NOTE 1 DESCRIPTION OF PLAN

The following description of the Bayberry, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Bayberry, Inc. (Company) who have one year of service and are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation as defined in the Plan not exceed certain IRS limits. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary matching contribution as well as a discretionary profit sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution (if any) and (b) Plan earnings and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account plus actual earnings thereon is based on years of continuous service. A participant is fully vested after six years of credited service. Forfeitures of terminated participants' nonvested amounts are used to pay Plan expenses. Any forfeitures remaining are reallocated as additional employer contributions. There were no forfeitures during the year ended December 31, 2020.

Participant Loans

Participants may borrow from their plan accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loan is secured by the balance in the participant's account. The loan interest rate is set at 2% above the prime rate, as defined. Principal and interest is paid at least quarterly through payroll withholding.

Payment of Benefits

On termination of service, a participant may elect to receive a distribution equal to the vested portion of their account balance at the date of termination. The elections available are a lump sum distribution or an installment distribution. Terminated participants' whose account balance is less than $5,000 receive an involuntary cash out distribution. Distributions are paid as soon as administratively practicable after the participant terminates. In the event of a participants' death, his or her designated beneficiary will be paid in accordance with the terms of the beneficiary designation form. Hardship withdrawals are permitted from this Plan.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net appreciation or deprecation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan.

Date of Managements Review

Subsequent events were evaluated through October 14, 2021, which is the date the financial statements were available to be issued.

Tax Status

On November 30, 2020, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401 of the Internal Revenue Code (IRC). Although the Plan is amended to comply with recent legislation as necessary, the Plan administrator believes that the Plan as designed is being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain positions that more likely than not would not be sustained upon examination by the IRS. There is no effect on the financial statements based on this evaluation. The Plan's 2018 through 2020 tax returns are subject to examination.

NOTE 3 INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2020 and 2019, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Newport Trust Company (Newport).

NOTE 4 PARTY-IN-INTEREST TRANSACTIONS

During 2020, Newport provided all recordkeeping and trust services to the Plan; therefore, Newport qualifies as a parties-in-interest for the year ended December 31, 2020.

NOTE 5 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 6 FAIR VALUE MEASUREMENTS

U.S. generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or by other means.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan's investment consists of mutual funds that are actively traded, and as such, the Plan's investments are considered a level 1 asset. The mutual funds are valued at the daily closing price as reported by the fund.

Following is the fair value and fair value hierarchy levels at December 31, 2020 and 2019.

2020	Fair Value	Level 1
Mutual funds	$ 84,765	$ 84,765
2019
