SEATTLE GOURMET FOODS, INC. 401(k) PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN:

The following description of the Seattle Gourmet Foods, Inc. 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General –

The Plan is a defined contribution plan covering all employees of the Seattle Gourmet Foods, Inc. (the Company) who have 1,000 hours of service in a year based on the employee's hire date and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Company and the Plan assets are held in a trust by Fidelity Management Trust Company (FMTC) and Mid Atlantic Trust Company (MATC).

Prior to September 2020, the Plan operated under a volume-submitter plan sponsored by Fidelity Management & Research Co. and the Plan name was Seattle Gourmet Foods, Inc. 401(k) Retirement Plan. FMTC provided recording keeping services, custodial and trustee services to the Plan. Effective August 24, 2020, a plan conversion was implemented, the name of the Plan was changed, and the Plan adopted a prototype plan sponsored by Paychex Inc. (Paychex). Paychex provides record keeping services under a retirement services agreement and MATC provides custodial services and is the directed trustee of the Plan. Plan transactions were made through MATC beginning on September 24, 2020 and all funds were transferred from FMTC to MATC on November 30, 2020.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was enacted and signed into law. The Plan Sponsor did not elect to implement the optional provisions of the CARES act.

Contributions –

Each year, participants may contribute up to 60 percent of annual compensation, as defined in the Plan. Participant contributions are designated as pre-tax (or Roth effective August 24, 2020). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing pre-tax distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may contribute discretionary matching contributions equal to a uniform percentage of a participant's salary deferrals. In 2020 and 2019, the Company contributed 50% of the first 3% of compensation contributed to the Plan. The Company funds employee and employer matching contributions with each pay period. The Company may also make profit sharing contributions to the Plan. There were no profit sharing contributions made in 2020 or 2019.

Participant Accounts -

Each participant's account is credited with the participant's contribution and Company matching contribution, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

NOTE 1 – continued

Vesting -

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. A participant is 100 percent vested after 6 years of credited service.

Notes receivable from participants -

Effective August 24, 2020, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1 percent above the prime rate, as defined. Principal and interest are paid ratably through monthly payroll deductions. There were no participant loans outstanding at December 31, 2020.

Payment of benefits –

On termination of service due to termination of employment, death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Effective August 24, 2020 distributions may be received in a lump sum, a partial payment, installment payments, or by purchase of an annuity contract.

Forfeited accounts -

Forfeited nonvested accounts may be used to pay Plan administrative expenses or reduce employer contributions. In 2020 and 2019, administrative expenses were reduced by \$2,438 and employer contributions were reduced by \$6,052, respectively, from forfeited nonvested accounts. At December 31, 2020 and 2019, the balance of forfeited nonvested accounts was \$3,419 and zero, respectively.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting -

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates -

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities changes therein, and disclosure of contingent assets liabilities. Actual results could differ from those estimates.

Valuation of investments and income recognition -

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

NOTE 2 – continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants -

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payments of benefits -

Benefits are recorded as paid.

Expenses -

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of the fair value of investments.

NOTE 3 - FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active market that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3: Input to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 3 – continued

The Plan's investments consist of mutual funds, which are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$1,151,988			\$1,151,998

NOTE 4 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

The following information included in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company for the period January 1, 2019 through November 30, 2020 and Mid Atlantic Trust Company for the period August 24, 2020 through December 31, 2020.

1. Fair value of investments as of December 31, 2020 and 2019
2. Investment income earned for the year ended December 31, 2020

NOTE 5 - FEDERAL INCOME TAXES:

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated March 31, 2014, that the Fidelity Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan was amended since receiving the advisory letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and was operated, in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and related trust is tax-exempt.

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated April 10, 2014, that the Paychex Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently operated, in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and related trust is tax-exempt.

NOTE 5 – continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 - RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. The COVID-19 pandemic has led to significant volatility in financial markets and has affected, and may continue to affect, the fair value of investments held by the Plan. The extent to which the COVID-19 pandemic will affect the Plan depends on future events and remains uncertain.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS:

Fidelity Management Trust Company (through November 30, 2020) acted as trustee for investments of the Plan. Fidelity Investments also managed certain Plan investments. Therefore, these transactions qualify as party-in-interest transactions. The Sponsor provides certain administrative services to the Plan for which it receives no compensation.

NOTE 9 - SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through October 12, 2021, the date which the financial statements were available to be issued.
