Report of Independent Auditors

To the Plan Administrator of
Aventiv Technologies 401(k) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Aventiv Technologies 401(k) Savings Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2020 financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2020, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements.

Other Matter

The Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of the year ended December 31, 2020, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2019 Financial Statements

The financial statements of the Plan as of December 31, 2019 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated December 9, 2020, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and, accordingly, they did not express an opinion on the financial statement(s), and (b) the form and content of the information included in the financial statement(s), other than that derived from the certified investment information, was presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations 2020

The form and content of the information included in the 2020 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of Plan

The following description of the Aventiv Technologies 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a 401(k) salary deferral covering substantially all employees of Aventiv Technologies and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Securus Technologies, LLC (the Company) is the Plan's sponsor and serves as Plan administrator. The Plan was established on January 1, 1998 and restated February 1, 2019, available to qualifying employees of Securus Technologies, Inc. and, effective February 1, 2019, the employees of the Secururs/Richard A. Smith Foundation (collectively, the "Company," "Securus," or "Plan Administrator"). Fidelity Management Trust Company, ("Fidelity" or "Trustee"), in conjunction with Fidelity Workplace Services, LLC, serves as the Trustee and record-keeper of the Plan, respectively. The following descriptions provide only general information. Participants should refer to the Plan document for more complete description of the Plan's provisions.

Plan merger – During 2019, the Company acquired the sponsoring companies of the Government Payment Service Inc. 401(k) Profit Sharing Plan and the JPay, Inc. 401(k) Profit Sharing Plan. The Plans were merged into the Plan effective February 1, 2019, transferring $5,460,958 in assets. The Plan had been amended to include prior employment services for both eligibility and vesting purposes for all former participants of the merged plans.

Eligibility and participant accounts – Employees of the Company are eligible to participate in the Plan upon reaching age 21 and after completing 30 days of service, as defined by the Plan document. Participants are automatically enrolled in the Plan at a rate of 3%, unless otherwise elected. Deferral elections may be modified at any time and will be effective as soon as administratively feasible in payroll. Subject to certain limitations on annual additions, each participant's account is credited with employee salary deferrals, Company discretionary matching contributions, an allocation of Plan earnings or losses, and charged with administrative expenses related to loan and distribution fees, if requested by participants. The allocations are based on participant account balances, as defined. Effective January 1, 2021, the eligibility age was decreased from 21 to 18.

Contributions

Participant contributions – Each year, participants may contribute between 1% and 60% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant.

Note 1 – Description of Plan (continued)

Employer match – The Company may elect to make discretionary matching contributions to the Plan. The Company matches 50% of employee contributions, up to 6% of eligible compensation deferred to the Plan. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation.

Contributions are subject to regulatory limitations.

Revenue sharing arrangement – A Plan account is maintained to hold revenue sharing funds the Plan receives from the Trustee pursuant to an agreement between the Trustee and the Plan. These revenue sharing funds are available to be allocated to participant accounts on a pro rata basis or to pay reasonable Plan expenses. At December 31, 2020 and 2019, the amount of revenue sharing funds available were $229,923 and $455,843, respectively. Those amounts are reported as a component of Net Assets Available for Benefits. During 2020, revenue sharing funds in the amount of $232,773 were used to reduce Plan expenses.

Investment options – The Plan provides for participants to direct both their contributions and Company contributions into a variety of mutual funds of registered investment companies, a guaranteed income fund, and a self-directed brokerage account. The self-directed brokerage account allows participants to invest in a wide array of mutual funds, investments in units of publicly traded entities, external publicly traded investment funds, common stocks, and cash and cash equivalents through a self-directed brokerage account managed by Fidelity. Participants should refer to the Plan website for additional fund information.

Vesting – Participants are vested immediately in their contributions and qualified Company nonelective contributions, plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service. A participant is vested 25% per year, beginning after one year of qualified service, and 100% vested after four years of qualified service, or upon occurrence of the participant's retirement, death, or disability, as defined by the plan.

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed ten years. Participants may have up to one note outstanding at a time. Notes receivable from participants are stated at original note amounts, less principal repayments received to date. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. As of December 31, 2020, the rates of interest on outstanding loans ranged from 4.75% to 6.25%, with various maturities through May 2029.

Note 1 – Description of Plan (continued)

Administrative expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, distributions may be made based on financial hardship. Account balances of $1,000 or less at the time of the distribution will be "cashed out" as an involuntary lump sum payment. Account balances exceeding $1,000 may delay distribution.

Forfeitures – Forfeitures are the nonvested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan and can be used to pay the Plan's administrative expenses, with any remaining amount used to reduce future Company contributions. As of December 31, 2020 and 2019, forfeited nonvested accounts totaled $100,009 and $23,705, respectively. For the year ended December 31, 2020, Company's matching contributions were reduced by $127,263 from forfeited nonvested accounts, and $0 was used for payment of administrative expenses.

CARES Act provisions – Effective April 5, 2020, Plan management approved a resolution to adopt certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) during 2020, including the following:

- Allowing participants to take distributions of up to $100,000 from the Plan,
- Increasing new notes receivable borrowings of up to $100,000 through September 23, 2020 unless otherwise extended,
- Providing for the deferment of payment on existing notes receivable through December 31, 2020, and
- Deferring minimum required distributions through December 31, 2020.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Accounting standards updates – During 2020, the Plan adopted Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820)—Disclosure Framework Changes to the Disclosure Requirements for Fair Value Measurement*. As a result of the adoption, the Plan removed or modified certain fair value disclosures. The ASU did not have a significant impact on the financial statements.

