GUIDEPOINT GLOBAL, LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2020

1. Description of Plan

The following description of the Guidepoint Global, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established on January 1, 2007 to provide benefits to all salaried non-union employees of Guidepoint Global, LLC (the "Company") who have reached the age of 21 and have completed one day of service. It is subject to the provisions of the Employee Retirement Income Security Act ("ERISA"). The Trustee is responsible for the oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Trustee.

Contributions – Each year, participants may contribute pre-tax annual gross compensation, as defined in the Plan. Effective January 1, 2020, the Plan was amended to permit after-tax (ROTH) basis contributions. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions, which are amounts representing distributions from other qualified benefit plans. Participant contributions receivables amounted to $122,260, and $192,591 for the years ended December 31, 2020 and 2019, respectively. The contribution receivable at December 31, 2019 included a rollover contribution of $117,294.

The Company will match a discretionary amount and percentage of employee contributions. For the year ended December 31, 2020, the Company matched 10 percent of the employee's contributions. In addition, the Company may provide a discretionary annual profit sharing contribution, as defined in the Plan. Matching contributions amounted to $279,662 for the year ended December 31, 2020. The employer contribution receivable at December 31, 2020 and 2019, amounted to $12,226 and $7,507, respectively.

Participants direct the investments of their contributions and the employer contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts – Each participant's account is credited with the participant's contributions and Company matching contributions, as well as an allocation of profit sharing contributions and plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participant's contributions, Company matching and profit sharing contributions, and earnings thereon are immediately fully vested.

1. Description of Plan *(continued)*

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The participant may have one loan outstanding at any time. The loan interest rate, effective the month of the loan, is set at 1.5 percent above prime rate, as defined. Principal and interest is paid ratably through semi-monthly payroll deductions.

When a participant is terminated, their remaining loan balance, if not repaid in full, is considered a deemed loan. The deemed loans are included in the note receivable balance until a distributable event occurs. The total amount of deemed loans as of December 31, 2020 was $50,829.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period of time, as defined. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The Plan also provides for in-service distributions subject to conditions and limitations provided for in the Plan document.

Under the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE) Act, which was enacted on December 20, 2019, with certain provisions becoming effective January 1, 2020, participants who reach age 70 ½ after December 31, 2019 must begin taking minimum distributions from the Plan by April 1 of the calendar year following the year in which they reach age 72, increased from age 70 ½.

Coronavirus Aid, Relief, and Economic Security Act – On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was passed by Congress, which included provisions relating to retirement plans. Effective April 15, 2020, the Plan adopted certain temporary relief provisions for qualified individuals (as defined under the CARES Act), including penalty-free coronavirus-related distributions of up to $100,000 per individual, increasing the maximum participant loan limit to the lesser of $100,000 or 100% of the participant's vested account balance, allowing the suspension of loan payments on outstanding loans for one year, as well as the waiver of 2020 required minimum distributions. These temporary relief provisions were effective through December 31, 2020.

Forfeited accounts – As of December 31, 2020 there were no forfeited accounts. As of December 31, 2019, forfeited accounts totaled $1,221 and are included on the statements of net assets available for benefits. These accounts will be used for all permissible uses as defined. There were no forfeitures used to pay plan expenses for the year ended December 31, 2020.

2. Significant Accounting Policies

Basis of accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value (except for fully benefit-responsive investment contracts (see Note 4), which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Presentation of financial statements - In August 2018, the FASB issued Accounting Standard Update (ASU) 2018-13, Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement, which modifies the disclosure requirements for fair value measurements. The Plan adopted ASU 2018-13 on a retrospective basis as of January 1, 2019. The effect of adopting this guidance resulted in the modification or removal of certain fair value measurement disclosures presented in the Plan's financial statements.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, Fair Value Measurements and Disclosures, are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds and are registered with the U.S. Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,468,267	$ -	$ -	$ 13,468,267
Total investments at fair value	$ 13,468,267	$ -	$ -	$ 13,468,267

3. Fair Value Measurements *(continued)*

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,989,026	$ -	$ -	$ 8,989,026
Total investments at fair value	$ 8,989,026	$ -	$ -	$ 8,989,026

For years ended December 31, 2020 and 2019, there were no transfers between Level 1 and Level 2 and no transfers in or out of Level 3.

4. Fully Benefit-Responsive Investment Contracts

The Plan currently holds one traditional investment contract. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value at December 31, 2020 and 2019, were as follows:

	2020	2019
Lincoln Life & Annuity Company of New York	$ 427,815	$ 676,519
Total	$ 427,815	$ 676,519

The traditional investment contracts, both previously and currently held by the Plan are guaranteed investment contracts. The contract issuers are contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula established by the contract issuers. The crediting rate is reviewed on an annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

4. Fully Benefit-Responsive Investment Contracts (*continued*)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. Amendments to the Plan documents (including complete or partial Plan termination or merger with another plan)
2. Changes to the Plan's prohibition on competing investment options or delegation of equity wash provisions
3. Bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan
4. The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA
5. Premature termination of the contract

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

5. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Lincoln Financial Group Trust Company, Inc. ("Lincoln"), the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid directly by the Plan to Lincoln are $66,764 for the year ended December 31, 2020.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subjected to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust and is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in declines in the value of investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. The Plan implemented certain provisions under the CARES Act as described in Note 1.

9. Information Prepared and Certified by Custodians

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by the custodians.

	2020	2019
Investments at fair value	$ 13,468,267	$ 8,989,026
Investments at contract value	427,815	676,519
Total assets	$ 13,896,082	$ 9,665,545

9. Information Prepared and Certified by Custodians *(continued)*

For the year ended December 31, 2020, Lincoln also prepared and certified the participant notes receivable balances of $116,859 as complete and accurate. In addition, for the year ended December 31, 2020, $1,290,959 in net appreciation in fair value of investments, $6,199 in interest income on notes receivable from participants, and $458,907 in dividends has been prepared and certified as complete and accurate by the custodian.

10. Delinquent Participant Contributions

During 2020, the Company failed to remit to the Plan certain employee contributions and loan repayments within the period prescribed by the DOL's regulations, totaling $1,094. Delays in remitting contributions and loan repayments to the Plan were due to administrative errors. The Plan has notified the employer that they may be liable for an excise tax on this delinquent amount.

11. Subsequent Events

The Plan evaluated subsequent events through October 11, 2021, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.
