NOTE 1 – DESCRIPTION OF PLAN

The following description of the Kord Technologies, Inc. 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan Sponsor, Kord Technologies, Inc. (Company), established the Plan effective as of October 1, 2006. The Plan, as amended, is a defined contribution plan covering all non-leased and non-union employees of the Company who are age twenty one or older, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Sponsor is responsible for the oversight of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Sponsor.

Plan Merger – Effective December 31, 2020, Plan Management of Kord Technologies, Inc. approved the merger of this Plan into the Centauri, LLC 401(k) Plan with Charles Schwab Trust Bank. As a result of Kord Technologies, Inc. merging with Centauri, LLC, all assets were transferred from the Plan into a new plan on that date.

Contributions – Participants may make salary – deferred contributions to the Plan up to 100% of their pretax annual compensation as defined by the Plan, not to exceed the annual limits imposed by the Internal Revenue Service (IRS). Participants may elect to make all pretax deferrals, all Roth deferrals, or a combination of deferrals each pay period. Contributions from employees are recorded and remitted in the period in which the Company makes the deductions from the participants' payroll. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds as investment options for participants. The Company contributes a safe-harbor contribution to the Plan on behalf of each participant in an amount equal to 100% of the first four percent of eligible compensation, contributed to the plan as deferral contributions. The Company may also contribute a discretionary contribution to the Plan in an amount equal to a percentage of the participant's regular pretax annual compensation. For the year ended December 31, 2020, $1,156,919 in matching contributions were made by the Employer. There were no discretionary contributions made during 2020.

Participant Accounts – Each participant's account is credited with the participant's contributions and Company matching & profit sharing contributions (if any), as well as allocations of Plan earnings, and is charged with an allocation of certain administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions and employer matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution and profit sharing contribution portions of participant accounts is based on years of service, as defined. A participant is 100% vested after three years of credited service.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or one-half of their vested account balance. The notes receivable from participants are secured by the balance in the participant's account and bear interest at a rate of 1% above the prime rate, which is commensurate with local prevailing rates as determined by the plan administrator. Participants may only have one outstanding note at any time. Principal and interest are paid ratably through payroll deductions.

Effective April 2020, the Plan adopted the temporary loan repayment deferral provision of the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The deferral provision adopted by the Plan allows qualified Plan participants who have loan repayments to defer such repayments until December 31, 2020.

Payment of Benefits – On termination of service due to death, disability, retirement or other reasons, a participant with a vested balance equal to or less than $5,000 may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A participant with a vested balance exceeding $5,000 may elect to receive a lump-sum distribution, direct rollover, or partial withdrawals or installments but only with respect to minimum required distributions over a period of not more than the participants assumed life expectancy. In addition, distributions to participants on account of financial hardship may be made in certain circumstances limited under the terms of the Plan.

The Plan also adopted the provision of the CARES Act related to distributions. The provision allowed the Plan's participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020.

Forfeitures – At December 31, 2020 and 2019, forfeited non-vested accounts totaled $-0- and $11,287, respectively. These amounts may be used to pay for future Plan expenses or to offset future employer contributions. Also, in 2020, administrative expenses were reduced by $1,800 from forfeited nonvested accounts.

Plan Amendments – Effective October 2019, the Plan was amended and restated to comply with the requirements of the final regulations under the applicable Code sections.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are treated as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payments of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events – The Plan has evaluated subsequent through October 15, 2021, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED AND PROVIDED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements. All of the investments, net appreciation in fair value of investments, dividend and interest income, schedule of assets (held at year end) and notes receivable from participants and related income in this Plan were certified by Fidelity Management Trust Company as of December 31, 2020 and 2019. During 2020, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $3,147,300. During 2020, the Plan's notes receivable earned interest of $12,722.

NOTE 4 – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. These funds will settle within industry standard settlement periods and there are no unfunded commitments.

Money Market Funds: Valued at the daily closing price as reported by the fund.

Collective investment fund: Unit prices are valued at net asset value per share based on quoted market prices of underlying investments. The unit prices are not publicly available and units are not publicly traded. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily, and the redemption notice period is daily. The only trading restrictions would apply to transfers into an investment fund in the event that a sponsor or participant engages in trading patterns that are detrimental to the account or underlying investment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ -	$ -	$ -	$ -
Money Market	-	-	-	-
Total assets in the fair value hierarchy	-	-	-	-
Investments measured at net asset value				
Investments at fair value	$ -	$ -	$ -	$ -

Assets at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 16,873,458	$ -	$ -	$ 16,873,458
Money Market	514,884	-	-	514,884
Total assets in the fair value hierarchy	$ 17,388,342	$ -	$ -	17,388,342
Investments measured at NAV:				
Collective Investment Fund (a)				119,072
Total Investments at fair value				$ 17,507,414

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

There were no transfers in or out of levels 1, 2, and 3.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020, and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective Investment Fund	$ -	N/A	Daily	12 months

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective Investment Fund	$ 119,072	N/A	Daily	12 months

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

During 2020, certain Plan investments were shares of funds managed by Fidelity Management Trust Company. Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as parties in interest to the Plan. Fees of $3,406 were paid to Fidelity Management Trust Company by the Plan during the year ended December 31, 2020 and are included in net appreciation in fair value of investments.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and the Employer will direct the distribution of accounts in a manner permitted by the Plan as soon as practicable.

NOTE 7 – TAX STATUS

The Plan has adopted a volume submitter plan sponsored by Fidelity Management Trust Company. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal, state or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31 to the Form 5500:
