plan from the participant's pay.

To be eligible for discretionary matching contributions a participant must complete one hour of service during the first two months of employment and be 21 years of age. After satisfying the service and age requirement, a participant will qualify for the match on the first day of each calendar month coinciding with the satisfaction of the service and age requirements.

Contributions

Participating employees may contribute a percentage of their pretax annual compensation as defined in the Plan. Participants are also allowed to make Roth 401(k) deferrals. Participants may contribute up to 100% of annual compensation.

Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Plan also allows catch-up contributions.

Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary matching contributions. During 2020, the Company made discretionary matching contributions for eligible participants of 40% of the first 6% of employee contributions.

All contributions are subject to certain limitations under the IRC.

Participant Accounts

Each participant's account is credited with the participant's contribution, rollover contributions, the Company's matching contributions, and an allocation of the Company's discretionary profit sharing contribution, and Plan earnings (losses). Allocation of profit sharing contributions is based on compensation. Earnings (losses) are allocated based on participants' account balances, as set forth in the Plan. Participants are also charged with an allocation of administrative expenses either proportionately based on the value of the account or as an equal amount based on number of participants in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (Continued)

Investment Allocation

Assets of the Plan are held in various funds as determined by the Plan. All accounts are participant directed. Participants may change their investment allocation daily.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The Company's contributions are subject to a graded vesting schedule and are fully vested after three years of service. The vesting schedule is only applied to those participants entered into the Plan on or after January 1, 2020. Participants entered into the Plan before January 1, 2020 are fully vested in all employer matching contributions.

Payment of Benefits

Distributions to terminated, disabled, or retired participants are made in the form of a single lump sum or installment payment to the participant (or in the case of death, to the participant's beneficiary) equal to the value of the participant's vested account. Distributions may also be made in the form of hardship withdrawals that may be subject to early withdrawal penalties. In-service distributions are allowed under the Plan upon attainment of age 59½. Certain mandatory distribution provisions may apply for smaller account balances of terminated employees.

Pursuant to the CARES Act, as amended in the Plan, Plan participants were permitted to take coronavirus-related distributions in an amount up to $100,000 of the participant's vested balance from the Plan, with repayment terms of up to three years, in accordance with the CARES Act. The ability to request special coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms are generally for up to five years unless the loan is for the purchase of a primary residence, in which case the term can be up to fifteen years. The loans are secured by the balance in the participant's account and bear interest at a rate of 2% above prime rate as determined by the Plan Administrator. The rate used for loans ranges between 5.25% and 7.50%. The loans have maturity dates through September 2035. Principal and interest are paid ratably through payroll deductions.

Pursuant to the CARES Act, as amended in the Plan, Plan participants could elect to defer loan repayments that occurred between March 27, 2020 and December 31, 2020. The ability to request to defer loan repayments under the CARES Act ceased as of December 31, 2020. As part of the amendment, the Plan also allowed for loans to be borrowed up to the lesser of $100,000 or 100% of an impacted participant's vested balance for 180 days, which began on March 27, 2020.

2. Summary of Significant Accounting Policies

Accounting Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the changes therein, and the disclosure of contingent assets and liabilities. The most significant estimate relates to the valuation of investments. Actual results could differ from those estimates; the effects could be material.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (that is, not a forced liquidation or distressed sales) at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses on investments bought and sold during the year, as well as unrealized gains and losses on investments held during the year are presented in the net depreciation in fair value of investments.

Payment of Benefits

Benefit payments are recorded when paid.

Contributions

Employee contributions are recorded by the Plan in the period the employer makes the payroll deductions. Employer match contributions are recorded in the same period as the participant contributions. Discretionary employer contributions are recorded in the period the Company authorizes the profit sharing contribution.

Administrative Expenses

The Plan is responsible for paying administrative expenses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Fair Value of Financial Instruments

The Plan's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the Financial Accounting Standards Board (FASB) fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- Level 2 Inputs are inputs other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs are unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Plan uses valuation techniques in a consistent manner from year to year.

2. Summary of Significant Accounting Policies (Continued)

Fair Value of Financial Instruments (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2020 and 2019.

- Shares of registered investment companies - mutual funds are valued at the net asset value of shares held by the Plan at year end using quoted market prices.
- The investments in common collective trust funds are stated at fair value based on the fair market value of the underlying investments. The underlying investments are primarily domestic and international stocks, U.S. Treasuries, and bonds. Net asset value (NAV) practical expedient is determined each business day by the Trustee. Participant redemptions can be transacted daily with a one day redemption notice period. There are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Subsequent Events

The Plan has evaluated subsequent events for recording or disclosure in the financial statements through October 12, 2021, the date which the financial statements were available to be issued.

3. Fair Value Measurements

The following tables provide information on those assets that are measured at fair value on a recurring basis:

4. Limitation on Scope of Examination

The Plan Administrator has elected the method of compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed its independent auditors not to perform, and they did not perform, any auditing procedures with respect to registered investment companies - mutual funds, common collective trusts, notes receivable from participants, interest and dividend income, net appreciation in fair value of investments and the information included in the supplemental schedules, except for comparing the information with the related information included in the financial statements and the supplemental schedules.

5. Party-In-Interest Transactions

Certain Plan investments (primarily the common collective trust funds) are issued by Associated Trust Company, N.A. Associated Trust Company, N.A. is the Trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid to the Trustee by the Plan for investment management services amounted to approximately $68,000 for the year ended December 31, 2020. Notes receivable from participants also qualify as party-in-interest transactions. The ERISA of 1974 provides an exemption for such transactions.

6. Tax Status

The Plan adopted a volume submitter plan of the Trustee which obtained an opinion letter on May 8, 2015, in which the Internal Revenue Service stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since the volume submitter plan received the opinion letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Due to the tax exempt status of the Plan, the Plan does not have any significant tax uncertainties that would require recognition or disclosure. None of the Plan's previously filed tax returns are currently being examined. The Plan Administrator believes it is no longer subject to income tax examinations for the years before 2017.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. In addition, on January 30, 2020, the World Health Organization declared the COVID-19 outbreak a "Public Health Emergency of International Concern" and on March 11, 2020 declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will continue to occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

8. Plan Termination

Although the Plan has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their Employer contributions, and the Plan assets will be distributed according to the provisions of the Plan documents.
