COMMUNICATION WITH THOSE CHARGED WITH GOVERNANCE

October 15, 2021

Plan Management
West Construction Inc. 401(k) Profit Sharing Plan & Trust
Lantana, FL

We have conducted a DOL limited-scope audit of the financial statements of ***West Construction Inc. 401(k) Profit Sharing Plan & Trust*** (the "Plan") as of and for the year ended December 31, 2020, and have issued our report thereon dated October 15, 2021. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated May 12, 2021, our responsibility, as described by professional standards, is to conduct our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS) except that, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by Plan management, we did not perform any auditing procedures with respect to information prepared and certified by Mid Atlantic Trust Company, trustee of the Plan, in accordance with DOL Regulation 2520.103-5, other than comparing the information with the related information included in the financial statements and supplemental schedule. Because of the significance of the information that we did not audit, we did not express an opinion on the financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified to by Mid Atlantic Trust Company, were audited by us in accordance with U.S. GAAS, and were subjected to tests of the Plan's accounting records and other procedures we considered necessary to enable us to express an opinion that they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our comments regarding material weaknesses and other matters noted during our audit in Attachment A to this letter.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you verbally and in our engagement letter.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, and our firm have complied with all relevant ethical requirements regarding independence.

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Plan is included in Note 1 to the Plan's financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during the year. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

New Accounting Pronouncement and Upcoming Auditing Standard

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement* . On January 1, 2020, Plan management adopted ASU No. 2018-13, and as a result, the Plan modified certain disclosures. The adoption of the standard did not have a material impact on the Plan's financial statements.

Refer to Attachment B for a description of a new upcoming auditing standard and the expected impact that it's application will have on the 2021 financial statement audit.

Significant Accounting Estimates

Accounting estimates are an integral part of the Plan's financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the Plan's financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments. The most sensitive estimates affecting the financial statements are management's estimate of the valuation of investment securities at fair value.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. Management has corrected all identified misstatements.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. None of the misstatements identified by us as a result of our audit procedures and corrected by management were material, either individually or in the aggregate to the Plan's financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Plan's financial statements or the auditors' report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management, which are included in the attached letter dated October 15, 2021.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, business conditions affecting the Plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the Plan's auditors.

Other Information in Documents Containing Audited Financial Statements

Pursuant to professional standards, our responsibility as auditors for other information in documents containing the Plan's audited financial statements does not extend beyond the financial information identified in the audit report, and we are not required to perform any procedures to corroborate such other information. In accordance with professional standards, we have read the Form 5500 and did not become aware of any instances where such information, or the manner of its presentation, was inconsistent with the Plan's financial statements.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the Plan's financial statements.

This report is intended solely for the information and use of those charged with governance, management, and the Plan's governing regulatory agencies and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

WEST CONSTRUCTION INC. 401(K) PROFIT SHARING PLAN & TRUST

Attachment A - Consideration of Internal Control Over Financial Reporting

For the December 31, 2020 Audit

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of ***West Construction Inc. 401(k) Profit Sharing Plan & Trust*** (the "Plan") as of and for the year ended December 31, 2020, we considered the Plan's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the Plan's financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by U.S. generally accepted auditing standards and did not include a consideration of internal control relating to the information summarized in Note 2 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described below, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

We consider the following deficiencies in internal control to be material weaknesses.

Responsibilities of Plan Oversight

During our audit of the Plan, we noted Plan management relies heavily on the service providers for Plan oversight. While Department of Labor ("DOL") regulations do not prohibit outsourcing various functions, Plan management has a fiduciary responsibility to monitor the performance of service providers and ensure the Plan complies with all applicable regulations. As a result of our procedures, we believe that the fiduciary duties of the Plan sponsor could be improved. Examples of commonly incorporated fiduciary responsibilities for employee benefit plans consist of the following:

- Review of trust reports showing investment transactions and balances by the investments committee, plan sponsor, or other appropriate party.

