SOUTHERN EAGLE DISTRIBUTING, INC. 401(K) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2020 and 2019

(1) Description of Plan

The following description of the Southern Eagle Distributing, Inc. 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

(a) General

The Plan, which commenced on January 1, 1989, is a defined contribution retirement plan covering substantially all employees of Southern Eagle Distributing, Inc. (Sponsor) and its participating affiliate, Prost Beverage, LLC, who have attained the age of 18 and have completed three months of service. Employees are eligible to enter the Plan on the first day of the month following the completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) was enacted into law. The CARES Act includes provisions that provide for changes to retirement plans, including providing for special COVID-19 related distributions of up to $100,000, COVID-19 related loans of up to $100,000, deferment of loan repayments for one year, and suspension of required minimum distributions for 2020.

(b) Contributions

Participants may contribute up to 80% of their pretax compensation, as defined in the Plan Agreement, subject to certain IRS limitations. The Plan also allows employees to elect Roth after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified plans. In accordance with the Plan Agreement, the Sponsor made matching contributions for the years ended December 31, 2020 and 2019 equal to 50% of the first 10% of the employee's Elective Deferral. In addition, the Plan Agreement provides for discretionary non-elective contributions, however, there were none in 2020 or 2019. Participants direct the investment of their contributions into various investment options offered by the Plan.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Sponsor's contribution, the Plan's earnings, and expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(Continued)

SOUTHERN EAGLE DISTRIBUTING, INC. 401(K) RETIREMENT PLAN

Notes to Financial Statements

(d) Vesting

Participants are immediately 100% vested in their voluntary and rollover contributions plus or minus actual earnings or losses thereon. Vesting in the Sponsor's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested at the normal retirement age of 65, death, disability, and after five years of credited service as follows:

Years of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to the maximum, when aggregated with all outstanding loans of the participant from the Plan, equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's vested interest in the assets of the Plan and bear a reasonable rate of interest at prime plus 1% unless the Administrator determines otherwise. Loans are to be repaid in level installments of principal and interest over a term not to exceed 5 years unless the loan is to acquire a principal residence for the Participant where the repayment schedule is not to exceed 30 years. During 2020 and 2019, the interest rates charged ranged from 4.25% to 6.5%, and from 4.5% to 6.5%, respectively.

(f) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or in substantially equal installments over a period of time as specified by the Plan. Participants may withdraw certain amounts from the Plan under hardship withdrawal provisions or upon reaching the age of 59 ½ years while employed with the Sponsor.

(g) Forfeitures

Forfeited non-vested accounts, inclusive of investment earnings, may be used to pay administrative expenses or reduce future Sponsor contributions. As of December 31, 2020 and 2019, the Plan had $76 and $225 in forfeited non-vested accounts, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The Plan's financial statements are prepared using the accrual basis of accounting.

(Continued)

(b) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are valued at contract value, as discussed below. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are reported at contract value, which is the relevant measurement attribute to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade date basis. The net appreciation in fair value of investments, which reflects the net unrealized appreciation, interest, dividends, and realized gain on investments, is reflected within the statements of changes in net assets available for plan benefits.

(c) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

(d) Payment of Benefits

Benefits are recorded when paid.

(e) Administrative Fees and Expenses

Administrative fees and expenses may be paid from either Plan forfeitures or by the Sponsor. Loan administrative expenses are paid from the individual borrowing participant's Plan account.

(f) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets during the reporting period. Actual results could differ from those estimates.

(Continued)

(g) Risks and Uncertainties

The Plan invests in various investment funds that are subject to various risks that determine the value of the fund. Due to the level of risk associated with certain financial instruments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in market conditions in the near term could materially affect participant's account balances and the value of investments reported in the financial statements.

During March 2020, the World Health Organization declared the COVID-19 outbreak a pandemic, which has impacted the financial markets and global economy. The COVID-19 pandemic is still on-going and the duration and extent of the related financial impact on the Plan's net assets available for benefits and changes in net assets available is uncertain and cannot be reasonably estimated at this time.

(3) Investments (Unaudited)

The Plan's Sponsor has received certifications as to the accuracy, completeness, and valuation of investments and related investment activity from Principal Life Insurance Company, the trustee, as of and for the years ended December 31, 2020 and 2019.

Investments as of December 31, 2020 and 2019 are participant-directed and consist of the following:

		2020	2019
Investments at fair value:			
Mutual funds	$	1,232,907	1,007,742
Pooled separate accounts		1,083,788	648,340
Common collective trusts		5,231,925	4,601,359
Total	$	7,548,620	6,257,441
Investments at contract value – Principal Fixed Income Guaranteed Option Account	$	1,304,090	866,576

The Principal Fixed Income Guaranteed Option Account is a fully benefit-responsive investment contract with Federated Investors Trust Company (Federated). The average yield earned by the account and credited to participants was 1.6% and 1.9% as of December 31, 2020 and 2019, respectively. During the years ended December 31, 2020 and 2019, interest income of $13,147 and $11,921, respectively, was earned by the account.

Certain events limit the ability of the Plan to transact at contract value with Federated. Such events include mergers, mass layoffs, plan terminations, implementation of early retirement incentive programs, or other events within the control of the Plan Sponsor resulting in a material and adverse financial impact on the fund. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probably of occurring.

Notes to Financial Statements

(4) Fair Value of Investments

The Plan follows the provisions of the Fair Value Measurements and Disclosures Topic of the FASB ASC, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds and pooled separate accounts – Valued either at quoted market prices, which represent the net assets value of shares held by the Plan at year end, or indirectly at quoted market prices and as adjusted for an accumulation of fund earnings, which collectively represent the accumulated asset value of shares held by the Plan at year end.

Common collective trust – Valued at net asset value of shares of the underlying investments held by the fund manager at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(Continued)

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

(5) Party-In-Interest Transactions

The Plan pays administrative expenses to Principal Trust Company, an affiliate of Principal Life Insurance Company, for investment management services, therefore these transactions qualify as party-in-interest. These expenses amounted to $43,819 and $44,615 for the years ended December 31, 2020 and 2019, respectively, and are recorded as administrative expenses.

(6) Tax Status

The Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and is exempt from Federal income taxes. The Plan is based on a prototype plan sponsored by EJReynolds, Inc., which has received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014.

The Plan is subject to routine audits by various taxing jurisdictions. The Plan's open audit periods are 2017 through 2020.

The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.
