NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Celestar 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Celestar Holdings Corporation (the Plan Sponsor) with the exception of nonresident aliens and those whose employment is governed by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions: Participants may contribute 1 to 92% of pre-tax annual compensation, as defined in the Plan. Participants age 50 or older before the end of the Plan year are permitted to defer "catch-up" contributions under the Internal Revenue Code section 414(v). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan Sponsor contributes 100% percent of deferrals that do not exceed $1,250 for the year.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Plan Sponsor's contributions, and (b) Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan. Participants may change their investment options daily.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts, plus earnings thereon, is based on years of continuous service at a rate of 20% percent per year.

Payment of Benefits: On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the participant's vested interest in his or her account. Involuntary distributions of balances less than $5,000 will be made in accordance with the Plan agreement upon termination of services. Active participants may also take distributions from the Plan upon attainment of age 59 ½.

Hardship Withdrawals: Subject to the approval of the Plan administrator, participants may withdraw their employee pre-tax contributions to satisfy immediate and heavy financial need, as determined by the Plan agreement.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear a fixed rate of interest equal to the prime rate of interest in effect plus two percent. Principal and interest are through payroll deductions. The term of the loan must not exceed five years, except for loans used for the purchase of a primary residence. Loans used to purchase a primary residence may be repaid within a period of no more than 30 years.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeited Accounts: Participant forfeitures of the non-vested portion of a Participant's account balance are determined as of the last day of the plan year and may be made available to reinstate previously forfeited account balances of rehires who are eligible for a restoration of forfeitures, reduce administrative expenses of the Plan, or reduce employer contributions.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 5. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Unaudited 2019 Information: Amounts reported as of December 31, 2019 have not been audited by independent accountants.

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions and earnings thereon.

(Continued)

NOTE 4 - INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS - UNAUDITED INFORMATION

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the 2020 financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company. This 2020 information has not been audited by independent accountants.

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan

Pooled Separate Accounts: The fair values of participation units held in subaccounts of the Future Funds Series Account II of John Hancock Life Insurance Company are based on their net asset values, as reported by the fund managers as of the financial statement dates and recent transaction prices. Each subaccount invests in a single, open-ended mutual fund. Each subaccount provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's net asset value per unit.

Collective Trust: The fair values of participation units held in collective trusts are based on the net asset values ("NAV") per unit as reported by the fund managers. The collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

(Continued)

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2020 Using				
	Total	NAV	Quoted Prices Active Markets in Active for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments:					
Pooled Separate Accounts	$ 2,351,891	$ -	$ -	$ 2,351,891	$ -

Total	$ 2,360,780	$ 8,889	$ -	$ 2,351,891	$ -

	Fair Value Measurements at December 31, 2019 Using				
	Total	NAV	Quoted Prices Active Markets in Active for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Pooled Separate Accounts	$ 1,914,744	$ -	$ -	$ 1,914,744	$ -

Total	$ 1,970,414	$ 55,670	$ -	$ 1,914,744	$ -

*Investments measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Plan Sponsor. The Plan held investments in pooled separate accounts managed by John Hancock Life Insurance Company, therefore, these transactions qualify as party-in-interest transactions. Fees paid to John Hancock Life Insurance Company also qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

(Continued)

NOTE 7 - INCOME TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

NOTE 9 – CORONAVIRUS

In December 2019, a novel strain of coronavirus surfaced in Wuhan, China, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The ultimate impact of the coronavirus on the Plan will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others.

The Coronavirus Aid, Relief, and Economic Security (CARES) Act signed into law by the President on March 27, 2020, waives the required minimum distribution (RMD) rules for defined contribution plans for the period of January 1, 2020 through December 31, 2020, providing relief to individuals who would otherwise be required to withdraw funds from such retirement accounts during an economic slowdown due to COVID-19.

The CARES Act provides that qualified Participants may take penalty free, coronavirus-related distribution of up to $100,000 from eligible retirement plans for the period from January 1, 2020, through December 30, 2020. A coronavirus-related distribution can be included in income in equal installments over a three-year period, or an individual has three years to repay a coronavirus-related distribution to a Plan to undo the tax consequences of the distribution. Repayments won't be subject to the annual retirement plan contribution limits. The CARES Act also allowed for expanded loan limits and the suspension of loan repayments for up to 12 months.

NOTE 10 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 15, 2021, which is the date the financial statements were available to be issued.
