UNION HOME MORTGAGE CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Union Home Mortgage Corporation 401(k) Plan (the "Plan") (formerly known as the Union Home Mortgage Corporation 401(k) Profit Sharing Plan prior to July 27, 2020) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Union Home Mortgage Corporation and Mutual Title Agency, Inc. (collectively the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: To be eligible to participate in the Plan, an employee must be 21 years of age or older, have completed 3 months of service, and not be a non-resident alien. Employees may enter the Plan on the first day of the quarter following completion of the service requirement.

Contributions: The Plan provides for automatic enrollment upon meeting the eligibility requirements and, accordingly, employees are treated as having elected to contribute 6% of their earnings as pre-tax 401(k) contributions, unless an election is made for a different amount or an election is made not to participate. The Plan includes an automatic 1% increase annually, up to 8%, unless otherwise changed by the participant.

Participants may make voluntary pre-tax contributions or after-tax (Roth) contributions by means of a salary deferral agreement of up to 100% of their compensation, subject to IRS limitations for the Plan year. Plan participants over the age of 50 are also permitted to make additional catch-up contributions (\$6,500 in 2020). The Plan also permits rollover contributions from other qualified retirement plans. Participants direct the investment of contributions into various investment options offered by the Plan. The Company has the option to make employer matching contributions. The amount and period of employer matching contributions is at the company's discretion, and is determined annually. Discretionary employer matching contributions for 2020 were equal to 25% of the first 8% of employee deferrals and were remitted with each pay. In addition, the Company may contribute discretionary non-elective profit-sharing contributions to the Plan. During 2020, there were no discretionary non-elective profit-sharing contributions made by the Company. A participant must be employed on the last day of the year to receive his or her portion of any discretionary non-elective profit-sharing contributions for the year.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's discretionary matching and discretionary non-elective profit-sharing contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on a participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: The participant's elective contributions are fully vested immediately. Participants become vested in any Company discretionary matching and discretionary non-elective profit-sharing contributions according to the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeited accounts: During 2020, \$191,152 was forfeited from participants' accounts. Forfeitures of Company matching contributions were used to reduce employer contributions and were allocated to the participants' accounts in the same manner as contributions. At December 31, 2020 and 2019, there were \$2,253 and \$2,783, respectively, of unused forfeited balances.

Participant notes receivable: The Plan allows participants to obtain loans from the Plan to satisfy financial hardship or for a specified financial need. These loans are subject to the following general provisions: the maximum amount of loans outstanding is equal to the lesser of \$50,000 or 50% of the participant's vested account balance with a minimum of \$1,000; the term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence. The loans are secured by the participant's entire vested account balance. The interest rate for each loan is based on the bank's prime lending rate on the loan issuance date, ranging from 3.25% to 5.75%.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan agreement.

The Coronavirus, Aid, Relief, and Economic Security Act (the "CARES Act"), signed into law on March 27, 2020, increased maximum loan amounts up to the lesser of \$100,000 or 100% of a participant's vested account balance for new loans through September 23, 2020. The Plan did not adopt the COVID loan provision. Additionally, the CARES Act allowed for the deferral of loan payments for the period March 27, 2020 through December 31, 2020. The Plan adopted the loan deferment provision in 2020. These provisions were available to participants who were impacted by COVID-19 through a diagnosis of COVID-19 or were financially impacted by quarantine, job loss, or reduced hours due to COVID-19.

Payment of benefits: Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or partial payments. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution. In the case of a hardship, a participant may apply for a distribution described in the Plan agreement. Lump sum distributions are required if the vested balance is \$1,000 or less. Additionally, in-service distributions are permitted for participants meeting certain age and length of service requirements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest.

Investment valuation and income recognition: Investments are reported at fair value using methodologies described in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments: Benefit payments to participants are recorded when paid.

The CARES Act provided for distribution of benefits up to \$100,000 for participants impacted by COVID-19. Distributions were available to participants through December 31, 2020, who were impacted by COVID-19 through a diagnosis of COVID-19, a spouse or dependent diagnosed with COVID-19, or were financially impacted by quarantine, job loss, or reduced hours due to COVID-19. The CARES Act also allowed participants the option to defer required minimum distributions. The Plan adopted these provisions in 2020.

