NOTE 1 – DESCRIPTION OF PLAN

Quality Mat Company Employee Savings and Retirement Plan (the Plan) is a qualified defined contribution retirement plan adopted by Quality Mat Company and an adopting employer QMAT EF, LLC (collectively, the Company), was effective on April 1, 1993, and was most recently amended and restated effective November 1, 2018. The Plan was established for the benefit of eligible employees of the Company to save for retirement on a tax-advantaged basis. The Plan is administered by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. Participants should refer to the legal plan document and trust agreement for a more complete description of the Plan's provisions.

Eligibility – All non-excluded employees of the Company who have completed one year of service and have reached at least age 18 are eligible to participate in the Plan. The Plan's entry date is the first day of the month coinciding with or next following the date an employee satisfies the eligibility requirements.

Contributions – Participants may elect to reduce their compensation and make a contribution to the Plan on a pre-tax basis as an elective deferral contribution, not to exceed the maximum amount allowed by law. Participants who are age 50 or over or will attain age 50 by the end of the calendar year may defer an additional amount called a catch-up contribution. Participants may elect to start, increase, or reduce their elections to contribute to the Plan as soon as administratively feasible. Participants may suspend their elections at any time.

The Company may make a discretionary matching contribution equal to a uniform percentage of participants' salary deferrals. Each year, the Company will determine the amount of the discretionary percentage. For 2020, the Company made a safe harbor matching contribution equal to 100% of participants' salary deferrals that do not exceed 3% of their compensation plus 50% of participants' salary deferrals between 3% and 6% of their compensation. For purposes of calculating the discretionary matching contribution, compensation and deferrals will be determined on a payroll period basis.

The Company may also make a discretionary profit sharing contribution to the Plan on a participant's behalf. Participants will be eligible to receive an allocation with no service requirement during the Plan year, provided they are employed by the Company on the last day of the Plan year. For 2020, no additional discretionary profit sharing contribution was made to participants in the Plan.

The Plan may accept a traditional rollover contribution made on behalf of any eligible employee, regardless of whether such employee has met the age and service requirements of the Plan. In-plan Roth rollover contributions are not permitted.

Participant Accounts – Each participant's account is credited with the participant's contributions, rollovers, employer contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants decide how to invest their accounts in the Plan into various investment securities. The Plan currently offers various mutual funds and a collective trust fund as investment options. Participants may modify elections, transfer existing balances, and obtain information regarding investments on a daily basis.

Vesting – Participants are always 100% vested in their elective deferral and rollover contributions. A participant's interest in their discretionary matching and profit sharing contributions will vest based on years of vesting service. A participant receives a 20% vested percentage after two years of vesting service and an additional 20% for each additional year of vesting service. Participants become 100% vested after six years of credited service.

Payment of Benefits – Participants may receive a distribution of the vested portion of some or all of their accounts in the Plan upon termination of employment, early retirement, normal retirement, disability, or death. If a participant's vested account balance does not exceed $5,000, then a distribution will be made to the participant regardless of whether they consent to receive it, in a single lump-sum payment. If a participant's vested account balance exceeds $5,000, they must consent to any distribution before it may be made.

Participants who have attained age 59½ may receive an in-service distribution from certain accounts. Hardship distributions may also be made to satisfy certain immediate and heavy financial needs that a participant may have.

Notes Receivable From Participants – Loans are available to participants on a reasonably equivalent basis. The minimum loan amount is $1,000 and the maximum amount is the lesser of ½ of the participant's vested interest in the Plan, or $50,000 reduced by the highest outstanding loan balance during the prior one-year period. Loans are adequately secured and charged a commercially reasonable rate of interest. The term of the loan may not exceed five years unless the loan is for the purchase of a principal residence.