Investment valuation –The investments are reported at fair value and contract value. The Plan's trustee, Fidelity Management Trust Company, certifies the contract value of the guaranteed investment contract and the fair value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance, plus accrued, but unpaid, interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of benefits – Benefits are recorded when paid.

Expenses – The Plan's administrative expenses may be paid out of the forfeiture account or paid by the Company. Investment management, distribution, and loan transaction fees are paid by the Plan participants.

Note 2 – Summary of Significant Accounting Policies (continued)

Excess contributions payable – Excess contributions payable represent amounts refunded to participants after year end to comply with regulatory contribution limitations. The Plan initially failed the discrimination testing for the years ended December 31, 2020 and 2019. As a result, excess contributions payable amounting to $0 and $158,194, respectively, are recorded as liabilities in the accompanying Statements of Net Assets Available for Benefits.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 15, 2021, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 3 – Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2020 and 2019.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund, these funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Self-directed brokerage accounts – Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31, 2020 and 2019:

	Fair Value Measurement at December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 93,260,400	$ -	$ -	$ 93,260,400
Self-directed brokerage account	2,927,944	-	-	2,927,944
Total investments, at fair value	$ 96,188,344	$ -	$ -	$ 96,188,344

	Fair Value Measurement at December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 80,254,940	$ -	$ -	$ 80,254,940
Self-directed brokerage account	1,749,727	-	-	1,749,727
Total investments, at fair value	$ 82,004,667	$ -	$ -	$ 82,004,667

Note 3 – Fair Value Measurements (continued)

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. The Plan administrator evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

Note 4 – Financial Information Certified by the Plan's Trustee (unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of the following:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019.
- Net appreciation in fair value of investments, dividends, and interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Investments reflected on the schedule of assets (held at end of year).

Note 5 – Guaranteed Income Fund

The Prudential Guaranteed Income Fund (GIF) is a fully benefit-responsive group annuity contract issued by Prudential Retirement Insurance and Annuity Company (Prudential). Funds in the GIF represent investments in the general assets of Prudential, which consist predominately of fixed income investments (public bonds, commercial mortgages, and private placement bonds) and are high quality. Payment of principal and interest is guaranteed by Prudential, subject to a market value adjustment if the contract is terminated by the Plan. The GIF is credited with contributions and interest earnings and is charged for participant withdrawals and administrative expenses. The interest crediting rate for the GIF is set by Prudential, based on historical contributions and withdrawals, current market conditions, the GIF investment portfolio turnover and estimated contributions and withdrawals for the upcoming six months. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The rate is adjusted semi-annually but cannot be less than an annualized rate of 1.50%. Participants may ordinarily direct the withdrawal or transfer all of or a portion of their investment at contract value. Certain unobservable inputs are assessed through review of contract terms (ex: duration or payout date) while others are substantiated utilizing available market data (ex: swap curve rate).

Note 5 – Guaranteed Income Fund (continued)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC;
- Premature termination of the contract;
- Plan terminations or mergers;
- Changes to the Plan's prohibition or competing investment options;
- Bankruptcy of the Plan sponsor or other Plan sponsor event (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or that also limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines;
- A breach of material obligation under the contact;
- A material misrepresentation;
- A material amendment to the agreements without the consent of the issuer;
- The Plan is terminated;
- The Plan is no longer deemed to be a "qualified plan" under Section 401 of the IRC or other section of the IRC allowing similar tax treatment.

Note 6 – Tax Status

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities, including mutual funds of registered investment companies; a self- directed brokerage account, including common stocks and cash accounts; and a guaranteed income fund. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

Note 8 – Qualified Non-elective Contribution

During 2019, Plan management determined that employee withholdings were not withheld from employee compensation due to unintentional errors or delays in processing automatic deferrals. Subsequent to December 31, 2020, the Company calculated and corrected the full amount of missed employee withholdings, Company contributions, and lost earnings for Plan years 2017, 2018, 2019, and 2020, using the Department of Labor guidelines for self-corrections. On August 26, 2021, the Company contributed $1,099,597 to the Plan for these corrective contributions. Accordingly, receivables of $1,099,597 and $247,815 are recorded on the accompanying Statement of Net Assets Available for Benefits as of December 31, 2020 and 2019, respectively.

Note 9 – Party-In-Interest Transactions

The Plan paid expenses related to the Plan's operations and investment management to various service providers. Certain Plan investments are managed by Fidelity Investments. Fidelity Management Trust Company is the trustee of the Plan and an affiliate of Fidelity Investments, and, therefore, transactions with these entities qualify as exempt party-in-interest transactions.

Note 10 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 11 – Reconciliation to the Form 5500

The following is a reconciliation of the net assets available for benefits reported in the financial statements and the net assets reported on the Form 5500 as of December 31:

	2020	2019
Net assets available for benefits, per the financial statements	$ 105,568,577	$ 87,771,043
Less Company contributions receivable at end of year	(169,824)	(139,422)
Less participant contributions receivable at end of year	(147,852)	-
Less qualified non-elective contributions receivable at end of yea	(1,099,597)	(247,815)
Excess contributions payable at end of year	-	158,194
Net assets for benefits, per the Form 5500	$ 104,151,304	$ 87,542,000

The following is a reconciliation of the change in net assets available for benefits reported in the financial statements and the net income reported on the Form 5500 for the year ended December 31, 2020:

	2020
Net assets available for benefits, per the financial statements	$ 17,797,534
Less current year Company contributions receivable	(169,824)
Less current year qualified non-elective contributions receivable	(1,099,597)
Less current year participant contributions receivable	(147,852)
Prior year Company contributions receivable	139,422
Prior year qualified non-elective contributions receivable	247,815
Less prior year excess contributions payable	(158,194)
Net increase in net assets available for benefits, per the Form 5500	$ 16,609,304

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.