Administrative expenses: Expenses for the Plan's investment managers, administrators, attorneys, and auditors are paid by the Plan unless paid by the Company at its discretion. For 2020, substantially all such expenses were paid by the Company.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 14, 2021, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

1. Mutual funds (registered investment companies): Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
2. Investments measured at net asset value: A stable value common/collective trust fund that is composed primarily of fully benefit-responsive investment contracts is valued at the net asset value of units of the collective trust. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments relating to this type of investment.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy:				
Mutual funds	\$ 48,334,716	\$ -	\$ -	\$ 48,334,716

- (a) Certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2020 and 2019.

NOTE 4 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the plan are followed. The Plan has been amended since adopting the prototype plan. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan, as of December 31, 2020 and 2019, and for the year ended December 31, 2020.

	2020	2019
Net assets available for benefits:		
Investments, at fair value	\$ 48,462,364	\$ 34,635,294
Participant notes receivable	1,009,344	1,049,685
Net assets available for benefits	<u>\$ 49,471,708</u>	<u>\$ 35,684,979</u>
Changes in net assets:		
Dividends and interest	\$ 2,911,527	
Net appreciation in fair value of investments	3,648,262	
Interest income on participant notes receivable	46,901	
	<u>\$ 6,606,690</u>	

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan issues notes receivable to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

The Plan's trustee, Fidelity Management Trust Company, is also the custodian of the Plan's assets. Fidelity Investments Institutional Operations Company, Inc., an affiliate of the trustee, is the transfer agent and provides recordkeeping services to the Plan as agent for the trustee. Certain investment funds are managed by affiliates of the trustee of the Plan and, accordingly, qualify as party-in-interest transactions.

NOTE 7 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The World Health Organization declared the Coronavirus Disease 2019 (COVID-19) outbreak a pandemic in March 2020. The COVID-19 pandemic has adversely affected global economic activity including significant deterioration and instability in financial markets. As a result, the fair value of the Plan's investments experienced significant volatility during 2020 and may continue to do so in the future. The full extent of the future impact of COVID-19 on the fair value of the investments held by the Plan and the Company's operations is uncertain. A prolonged COVID-19 pandemic could have a material adverse impact on the Plan's net assets available for benefits and the Company's operations and financial condition.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

UNION HOME MORTGAGE CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Union Home Mortgage Corporation 401(k) Plan (the "Plan") (formerly known as the Union Home Mortgage Corporation 401(k) Profit Sharing Plan prior to July 27, 2020) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Union Home Mortgage Corporation and Mutual Title Agency, Inc. (collectively the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: To be eligible to participate in the Plan, an employee must be 21 years of age or older, have completed 3 months of service, and not be a non-resident alien. Employees may enter the Plan on the first day of the quarter following completion of the service requirement.

Contributions: The Plan provides for automatic enrollment upon meeting the eligibility requirements and, accordingly, employees are treated as having elected to contribute 6% of their earnings as pre-tax 401(k) contributions, unless an election is made for a different amount or an election is made not to participate. The Plan includes an automatic 1% increase annually, up to 8%, unless otherwise changed by the participant.

Participants may make voluntary pre-tax contributions or after-tax (Roth) contributions by means of a salary deferral agreement of up to 100% of their compensation, subject to IRS limitations for the Plan year. Plan participants over the age of 50 are also permitted to make additional catch-up contributions (\$6,500 in 2020). The Plan also permits rollover contributions from other qualified retirement plans. Participants direct the investment of contributions into various investment options offered by the Plan. The Company has the option to make employer matching contributions. The amount and period of employer matching contributions is at the company's discretion, and is determined annually. Discretionary employer matching contributions for 2020 were equal to 25% of the first 8% of employee deferrals and were remitted with each pay. In addition, the Company may contribute discretionary non-elective profit-sharing contributions to the Plan. During 2020, there were no discretionary non-elective profit-sharing contributions made by the Company. A participant must be employed on the last day of the year to receive his or her portion of any discretionary non-elective profit-sharing contributions for the year.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's discretionary matching and discretionary non-elective profit-sharing contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on a participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: The participant's elective contributions are fully vested immediately. Participants become vested in any Company discretionary matching and discretionary non-elective profit-sharing contributions according to the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeited accounts: During 2020, \$191,152 was forfeited from participants' accounts. Forfeitures of Company matching contributions were used to reduce employer contributions and were allocated to the participants' accounts in the same manner as contributions. At December 31, 2020 and 2019, there were \$2,253 and \$2,783, respectively, of unused forfeited balances.

