Report of Independent Auditors

To the Administrator of Makino MOTE 401(k) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Makino MOTE 401(k) Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020 and 2019 and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2020 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Makino MOTE 401(k) Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

1. Description of the Plan

The following description of the Makino MOTE 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees (as defined) of Makino Inc. (the “Company”) not covered under a bargaining unit agreement. All such employees are eligible on their first day of service and enrolled on the first day following of the quarter starting after the employee became eligible. The Plan is administered by the Company through its Retirement Committee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Recordkeeper and Trustee

The Company entered into an agreement with Principal Life Insurance Company (“Principal Life”), a member of Principal Financial Group, to provide an array of core services, most notably recordkeeping, transaction processing and compliance testing. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (“Principal Trust”), also a member of Principal Financial Group, is the trustee of the Plan and has the authority to invest and control all contributions made to it under the Plan.

Contributions

Participants may contribute up to 100% of annual compensation to the Plan either in pre-tax or Roth deferrals, subject to Internal Revenue Code (“IRC”) limitations. Participants attaining at least age 50 during the Plan year are eligible to contribute additional “catch-up” contributions to the Plan. The Company contributes 100 percent of each participant’s elective deferrals not exceeding three percent of the participant’s compensation, plus 50 percent of each participant’s elective deferrals in excess of three percent but not in excess of five percent of the participant’s compensation.

Participant Accounts

Each participant’s account is credited with the participant’s voluntary contribution, the Company’s matching contribution and Plan earnings. Allocations of Plan earnings are based on the investment options selected by the participant and their related account balance. Participants may reallocate their investments at any time during the year. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Certain plan investments generate revenue sharing that is maintained in a separate account and is used to pay eligible expenses. Principal Trust performs a calculation to allocate funds on a participant level basis. Total revenue sharing is \$12,378 and \$0 for the years ended December 31, 2020 and 2019, respectively.

Vesting

Participants are immediately vested in their contributions, employer contributions, and the earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant’s account and bear interest at the prime rate plus 2%, which is commensurate with local prevailing rates as determined by the Plan administrator. Interest rates on outstanding loans ranged between 5.25% and 7.50% at December 31, 2020 and 2019. A participant may only have one outstanding loan at any one time and loan terms may not exceed five years, unless the loan is used for the purchase of a primary residence.

Makino MOTE 401(k) Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

During March 2020, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was signed into law. The CARES Act temporarily increased the maximum thresholds for retirement plan loans under IRC Section 72(p) to the lesser of: (1) \$100,000 (increased from \$50,000), or (2) 100% (increased from 50%) of the present value of the participant's vested account balance. This was only available for plan loans made during the period from March 27, 2020 to September 22, 2020. The CARES Act also provided relief to qualified participants with outstanding plan loans (on or after March 27, 2020) by allowing for a suspension of the loan payments (due from March 27, 2020 through December 31, 2020). During the suspension period, interest continued to accrue. The term of the loan could be extended for a period of up to one year without violating the original term period.

Payment of Benefits

Participants become eligible for benefit payments upon separation of service due to death, disability, retirement, or termination. Benefit payments are made as a lump-sum amount equal to the value of the participant's account. The Plan allows withdrawals prior to termination of employment after a participant has attained the age of 59 ½. This distribution is limited to the balance of the participant's salary deferral accounts.

Participants may not withdraw any amounts in the matching contribution accounts. The Plan also allows for a "financial hardship" withdrawal of before-tax contributions for participants under age 59½ years in case of demonstrated "financial hardship", as defined by the Plan document.

Under the CARES Act, certain qualified participants impacted by COVID-19 could take penalty-free distributions, not to exceed \$100,000 during the taxable year between January 1, 2020 and December 31, 2020. Additionally, COVID-19 related distributions were not subject to the 20% federal tax withholding, but were subject to a 10% federal tax withholding requirement with the option to spread the applicable income tax resulting from the COVID-19 distribution over a 3 year period. Finally, the CARES Act allowed a participant who obtains a distribution to repay the distribution to an eligible retirement plan within the three-year period following the distribution to defer taxation.