CARES Act – On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted and signed into law. Certain provisions of the CARES Act permit participants who satisfy the eligibility requirements for a coronavirus-related loan to take a loan from the Plan during the 180-day period beginning on March 27, 2020 of up to the lesser of $100,000 (taking into account the outstanding balance of all other loans taken from plans of the employer) or 100% of the nonforfeitable value of the participant's account under the Plan. A participant who satisfies the eligibility requirements for a coronavirus-related loan may delay repayment of a new or existing loan from the Plan for a period of one year for loan repayments outstanding on March 27, 2020 through December 31, 2020. The delay of the loan repayment will not cause the loan to fail to meet the Internal Revenue Code (IRC) requirements for the maximum five-year loan term for nonresidential loans or substantially level reamortized payment schedule. Once repayments recommence, the loan will be adjusted to reflect the delay, including accrued interest.

Certain provisions of the CARES Act permit participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons through December 31, 2020. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced, being unable to work due to a lack of childcare due to the novel coronavirus (or COVID-19), or through a diagnosis of COVID-19 for the employee, spouse, or dependent. Participants may spread the tax consequences of these distributions over three years and they may pay these distributions back to the Plan within three years to avoid taxation on the portion that is repaid. The Company has elected to allow the distribution provisions of the CARES Act.

The amendment for the CARES Act elections must be adopted by the end of the calendar year 2022.

Forfeited Accounts – If a participant's employment with the Company terminates and they receive a distribution of the entire vested portion of their account, they will forfeit the non-vested portion of their account. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $-0-. During 2020, no forfeitures were used to reduce employer contributions.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued by unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 and 2019 excess contributions to the applicable participants prior to March 15, 2021 and 2020, respectively.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Subsequent Events – The Plan has evaluated subsequent events through October 15, 2021, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement. As of December 31, 2020 and 2019, the Plan had no level 3 assets.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund – The Plan holds an investment in a collective trust fund, the AUL Stable Value Account (the Fund). Valued using NAV as reported by the Fund. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it was determined to be probable that the Fund would sell the underlying investments for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. In accordance with ASU No. 2015-07, these investments that are measured at fair value using NAV per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the fair value table below are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for Plan benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 3,780,847**	**$ -**	**$ -**	**$ 3,780,847**
Total investments in the fair value hierarchy	**$ 3,780,847**	**$ -**	**$ -**	**3,780,847**
Common collective trust fund measured at NAV as practical expedient				**3,990,706**
Total investments at fair value				**$ 7,771,553**

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,411,611	$ -	$ -	$ 3,411,611
Total investments in the fair value hierarchy	$ 3,411,611	$ -	$ -	3,411,611
Common collective trust fund measured at NAV as practical expedient				3,527,032
Total investments at fair value				$ 6,938,643

Investments Measured Using NAV per Share Practical Expedient – Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value of the investments for which fair value is measured using NAV per share practical expedient was $3,990,706 and $3,527,032 as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions or unfunded commitments for this investment. The redemption frequency is daily and the redemption notice period is applicable only to the Plan.

NOTE 4 – INFORMATION CERTIFIED BY CUSTODIAN

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, American United Life Insurance Company (AUL), a OneAmerica® company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodian, except for comparing such information certified by the custodian with information included in the Plan's financial statements and supplemental schedule.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the custodian. These transactions qualify as party in interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transaction rules under ERISA. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

NOTE 6 – TAX STATUS

The Company adopted a volume submitter profit sharing plan with CODA, sponsored by OneAmerica Financial Partners Inc. The volume submitter plan obtained its latest opinion letter on March 31, 2014, in which the IRS stated that the plan, as then designed, was acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, to Form 5500:

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected, and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

NOTE 9 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company may amend or terminate the Plan at any time in its sole discretion. If any of these actions are taken, participants will be notified. However, no such action may permit any part of the Plan's assets to be used for any purpose other than the exclusive benefit of participants and beneficiaries or cause any reduction in participants' vested account balance as of the date of the amendment or termination. If the Plan is terminated, all amounts credited to the participants' accounts will become 100% vested.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
