Note 1. Plan Description

The following brief description of United Service Companies 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. The Plan's trustee is responsible for the oversight of the Plan.

General: The Plan, is a defined contribution, multiple-employer plan sponsored by United Service Companies Holdings II, LLC (USC) and covers eligible employees of USC or subsidiaries or affiliates that have adopted the Plan (collectively, the Company). Eligible employees must be 21 years of age and have completed one year of service, and cannot be nonresident aliens or covered by a collective bargaining agreement. The Plan also covers employees of a professional employer organization (PEO); however, through December 31, 2020, no client organizations of the PEO adopted the Plan. As further discussed in Note 11, subsequent to year-end employees of two professional employer organizations, Scout Hotel and Resort Management, and Five Star Laundry-Washington DC. LLC, have been merged into the Plan. Employees may enter the Plan on the earlier of January 1 or July 1 after meeting the eligibility requirements as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Participants may contribute the maximum amount allowed by law of pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investments daily.

Any participant employed during the Plan year shall be eligible to share in the matching contribution for the Plan year, if any. The Company may make matching contributions equal to a percentage of the elective contributions made by the participants. The Company's matching contribution for 2020 is 10% of employee contributions that a participant contributed to the Plan. Contributions are subject to limitations. In addition, the Company may make a disproportionate matching contribution with respect to their non-highly compensated employees provided that it does not exceed: (a) 5% of annual compensation, (b) the employee's elective deferrals for the plan year, or (c) two times the Plan's representative matching rate, as defined in the plan agreement. The Company may also make a discretionary contribution to the Plan each year. For the year ended December 31, 2020, the Company did not make a discretionary contribution. Company matching contributions made to the Plan for the year ended December 31, 2020, were $26,337.

Participant accounts: Each participant's account is credited with the participant's contribution, Company discretionary matching contributions, if any, allocations of the Company discretionary contributions, if any, and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Prior to 2015, a participant reached 20% vesting after two years of service and vested an additional 20% for each year of service thereafter. A participant was 100% vested after six years of credited service. Effective January 1, 2015, vesting in Company contributions occurs as follows: 25% after 1 year; 50% after 2 years; and 100% after 3 years.

If an active participant reaches the normal retirement age or becomes disabled or deceased prior to attaining the normal retirement age, the participant's account becomes 100% vested.

Note 1. Plan Description (Continued)

Notes receivable from participants: The Plan allows each participant to borrow a minimum amount of $1,000 and a maximum amount not to exceed the lower of (1) $50,000, reduced by the participant's highest outstanding loan balance in the preceding twelve months, or (2) one-half of the participant's vested account balance. Participants may only have one loan outstanding at a time. The notes receivable are secured by the balance in the participant's account and bear interest at the prime rate plus 1%, fixed on the loan date for the duration of the loan, which is commensurate with local prevailing rates as determined by the Plan Administrator. The term of the notes receivable cannot exceed five years unless used for the purchase of a participant's primary residence, in which case the term may exceed five years. Principal and interest is paid ratably through payroll deductions.

Payment of benefits: Benefits under the Plan are payable to participants or their beneficiaries upon death, retirement, disability or termination of employment. Benefits are payable in a lump-sum amount equal to the value of the vested portion of the participant's account or in the form of installment payments. Vested account balances of less than $5,000 are automatically distributed in a single lump-sum payment. In addition, in-service and hardship withdrawals are permitted under certain circumstances as described in the plan agreement.

Forfeitures: At December 31, 2020 and 2019, forfeited non-vested accounts totaled $350 and $500, respectively. Forfeitures will first be used to reinstate previously forfeited accounts of former participants, and the remaining will be used to pay plan expenses and reduce future Company contributions. For the year ended December 31, 2020, $350 of forfeitures was used to reduce Company contributions made in 2021 for the 2020 plan year.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Accounting estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Defaulted participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of the Plan may be paid out of assets of the Plan, to the extent that the Company does not pay such expenses.

Note 3. Information Certified and Provided by Charles Schwab Bank (Schwab)

The following is a summary of the Plan's asset and income information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the custodian as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that information provided to the Plan Administrator by the custodian related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2020	2019
Investments at fair value:		
Shares of registered investment companies	$ 3,326,482	$ 3,222,250
Non-interest bearing cash	$ 183	$ 18,473
Investment income:		
Net appreciation in fair value of investments	$ 206,723	
Dividends and interest	$ 132,788	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2020			
Description	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 3,326,482	$ -	$ -	$ 3,326,482

	December 31, 2019			
Description	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 3,222,250	$ -	$ -	$ 3,222,250

Note 4. Fair Value Measurements (Continued)

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2020, there were no transfers in or out of Level 3.

Note 5. Parties-in-Interest Transactions

The Company is the plan sponsor. In addition, certain employees of the Company act as fiduciaries of the Plan and are responsible for the administration of the Plan. The employees are compensated by the Company and do not receive any compensation from the Plan. In addition, certain administrative expenses are paid by the Company on behalf of the Plan.

Alliance Pension Consultants, LLC (Alliance) provides administrative and recordkeeping services; therefore, these are party-in-interest transactions. Fees paid to Alliance by the Plan for the year ended December 31, 2020, were $4,175.

HPM Partners LLC (HPM) provides investment advisory services; therefore, these are party-in-interest transactions. Fees paid to HPM by the Plan for the year ended December 31, 2020, were $10,466.

The Plan also has a revenue sharing agreement with Schwab and Alliance. Earnings are paid by Schwab based on certain asset holdings as defined by the agreement. The revenue sharing payments were used to pay for plan expenses during 2020. For the year ended December 31, 2020, the amount earned and paid was $66 and reported as other income in the statement of changes in net assets available for benefits. The balance of the revenue sharing account is $0 at December 31, 2020 and 2019.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 20, 2014, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (the Code). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the U.S. federal, state, or local tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Excess Contributions Refundable

Contributions received from participants are net of excess refundable contributions at December 31, 2020 and 2019, of $36,939 and $25,604, respectively. These amounts were refunded in March 2021 and March 2020, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019, to Form 5500:

	2020	2019

Benefits paid to participants	3,120
Corrective distributions	(28,906)
Change in net assets available for benefits per Form 5500	$ 74,860

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Risks and Uncertainties (Continued)

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, and quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the plan sponsor operates.

It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan.

Additionally, it is reasonably possible that estimates made in the financial statements have been, or will be, materially and adversely impacted in the near term as a result of these conditions, including those related to investment valuations.

Note 11. Subsequent Events

On February 1, 2021, the Plan Investment Committee of United Service Company, the Plan's sponsor, approved a resolution to merge United Temps, Inc. 401(k) Plan (UMMD), United Maintenance Company, Inc. Retirement Plan (UMC) and Scout Hotel and Resort Management 401(k) Plan (Scout) into the Plan, effective January 1, 2021. All assets of UMMD, UMC and Scout plans were transferred to the Plan on January 21, 2021, January 28, 2021 and February 5, 2021, respectively.

The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 14, 2021, the date the financial statements were available to be issued.