Expenses of the Plan

All administrative expenses are paid by the Plan unless the Company elects to pay such expenses. Investment-related expenses are included in net appreciation in fair value of investments on the accompanying Statements of Changes in Net Assets Available for Benefits.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for the fully benefit-responsive investment contract, which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for

Makino MOTE 401(k) Savings Plan

Notes to Financial Statements

December 31, 2020 and 2019

that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As such, the guaranteed fund contract is stated at contract value on the accompanying Statements of Net Assets Available for Benefits.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If any scheduled loan repayment is not made by the end of the calendar quarter following the calendar quarter in which the missed payment was due, the Plan administrator deems the participant loan to be in default. Defaulted participant loans are reclassified as distributions based upon the terms of the Plan document.

Employee Contributions

Employee contributions are made through regular payroll deductions and are paid into the Plan each payroll period along with corresponding Company matching contributions.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amount of net assets available for benefits as of the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

3. Fair Value Measurements

Fair value is defined as the price that will be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is based on a three-level hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |

Notes to Financial Statements

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – Valued at quoted market prices of shares held by the Plan at year-end. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Pooled separate accounts (“PSAs”) – Valued based on the NAV of the accounts’ underlying investments using information reported by the investment advisor. The NAV of these investments is determined using the market value or fair value of the underlying securities if market data are unavailable. The PSAs are invested in a broad mix of underlying mutual funds. In order to prevent excessive or abusive trading, the Company may prescribe rules that limit the number of transfers that participants can make between funds.

Self-directed brokerage accounts – Valued based on the accounts’ underlying investments, which consist of publicly traded mutual funds, money market funds and exchange-traded funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value at December 31, 2020 and 2019:

value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The following table summarizes investments measured at fair value based on NAV, as a practical expedient, per share as of December 31, 2020 and 2019:

4. Guaranteed Fund Contract

The Plan maintains a guaranteed fund contract with Principal Life. The account is credited with a stated rate of return and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value.

As described in Note 2, because the guaranteed fund contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed fund contract. Contract value, as reported to the Plan by Principal Trust, the trustee and custodian of the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rates for the years ended 2020 and 2019 were 2.30% and 2.35%, respectively. There is no minimum rate of return stated in the contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents or change in administrative practices which could adversely affect issuer's financial experience, (2) operation of competing investment options, or (3) the creation of another savings program, pension or profit sharing plan which Plan participants are eligible to contribute by payroll deduction. The Plan administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

5. Tax Status

The Internal Revenue Service ("IRS") has issued an opinion letter dated March 31, 2014, stating that the form of the volume submitter plan used by the Plan is acceptable under Section 401 of the IRC. Although the Plan has been amended since the opinion letter was issued, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the Plan's tax positions, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial

Notes to Financial Statements

statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress, and the Plan believes it is no longer subject to income tax examinations for years prior to 2017.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants who are not already fully vested will become fully vested in the employer contributions portion of their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and restricted in such a manner as the Company may determine.

7. Certified Information

The Plan administrator has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust has certified that the following information included in the accompanying financial statements as of December 31, 2020 and 2019 and for the years then ended, and supplemental schedule as of December 31, 2020 is complete and accurate:

	2020	2019
Statements of Net Assets Available for Benefits		
Investments, at fair value	\$ 95,790,973	\$ 91,580,767
Investments, at contract value	13,394,898	13,095,275
Notes receivable from participants	712,378	866,903
Statements of Changes in Net Assets Available for Benefits		
Net appreciation in fair value of investments	14,584,644	14,603,925
Interest and dividend income	499,566	3,899,980
Interest income on notes receivable from participants	53,956	59,129

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The outbreak of the novel coronavirus, or COVID-19, severely impacted global economic activity and caused significant volatility and negative pressure in the financial markets, and it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Related-Party Transactions

Certain Plan investments are shares of mutual funds and pooled separate accounts managed by Principal Trust. The Plan also holds a guaranteed fund contract through Principal Life. Principal Trust and Principal Life are the trustee and recordkeeper, respectively, for the Plan and therefore,

Notes to Financial Statements

these transactions qualify as party-in-interest transactions. In addition, the Company provides certain accounting, recordkeeping and administrative services to the Plan for which it is not compensated.

10. Subsequent Events

The Plan administrator evaluated its December 31, 2020 financial statements for subsequent events through October 15, 2021, the date the financial statements were available to be issued. The Plan administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