Attachment A - Consideration of Internal Control Over Financial Reporting

For the December 31, 2020 Audit

- Reconcile contributions submitted into the Plan to quarterly trust reports produced by MATC and to the sponsor's general ledger and payroll records.
- Periodic review of trust report loan records for past-due amounts.
- Reconciliation of participants information and investment information.
- Review of all relevant service providers' System of Controls (SOC) report annually, and consistently perform the applicable complementary user controls.
- Review of commissions, management fees, or any fees paid for appropriateness and adherence to related contract(s).
- Review of interest, dividends and other sources of income for receipt and for accuracy by reference to reliable sources.
- Review of current participant listing for obvious omissions or errors.
- Review of financial statements of insurance companies, investment managers and other service providers.

We recommend that management review the current processes with regard to the Plan and ensure that fiduciary responsibilities are being met. We also recommend key positions within Plan administration be clearly assigned, and the Plan Sponsor establish and agree on the knowledge, skills, and abilities needed to effectively discharge their positions and provide documented position descriptions to the employees. Plan management should also provide training for employees involved with Plan administration to improve their skills and evaluate the competencies of individuals involved in plan administration. In addition, Plan management should periodically review and evaluate employee's performance relative to their assigned tasks to ensure their skills are appropriate for their current job responsibilities.

Reconciliation of Plan Activity

During our walkthroughs of key control processes of the Plan and Plan Sponsor, we noted that there are no reconciliations of participant data, contributions, or benefit payments performed between the Sponsor/Plan records and the third-party administrator reports. To ensure accurate financial reporting, we recommend that reconciliations be implemented by Plan Sponsor Management and completed regularly. Such reconciliations should be reviewed by an independent person to ensure accuracy and proper segregation of duties. Evidence that such procedures were performed, such as initials of preparer and reviewer, should be documented.

We consider the following deficiency in internal control to be an other matter.

Participants Are Not Required to Return a Signed Opt-Out Form For Bonus Deferrals

Plan management indicated that participants can contribute at a different deferral rate than their normal compensation deferral rate for bonuses. Plan management does not obtain "opt out" forms for all participants that decline to contribute on bonuses, and therefore, there is no documentation to evidence the Plan should not have withheld contribution amounts from bonuses. We recommend that Plan management obtain "opt out" forms from all participants who elect not to make deferrals on bonuses to document their desire not to contribute on such compensation.

WEST CONSTRUCTION INC. 401(K) PROFIT SHARING PLAN & TRUST

Attachment B – New Upcoming Auditing Standard

For the December 31, 2020 Audit

Statement on Auditing Standards (SAS) 136: *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA*

In July 2019, the AICPA's Auditing Standards Board (ASB) issued SAS 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA*. SAS 136 creates a new AU-C Section 703 in AICPA *Professional Standards* to address the auditor's responsibility to form an opinion on the financial statements of employee benefit plans subject to the Employee Retirement Income Security Act of 1974 (ERISA). Among other matters, SAS 136 changes the form and content of the auditors' report specific to an audit that is currently referred to as "ERISA-permitted limited scope audit" or simply "limited-scope audit." However, SAS 136 does not use these terms to refer to limited-scope audits. Rather, SAS 136 refers to this type of audit as "ERISA Section 103(a)(3)(C) audit" in reference to the section of the law that allows them. The auditor is no longer able to disclaim an opinion merely because of the certification of investment information. Also, for these types of audits, the auditor is required to perform certain prescribed procedures, including evaluating management's assessment of whether the entity certifying the investment information is a qualified institution.

To enhance the quality of employee benefit plan audits, SAS 136 specifically addresses requirements for:

- Engagement acceptance, including expansion of Plan management's explicit responsibilities;
- Audit risk assessment and response, including the auditor's consideration of relevant plan
- Communications of reportable findings with those charged with governance;
- The auditor's responsibilities relating to the ERISA-required supplemental schedules and the Form 5500; and
- The form and content of the related auditor's report.

SAS 136, as amended by SAS 141 issued in April 2020, is effective for audits of ERISA plan financial statements for periods ending on or after December 15, 2021. SAS 136 also includes transitional implementation reporting guidance upon initial adoption of the new standard.

