INTERPLAN LLC PROFIT SHARING 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Interplan, LLC (the "Company") Profit Sharing 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan originally effective January 1, 2001. The Plan has been amended throughout the years to comply with tax legislation and was most recently amended and restated effective January 1, 2016. The Plan covers all employees of the Company who have two months of continuous service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and various provisions of the Internal Revenue Code ("IRC").

Contributions – Participants are permitted to contribute up to 100% of their compensation in the form of elective (pretax or Roth 401(k)) contributions up to the Internal Revenue Code limit. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Company may make a matching contribution equal to a discretionary percentage of salary deferrals, as determined each year by the Company. The Company made a contribution of an amount equal to 50% of the first 4% of the employees' elective deferral for the year ended December 31, 2020, with the exception of two pay dates in April, 2020 and May, 2020.

Investment Options - Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a fully benefit-responsive insurance investment contract as investment options for participants.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service or upon reaching normal retirement age, death, or permanent disability.

Participant Loans – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 (reduced by the excess of an employee's highest outstanding loan balance during the 12 month period ending on the date of the loan over the current outstanding loan balance on the date of the loan) or 50% of their vested account balance. The loans are secured by no more than 50% of the vested balance in the participant's account and bear interest at a reasonable rate. Principal and interest is paid ratably through payroll deductions within five years unless used to purchase a primary residence, in which case they may be repaid within 10 years.

Payment of Benefits – If the vested account balance does not exceed $5,000, then the balance may only be distributed in a single lump-sum payment. If the balance exceeds $5,000, the participant can elect to receive a distribution in a single lump-sum payment or elect to postpone distribution until normal retirement age (or age 62 if later).

INTERPLAN LLC PROFIT SHARING 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeited Accounts – Forfeitures are used to pay plan expenses or reduce future employer contributions. During the year ended December 31, 2020, amounts paid from forfeited non-vested accounts included $9,590 to reduce employer contributions and $2,510 to pay plan expenses. At December 31, 2020 and 2019, there was a balance of $1,580 and $35 in the forfeited non-vested accounts, respectively.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. The modified cash basis of accounting differs from generally accepted accounting principles for the Plan primarily since liabilities of the Plan are not accrued. Accordingly, the accompanying financial statements are not intended to present financial position and results of operations in conformity with generally accepted accounting principles. The modified cash basis of accounting for the Plan is equivalent to the modified accrual basis prescribed by the Form 5500.

Use of Estimates - The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan's administrator and trustee to make estimates and assumptions that effect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Date of Management's Review - In preparing these financial statements, the Plan's administrator and trustee have evaluated events and transactions for potential recognition or disclosure through October 12, 2021, the date that the financial statements were available to be issued.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value, except for the fully benefit-responsive Investment Contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment gain or loss includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account. As of December 31, 2020 and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (continued)

Administrative Expenses – The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses relating to specific participant transactions (participant loans and distributions) are charged directly to the participant's account.

NOTE 3 – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds – Valued at the daily closing price as reported by the fund. The funds are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Investments at Fair Value as of	
	December 31, 2020	December 31, 2019
	Level 1	Level 1
Mutual Funds	$ 7,014,220	$ 6,127,208

NOTE 4 - INVESTMENTS

The Plan has contracted with Transamerica Financial Life Insurance Company to invest the assets of the Plan and maintain participant account records. Participants can direct which account(s) their contributions are to be invested in and may change investment vehicles at any time.

The investment information included in the accompanying financial statements and supplemental schedule has been certified by Transamerica Financial Life Insurance Company as complete and accurate. Incorporation of their financial information in the accompanying financial statements and supplemental schedules is based solely on that certification.

During the year ended December 31, 2020, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,010,000.

NOTE 5 – STABLE VALUE ADVANTAGE OPTION

The Stable Value Advantage Option is a non-tradable obligation of Transamerica. Because The Stable Value Advantage Option meets the criteria to be fully-benefit responsive, contract value is the relevant measurement attribute. The Stable Value Advantage Option is included in the statements of net assets available for benefits at contract value as reported to the Plan by Transamerica Financial Life Insurance Company. Contract value represents contributions made under the Contract, plus investment income credited to the Contract based on contract rates currently earned by Transamerica Financial Life Insurance Company, less funds used to make benefit payments to participants and to pay administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The investment's contract or proceeds cannot nor will not be assigned or sold to another party without the consent of Transamerica. The repayment of principal and interest credited to participants holding the investment is a financial obligation of Transamerica. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable, the Stable Value Advantage Option may no longer be considered fully benefit-responsive. All permitted participant-initiated transactions involving the investment occur at contract value with no conditions, limits, or restrictions. Permitted participant-initiated transactions are those allowed by the Plan. Since the Stable Value Advantage Option investment choice is an obligation of Transamerica, the occurrence of an event that limits the ability of the investment to transact at contract value between Transamerica and a participant holding the investment is not probable. The Stable Value Advantage Option investment choice allows a participant reasonable access to their assets.

Prior to January 1st and July 1st the effective annual rate of interest is established for the corresponding six month period. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six month period. There is no stated minimum or maximum interest rate for the Stable Value Advantage Option.

NOTE 8 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe the Plan is qualified and the related trust is tax-exempt.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Transamerica. Transamerica Retirement Services has entered into a Servicing Agent Agreement for Trustee Services with Transamerica Financial Life Insurance Company and, therefore, these transactions qualify as party-in-interest. Fees paid to the trustees by the Plan for administrative services were $60,806 for the year ended December 31, 2020.
