Report on the Financial Statements

We were engaged to audit the accompanying financial statements of UPMC Western Maryland 403(b) Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019 and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Trust Company and Variable Annuity Life Insurance Company, the custodians of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of December 31, 2020 and 2019 and for the year ended December 31, 2020, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter—Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2020 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

1. Description of Plan

The following description of UPMC Western Maryland 403(b) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was established on November 1, 1962, and was restated effective July 1, 2019 to reflect the final regulations under Internal Revenue Code (“IRC”) section 403(b). The Board of Directors controls and manages the operation and administration of the Plan. The Plan covers substantially all permissible employees of the UPMC Western Maryland Corporation (“Plan Sponsor”) as defined in accordance with the universal availability standards as described in the IRC, except for certain employees covered by a collective bargaining agreement and nonresident aliens. Effective February 1, 2020, University of Pittsburgh Medical Center (“UPMC”) and Western Maryland Health System Corporation (now referred to as UPMC Western Maryland Corporation) and its subsidiaries executed an Integration and Affiliation Agreement providing for an affiliation. Effective December 31, 2020, the Plan was frozen so no employees may enroll in the Plan and no participants may make deferrals into the Plan as of this date. Starting in late May 2021, certain participants are permitted to transfer their accounts to a defined contribution plan offered by UPMC. Principal Trust Company (“Principal”) and Variable Annuity Life Insurance Company (“VALIC”) serve as custodians of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and adopted several of the provisions regarding the expansion of allowed Plan distributions, the repayment of loans and the suspension of the required minimum distributions.

Contributions

Each year, participants may contribute a percentage of their compensation, as defined in the Plan document, subject to certain IRC limitations. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Plan Sponsor contributes 50% of the first 6% of compensation that a participant contributes to the Plan. In order to be eligible for the match, employees are required to be classified as full or part-time employees scheduled to work sixteen hours a week or more, or work at least one thousand hours in the twelve months after hire or within the Plan year. The Plan Sponsor also contributes a discretionary contribution, which is calculated at Plan year end as a receivable and remitted in the next Plan year. For the year ended December 31, 2020, the Plan Sponsor made a discretionary contribution of \$5,170,193. Contributions are subject to certain limitations. The Plan Sponsor will not make employer contributions of any kind with respect to compensation earned after December 31, 2020.

Investment options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds, pooled separate accounts, and fully benefit-responsive investment contracts as options. If participants do not direct the investment of their accounts, their elective deferrals and matching contributions will be automatically invested in the applicable investment fund based upon their current age and the definition of normal retirement under the retirement plan, which is age sixty-five. Participants may redirect the funds in their respective accounts at any point throughout the year.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Plan Sponsor's contributions and Plan earnings (losses), and charged with benefit payments, transaction fees related to notes receivable from participants and distributions, and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts plus actual earnings thereon is based on years of service as follows:

<u>Vesting Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years but less than 3 year	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 years or more	100%

Effective December 31, 2020, the Plan was amended to provide for full vesting for participants who are actively employed as an eligible employee under the Plan and have at least three years of service.

Notes receivable from participants

Participants may borrow from their Principal fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance incurred by each participant during the prior twelve-month period or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. At December 31, 2020 and 2019, the outstanding loan balance to participants from Principal funds was \$1,833,836 and \$1,913,773, respectively.

Participants may borrow from VALIC a minimum of \$1,000 up to the lesser of a maximum of \$50,000 or 50% of their vested account balance. Adequate security is required and a portion of the participant's account is reserved, or held in collateral, to cover 110% of the outstanding loan in the case of default. The collateral is held in the VALIC Loan Collateral Fund. At December 31, 2020 and 2019, the Loan Collateral Fund balance was \$339,408 and \$390,794, respectively.

When Plan loans are deemed in default by VALIC, the collateral is reclassified from the VALIC Loan Collateral Account to a Plan Loan Default Fund, where it is held until the participant receives final distribution of their account. At December 31, 2020 and 2019, the balance in the Plan Loan Default Fund was \$3,860 and \$4,565, respectively.

At December 31, 2020, outstanding loans bore interest rates ranging from 4.25% to 6.5%. In general, all loans must be repaid over a five-year period. However, if the loan is for the purchase of a principal residence, the loan may be repaid over a ten-year period. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability, hardship or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in lump-sum, installments or various annuity payments, as provided by the Plan, or may let the balances remain in the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Hardship distributions are available from amounts contributed on a pre-tax basis upon demonstration of financial hardship. In-service distributions are available after the participant reaches age 59½.

Forfeitures

At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$22,569 and \$753, respectively. These accounts will be used to reduce future Plan Sponsor contributions. During 2020, forfeitures of \$407,864 were used to reduce Plan Sponsor contributions.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodians. See Note 3 for further information with respect to fair value measurements.

Investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income from notes receivable from participants is recorded when received. Other interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded upon distribution.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Plan Sponsor, as provided by the Plan document. Certain administrative functions are performed by employees of the Plan Sponsor. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.