This representation letter is provided in connection with your audits of the financial statements and supplemental schedule of ***West Construction 401(k) Profit Sharing Plan and Trust*** (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, the December 31, 2020 schedule of assets (held at end of year) and the related notes to the financial statements. As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have instructed you not to perform any auditing procedures with respect to information prepared and certified by Mid Atlantic Trust Company, the trustee in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedule. Because of the significance of the information which you did not audit, we understand that you did not express an opinion on the financial statements and supplemental schedule taken as a whole.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in the light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm that, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves as of October 15, 2021:

Financial Statements

1. We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated May 12, 2021, for the preparation and fair presentation of the financial statements and notes in accordance with the applicable financial reporting framework we have chosen, which is accounting principles generally accepted in the United States of America, and the notes include all the disclosures required by laws and regulations in which the Plan is subject, including the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

2. The financial statements are fairly presented in accordance with accounting principles generally accepted in the United States of America.

3. We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements, notes, and supplemental schedule that are free from material misstatement, whether due to fraud or error.

4. We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.

5. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.

6. Related party relationships and transactions, including transactions with parties-in-interest as defined in ERISA, Section 3(14) and regulations thereunder, including sales, purchases, loans, transfers, leasing arrangements, and guarantees, and amounts receivable, or payable, to related parties, as applicable, have been appropriately accounted for and disclosed in accordance with the requirements of accounting principles generally accepted in the United States of America.

   For the purposes of this letter, related parties means the Plan sponsor (or employers participating in a multiemployer plan, as applicable), trusts which hold the Plan's assets, principal owners of the enterprise, management of the Plan and principal owners of the Plan sponsor and their immediate families, members of the Plan's board of trustees or administrative committee, the chief operating and executive officers (Plan administrators) and others who are responsible for achieving the objectives of the Plan and have the authority to establish policies and make decisions by which the objectives of the Plan are to be pursued and other parties with which the Plan may deal if one party controls or can significantly influence the management or operating policies of the other to an extent that one of the transacting parties might be prevented from fully pursuing its own separate interest. Another party is also a related party if it can significantly influence management or operating policies of the transacting parties or if it has an ownership interest in one of the transacting parties and can significantly influence the other to an extent that one or more of the transacting parties might be prevented from fully pursuing its own interest.

7. All events subsequent to the date of the financial statements and for which accounting principles generally accepted in the United States of America requires adjustment or disclosure have been adjusted or disclosed.

8. Arrangements with financial institution involving compensating balances or other arrangements involving restrictions on cash balances, or similar arrangements have been properly disclosed.

9. The methods and significant assumptions used to determine fair values of financial instruments result in a measure of fair value appropriate for financial statement measurement and disclosure purposes. We believe that the level of the fair value hierarchy in which assets are classified and disclosed in the financial statements is appropriate.

10. We are responsible for the estimation methods and assumptions used in measuring assets reported or disclosed at fair value, including information obtained from brokers, pricing services, or other third parties. Our valuation methodologies have been consistently applied from period to period. The fair value measurements reported and disclosed represent our best estimate of fair value as of the measurement date in accordance with the requirements of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. In addition, our disclosures related to fair value measurements are consistent with the objectives outlined in FASB ASC 820 and there are no subsequent events that would require adjustment in the fair value measurements and disclosures.

11. Financial instruments with off-balance-sheet risk and financial instruments with concentrations of credit risk have been properly recorded or disclosed in the financial statements.

12. Employer contributions receivable recorded in the financial statements represent valid claims against employers for employer contributions due for the period on or before the statement of net assets available for benefits date and have been appropriately reduced to their estimated net realizable value.

13. We have properly reported and disclosed amendments to the Plan instruments, if any.

14. All significant estimates and material concentrations known to management that is to be disclosed in accordance with FASB ASC 275, Risks and Uncertainties, are appropriately included in the financial statements. We understand that significant estimates covered by this disclosure are estimates at the date of the statement of net assets available for benefits that are reasonably possible of changing materiality within the next year. Concentrations refer to the nature and type of investments held by the Plan, or markets for which events could occur which would significantly disrupt normal finances within the next year.