Participant notes receivable: The Plan allows participants to obtain loans from the Plan to satisfy financial hardship or for a specified financial need. These loans are subject to the following general provisions: the maximum amount of loans outstanding is equal to the lesser of \$50,000 or 50% of the participant's vested account balance with a minimum of \$1,000; the term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence. The loans are secured by the participant's entire vested account balance. The interest rate for each loan is based on the bank's prime lending rate on the loan issuance date, ranging from 3.25% to 5.75%.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan agreement.

The Coronavirus, Aid, Relief, and Economic Security Act (the "CARES Act"), signed into law on March 27, 2020, increased maximum loan amounts up to the lesser of \$100,000 or 100% of a participant's vested account balance for new loans through September 23, 2020. The Plan did not adopt the COVID loan provision. Additionally, the CARES Act allowed for the deferral of loan payments for the period March 27, 2020 through December 31, 2020. The Plan adopted the loan deferment provision in 2020. These provisions were available to participants who were impacted by COVID-19 through a diagnosis of COVID-19 or were financially impacted by quarantine, job loss, or reduced hours due to COVID-19.

Payment of benefits: Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or partial payments. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution. In the case of a hardship, a participant may apply for a distribution described in the Plan agreement. Lump sum distributions are required if the vested balance is \$1,000 or less. Additionally, in-service distributions are permitted for participants meeting certain age and length of service requirements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest.

Investment valuation and income recognition: Investments are reported at fair value using methodologies described in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments: Benefit payments to participants are recorded when paid.

The CARES Act provided for distribution of benefits up to \$100,000 for participants impacted by COVID-19. Distributions were available to participants through December 31, 2020, who were impacted by COVID-19 through a diagnosis of COVID-19, a spouse or dependent diagnosed with COVID-19, or were financially impacted by quarantine, job loss, or reduced hours due to COVID-19. The CARES Act also allowed participants the option to defer required minimum distributions. The Plan adopted these provisions in 2020.

Administrative expenses: Expenses for the Plan's investment managers, administrators, attorneys, and auditors are paid by the Plan unless paid by the Company at its discretion. For 2020, substantially all such expenses were paid by the Company.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 14, 2021, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

1. Mutual funds (registered investment companies): Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
2. Investments measured at net asset value: A stable value common/collective trust fund that is composed primarily of fully benefit-responsive investment contracts is valued at the net asset value of units of the collective trust. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments relating to this type of investment.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

- (a) Certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2020 and 2019.

NOTE 4 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the plan are followed. The Plan has been amended since adopting the prototype plan. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan, as of December 31, 2020 and 2019, and for the year ended December 31, 2020.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan issues notes receivable to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

The Plan's trustee, Fidelity Management Trust Company, is also the custodian of the Plan's assets. Fidelity Investments Institutional Operations Company, Inc., an affiliate of the trustee, is the transfer agent and provides recordkeeping services to the Plan as agent for the trustee. Certain investment funds are managed by affiliates of the trustee of the Plan and, accordingly, qualify as party-in-interest transactions.

NOTE 7 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The World Health Organization declared the Coronavirus Disease 2019 (COVID-19) outbreak a pandemic in March 2020. The COVID-19 pandemic has adversely affected global economic activity including significant deterioration and instability in financial markets. As a result, the fair value of the Plan's investments experienced significant volatility during 2020 and may continue to do so in the future. The full extent of the future impact of COVID-19 on the fair value of the investments held by the Plan and the Company's operations is uncertain. A prolonged COVID-19 pandemic could have a material adverse impact on the Plan's net assets available for benefits and the Company's operations and financial condition.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.