Subsequent events

The Plan has evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1:** Observable inputs such as quoted prices in active markets.
- Level 2:** Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3:** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used to evaluate fair values of the Plan's investments at December 31, 2020 and 2019. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Pooled separate accounts

The Plan invests in pooled separate accounts for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the net asset value ("NAV") of units, as determined by VALIC, as the estimated fair value. Because quoted prices in active markets for identical assets are not available, these prices are determined using observable market information such as quotes from less active markets and/or quoted prices of securities with similar characteristics.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$107,274,094</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 107,274,094</u>
Total assets in the fair value hierarchy	<u>\$107,274,094</u>	<u>\$ -</u>	<u>\$ -</u>	<u>107,274,094</u>
Investments measured at NAV (a)				<u>4,968,457</u>
Investments at fair value				<u>\$ 112,242,551</u>

	Assets at Fair Value as of December 31, 2019			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Investments at fair value				<u>\$ 96,001,417</u>

(a) *In accordance with GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of such amounts to the corresponding presentation in the statements of net assets available for benefits.*

UPMC Western Maryland 403(b) Savings Plan
Notes to Financial Statements

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2020	Fair Value at December 31, 2019	Unfunded Commitments	Other Redemption Restrictions
Pooled separate accounts				
Blend	\$ 1,774,540	\$ 1,858,020	None	Daily
Bond	181,425	160,530	None	Daily
Government	28,014	16,681	None	Daily
Growth	1,885,173	1,615,896	None	Daily
Money market	343,268	9,729	None	Daily
Value	<u>756,037</u>	<u>767,807</u>	None	Daily
Investments at fair value	<u>\$ 4,968,457</u>	<u>\$ 4,428,663</u>		

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although management of the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fully Benefit-Responsive Investment Contracts

The traditional investment contracts held by the Plan are guaranteed investment contracts totaling \$16,659,778 and \$14,940,128 at December 31, 2020 and 2019, respectively. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. The contract issuers are contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rates are based on a formula agreed upon with the issuers, but it may not be less than 2%. Such interest rates are reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the Plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) premature termination of the contracts, (4) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (5) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

UPMC Western Maryland 403(b) Savings Plan
Notes to Financial Statements

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreements without the consent of the issuer.

5. Unaudited Information Certified by Custodians

The accompanying financial statements include the following unaudited information as of December 31, 2020 and 2019 and for the year ended December 31, 2020 that was obtained from data prepared and certified to be complete and accurate by the Plan's custodians.

	<u>2020</u>	<u>2019</u>
Investments at fair value	<u>\$ 112,242,551</u>	<u>\$ 96,001,417</u>
Investments at contract value	<u>\$ 16,659,778</u>	<u>\$ 14,940,128</u>
Notes receivable from participants	<u>\$ 1,833,836</u>	<u>\$ 2,309,133</u>
Net appreciation in fair value of investments	<u>\$ 13,520,140</u>	
Interest and dividends	<u>\$ 1,813,754</u>	
Interest income on notes receivable from participants	<u>\$ 119,558</u>	

6. Exempt Party-In-Interest Transactions

Certain plan investments are managed by VALIC and Principal. VALIC and Principal are the custodians as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid to the custodians by the Plan for administrative services were \$273,494 for the year ended December 31, 2020.

7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

8. Tax Status

Generally, a determination letter is issued by the Internal Revenue Service (the "IRS") for a qualified plan states whether the Plan meets the requirements of the Internal Revenue Code ("IRC"). The determination letter process does not currently apply to non-prototype 403(b) plans. The plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying 2020 and 2019 financial statements to Schedule H of Form 5500 as of December 31:

	<u>2020</u>	<u>2019</u>
Net assets available for benefits per the financial statements	\$ 135,906,358	\$ 118,504,088
Deemed distributions of participant loans not reflected on financial statements	<u>(4,140)</u>	<u>9,550</u>
Net assets available for benefits per the Form 5500	<u>\$ 135,902,218</u>	<u>\$ 118,513,638</u>

The following is a reconciliation of increases per the accompanying financial statements for the year ended December 31, 2020 to Schedule H of Form 5500.

Net change in net assets available for benefits per the Financial statements	\$ 17,402,270
Less prior year deemed distributed participant loans	(9,550)
Less current year deemed distributed participant loans	<u>(4,140)</u>
Net income per Form 5500	<u>\$ 17,388,580</u>

11. COVID-19

In March 2020, the World Health Organization declared the outbreak and spread of COVID-19, a novel strain of Coronavirus, a pandemic. The coronavirus outbreak has had far reaching and unpredictable impacts on the global economy, supply chains, financial markets, and global business operations of a variety of industries. Governments have taken substantial action to contain the spread of the virus including mandating social distancing, suspension of certain gatherings, and shuttering of certain nonessential businesses.

There is significant uncertainty in the nature and degree of its continued effects on the Plan. The extent to which it will impact the Plan going forward will depend on a variety of factors including the duration and continued spread of the outbreak, impact on the Plan Sponsor's customers, employees and vendors, as well as governmental, regulatory and private sector responses. Further, the pandemic may have a significant impact on management's accounting estimates and assumptions.