15. There are no—

    a. Violations or possible violations of laws or regulations (including ERISA, DOL and IRS regulations) whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency.

    b. Guarantees, whether written or oral, under which the Plan is contingently liable to a bank or any other lending institution that are required to be recorded or disclosed in the financial statements.

    c. Other liabilities or gain or loss contingencies that are required to be accrued or disclosed by FASB ASC 450, *Contingencies*.

    d. Material transactions that have not been properly recorded in the accounting records underlying the financial statements.

    e. Other matters (e.g., breach of fiduciary responsibilities, nonexempt transactions, loans or leases in default, or events that may jeopardize the tax status) that legal counsel have advised us must be disclosed.

16. We acknowledge our responsibility for presentation of the supplementary information in accordance with the applicable criteria and we believe the supplementary information, including its form and content, is fairly presented in accordance with the applicable criteria. The method of measurement or presentation have not changed from those used in the prior period.

17. The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of interest rate, market and credit risks associated with certain investment securities, including heightened market risk associated with the COVID-19

pandemic, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

The financial markets experienced volatility due to the COVID-19 pandemic. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the impact the pandemic will have on participants' account balances, and the amounts reported in the financial statements.

Information Provided

18. We have provided you with:

    a. Access to all information that is relevant to the preparation and fair presentation of the financial statements and supplemental schedule, such as financial records and related data, Plan instruments, trust agreements, insurance contracts, as applicable, or investments contracts, as applicable, and amendments to such documents entered into during the year;

    b. Additional information that you have requested from us for the purpose of the audit;

    c. Unrestricted access to persons within the Plan from whom you determined it necessary to obtain audit evidence;

    d. No minutes of Retirement/Investment Committee meetings are maintained;

    e. Plan instruments, trust agreements, insurance contracts, or investment contracts and amendments to such documents entered into during the year, including amendments to comply with applicable laws.

19. All transactions have been recorded in the accounting records and are reflected in the financial statements.

20. We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.

21. We have provided to you our analysis of the Plan's ability to continue as a going concern, including significant conditions and events present, and if necessary, our analysis of management's plans, and our ability to achieve those plans.

22. We have no knowledge of any fraud or suspected fraud that affects the Plan and involves:

    a. Management;

    b. Employees who have significant roles in internal control; or

c. Others when the fraud could have a material effect on the financial statements.

23. We have no knowledge of any allegations of fraud, or suspected fraud, affecting the Plan's financial statements communicated by employees, former employees, participants, regulators, beneficiaries, service providers, third-party administrators, or others.

24. We have no—

    a. Plans or intentions that may materially affect the carrying value or classification of assets and liabilities; and

    b. Intentions to terminate the Plan.

25. We are not aware of any pending or threatened litigation and claims whose effects should be considered when preparing the financial statements and we have not consulted legal counsel concerning litigation, claims or assessments.

26. We have disclosed to you the identity of the Plan's related parties and all the related party and party in interest relationships and transactions of which we are aware.

27. All required filings of Plan documents with the appropriate agencies have been made. The Plan Sponsor adopted the Paychex Inc. Prototype Non-standardized Profit Sharing Plan with CODA plan document. The Plan document has received an opinion letter from the Internal Revenue Service dated April 10, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified.

28. The Plan is qualified under the appropriate section of the Internal Revenue Code and intends to continue as a qualified Plan. The Plan Sponsor has operated the Plan in a manner that did not jeopardize this tax status. Required nondiscrimination testing related to Code Section 401(k) and 401(m) arrangements, as applicable, has been completed for the Plan, and any excess deferrals or contributions have been disposed of in accordance with regulations.

29. The Plan has complied with the DOL's regulations concerning the timely remittance of participants' contributions to the trusts containing assets for the Plan.

30. The Plan has complied with fidelity bonding requirements of ERISA.

31. The Plan has satisfactory title to all owned assets which are recorded at fair value and all liens, encumbrances, or security interest requiring disclosure in the financial statements have been properly disclosed, if any.

32. All disclosures have been appropriately made under ERISA Sections 408(b)(2) and 404(a) regulations.

33. We have obtained the service auditor's report from our service organizations. While we have not reviewed such reports, including the complementary user controls, we have implemented the relevant user controls, and they were in operation.

34. There are no:

    a. Non-exempt party-in-interest transactions (as defined in ERISA, Section 3(1), and regulations under that section) that were not disclosed in the supplemental schedule or financial statements;

    b. Investments in default or considered to be uncollectible that were not disclosed in the supplemental schedule; or

    c. Reportable transactions (as defined in ERISA, Section 103(b)(3)(H), and regulations under that section) that were not disclosed in the supplemental schedule.

35. We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operations of the Plan. There have been no communications from regulatory agencies concerning noncompliance or suspected noncompliance with, or deficiencies in, financial reporting practices, that could have a material effect on the financial statements in the event of noncompliance.

36. In regard to the preparation of the financial statement preparation services performed by you, we have:

    a. Made all management decisions and performed all management functions;

    b. Assigned a competent individual to oversee the services;

    c. Evaluated the adequacy of the services performed;

    d. Evaluated and accepted responsibility for the result of the service performed; and

    e. Established and maintained internal controls, including monitoring ongoing activities.

37. The Plan has complied with all aspects of debt and other contractual agreements that would have a material effect on the financial statements in the event of noncompliance.

38. The form and content of the supplemental schedule are fairly presented in accordance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

39. We are not aware of any material uncertain tax positions identified as the results of the Plan's adoption of FASB ASC 740 regarding accounting for uncertainty in income taxes.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of ***West Construction, Inc. 401(k) Profit Sharing Plan and Trust*** (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 2, which was certified by Mid Atlantic Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplemental Schedule

The December 31, 2020 supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of ***West Construction, Inc. 401(k) Profit Sharing Plan and Trust*** (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Description of the Plan

General

The Plan is a defined contribution plan covering all employees of ***West Construction, Inc.*** (the "Company") who have completed at least three consecutive months of service and attained age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective August 9, 2021, the Plan's eligibility age requirement changed to attaining age eighteen.

Risks and Economic Uncertainties

The Plan invests in various investment securities held in mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of interest rate, market, and credit risks inherent with certain of the Plan's investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

On March 11, 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and on March 13, 2020, the President of the United States declared the global outbreak a national emergency. In addition, state and local authorities have required or recommended social distancing and have imposed quarantine and other isolation measures on large portions of the domestic population, including mandatory business closures. These measures, designed to protect the overall public health, have had and may continue to have material adverse financial and other impacts on world economies.

As a result of the COVID-19 pandemic, there has been heightened market risk and volatility experienced in the financial markets and it is difficult to fully assess or predict the duration of and ultimate impact brought by the pandemic. The longer-term economic effects will depend on future developments that are highly uncertain. As such, Plan management is unable to estimate the impact the current environment will have on participants' account balances, and the investment amounts reported in the Plan's statements of net assets available for benefits and changes in net assets available for benefits.

Notes to Financial Statements

On March 27, 2020, the President signed the *Coronavirus Aid, Relief, and Economic Security Act* (the "CARES Act") into law. The CARES Act included provisions for eligible defined contribution plans, including availability of qualified coronavirus-related distributions, delay of repayments for existing plan loans, and other relief provisions. These CARES Act provisions were optional and employers were permitted to choose whether, and to what extent, to provide the coronavirus-related distribution and/or loan provisions of the CARES Act. The Plan provided access to the new CARES Act distribution and loan deferral options to participants as soon as administratively feasible, in accordance with Internal Revenue Service ("IRS") guidance and other applicable requirements.

Contributions

Each year participants may contribute annual compensation as defined in the Plan agreement up to the maximum allowed by the Internal Revenue Code ("IRC"), provided such contributions do not exceed 96% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company makes an annual safe harbor matching contribution at a level equal to 100% of a participant's deferral up to 3% of their compensation and 50% of a participant's deferral that exceed 3% up to 5% of the participant's compensation. The Company, at its discretion, may make an additional profit sharing contribution to the Plan at an amount equal to a percentage of each participant's eligible compensation. No such profit sharing contributions were made in 2020 or 2019. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers mutual funds as investment options for participants. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions and an allocation of (a) the Company's profit sharing contribution (when made), and (b) Plan earnings, and charged with an allocation of administrative expenses, if any. Participants who initiate a loan or benefit payment are charged a fee for that transaction. Allocations are based on participant compensation, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their 401(k) voluntary contributions and safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company profit sharing contributions is based on years of continuous service. A participant begins vesting after two years of credited service and is 100% vested after six years of credited service.

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 95% of one-half of their vested account balance, excluding any Roth deferral balance. The resulting notes receivable are secured by the balances in the participants' accounts and bear interest at rates ranging from 4.25% to 6.50%, which at the time the notes are issued are equal to the prime rate plus 1%. Principal and interest is collected ratably through payroll deductions, and in certain circumstances, directly to the Plan by participants.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installment payments, as defined by the Plan agreement. For termination of service or for other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution. If the participant's account balance is $1,000 or less, payment will be made in an immediate lump-sum without the participant's consent. If the account balance is greater than $1,000 but less than $5,000, payment will be made to an individual retirement account established by the trustee, unless the participant requests a different disposition of his or her account balance within the applicable election period. In-service withdrawals of vested balances may be elected by participants who have reached 59 ½ years of age.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce future employer cash contributions with any remaining amounts first allocated to Plan expenses and then allocated among the accounts of participants. No forfeitures were used for these purposes during 2020 or 2019. At December 31, 2020 and 2019, there were no forfeited nonvested accounts.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan document. Certain administrative expenses, including an allocation of salaries related to Plan administration, and audit and legal costs, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid directly by the Company are excluded from these financial statements. Fees for custodial and recordkeeping services are paid by the Plan. Participants are charged directly for loan fees and fees related to certain distribution types and may be charged pro-ratably for fees related to investment management services.

Notes to Financial Statements

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's aggregate gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in the aggregate fair value of such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default, the participant note receivable is reduced and a benefit payment is recorded.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the Company.

Notes to Financial Statements

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

New Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement* . On January 1, 2020, Plan management adopted ASU No. 2018-13, and as a result, the Plan modified certain disclosures in Note 3. The adoption of the standard did not have a material impact on the Plan's financial statements.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2020, the most recent statement of net assets available for benefits presented herein, through October 14, 2021, the date these financial statements were available to be issued. No such significant events or transactions were identified.

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company ("MATC") as trustee, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, (2) the December 31, 2020, schedule of assets (held at end of year), and (3) the related investment activity reflected in the statements of changes in net assets available for benefits during 2020 and 2019.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Notes to Financial Statements

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodology used at December 31, 2020 or 2019.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price and, therefore, are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value at December 31:

2020	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,558,042	$ -	$ -	$ 2,558,042

2019	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,076,802	$ -	$ -	$ 2,076,802

Notes to Financial Statements

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers of assets into or out of Level 3 in 2020 or 2019.

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by MATC. MATC is the trustee of the Plan and, therefore, transactions with MATC qualify as party-in-interest transactions. Fees paid by the Plan for the custodial and record keeping services amounted to $860 and $788 for 2020 and 2019, respectively. Fees for investment management services in 2020 amounted to $10,992 and are included in administrative and other expenses, as they were allocated to plan participants on a pro-rate basis. Fees for investment management services in 2019 amounted to $9,273 and are included in net appreciation in fair value of investments, as they were paid through revenue sharing, rather than a direct payment.

5. TAX STATUS

The Company's Board of Directors adopted Paychex Inc. Prototype Non-standardized Profit Sharing Plan with CODA 401(k) plan document. The prototype plan document has received an opinion letter from the Internal Revenue Service dated April 10, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has considered the tax positions taken by the Plan and has concluded that, as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. While the Plan may be subject to routine audits by taxing jurisdictions, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.
