Pinnacle Plastic Products Employee Stock Ownership Plan
Bowling Green, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of Pinnacle Plastic Products Employee Stock Ownership Plan (the Plan), which comprise the statements of net assets (deficit) available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets (deficit) available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the

reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets (deficit) available for benefits of the Pinnacle Plastic Products Employee Stock Ownership Plan as of December 31, 2020 and 2019, and the changes in net assets (deficit) available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplemental information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

PINNACLE PLASTIC PRODUCTS EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2020 and 2019

Note 1 – Description of the Plan

The following brief description of the Pinnacle Plastic Products Employee Stock Ownership Plan (the Plan and the ESOP) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Pinnacle Industrial Enterprises, Inc. (the Company) established the Pinnacle Plastic Products Employee Stock Ownership Plan effective December 31, 2018 to provide employees with the opportunity to accumulate capital ownership in the Company. The Plan, which is a leveraged ESOP, is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The main purpose of the ESOP is to hold shares of the Company and allocate benefits to participants. The Plan purchased Company common stock using the proceeds of a Company loan and holds the common stock in a trust established under the Plan. The borrowing is to be repaid over a period of thirty years by fully deductible Company contributions to the trust fund. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the IRC.

The borrowing is collateralized by the unallocated shares of common stock. The lender has no rights against shares of common stock once they are allocated under the provisions of the ESOP. Accordingly, the financial statements of the Plan as of and for the years ended December 31, 2020 and 2019, present separately the assets and liabilities and changes therein pertaining to:

1. The accounts of employees with rights in allocated common stock (Allocated); and
2. Common stock not yet allocated to employees (Unallocated).

Eligibility

Employees of the Company are generally eligible to participate in the Plan after one year of service, providing they worked at least 1,000 hours during the eligibility computation period and are 21 years of age. Once they become participants in the Plan, employees who have at least 1,000 hours worked during a Plan year or are employed on the last working day of such Plan year are generally eligible for an allocation of Company contributions for such year.

Use of Management's Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

PINNACLE PLASTIC PRODUCTS EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2020 and 2019

Note 1 – Description of the Plan (continued)

Payment of Benefits

Payments on account of death, disability, or retirement are made in the Plan year following the event. Payments for other separations from service commence in the sixth Plan year following the separation from service. Payments are made in substantially equal installments, however, involuntary distributions of participant account balances of \$5,000 or less are made in a lump sum. There were no distributions made from the Plan during 2020 or 2019.

Payments can be made in cash or Company stock. Under the provisions of the Plan, the Company is obligated to repurchase participant shares which have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations. The Company did not repurchase any shares during 2020 or 2019.

Voting Rights

Each participant and/or beneficiary is entitled to direct the voting of any Company securities allocated to his or her account with respect to any vote required for the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, or sale of substantially all the assets of the Company. With respect to the unallocated Company securities, and in all other instances, the Trustee shall exercise the voting rights.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeiture of terminated non-vested accounts. Only those participants who are eligible employees of the Company will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation.

PINNACLE PLASTIC PRODUCTS EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2020 and 2019

Note 1 – Description of the Plan (continued)

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company. The following schedule describes the Plan's vesting provision.

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2, but less than 3	20%
3, but less than 4	40%
4, but less than 5	60%
5, but less than 6	80%
6 or more	100%

Put Option

Under Federal income tax regulations, employer stock held by the Plan and its participants that is not readily tradable on an established market or subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, a participant may diversify up to 50% of shares not previously diversified, as discussed in the Plan document.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

PINNACLE PLASTIC PRODUCTS EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2020 and 2019

Note 2 – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The shares of Company common stock are valued at fair value. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Plan Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from the financial statements.

Forfeitures

Forfeitures of terminated non-vested account balances allocated to remaining participants at December 31, 2020 and 2019, totaled \$1,159 and \$22,958, respectively.

New Accounting Pronouncement

During 2020, the Plan adopted Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*. As a result of the adoption of ASU No. 2018-13, the Plan primarily removed and modified certain Level 3 fair value disclosures. This standard was adopted retrospectively. The adoption of this ASU did not have an impact on the Plan's net assets (deficit) or changes in net assets (deficit).

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2021, the date the financial statements were available to be issued.

PINNACLE PLASTIC PRODUCTS EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2020 and 2019

Note 3 – Tax Status

The Plan has applied for a determination letter from the Internal Revenue Service. As of the date the financial statements were available to be issued, the determination letter has not been received from the IRS. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan and the related trust are tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions.

Note 4 – Administration of Plan Assets

The Plan's assets, which consist principally of the Company's common stock as of December 31, 2020 and 2019, are held by the Trustee of the Plan, Prudent Fiduciary Services, LLC. Company contributions are held and managed by the Trustee, which invests cash received and makes distributions to participants. The Trustee administers the payment of interest and principal on the loan, which is reimbursed to the Trustee through contributions as determined by the Company.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Company. The Company acts as Plan Administrator utilizing Crowe LLP for professional administrative services.

Note 5 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at measurement date;

PINNACLE PLASTIC PRODUCTS EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2020 and 2019

Note 5 – Fair Value Measurements (continued)

Level 2: Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability; and

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

The fair value of the Company's common stock is based on an annual independent appraisal using Level 3 inputs. The December 31, 2020 and 2019 appraisals were based on a combination of the market and income valuation approaches. The appraiser considered historical and projected cash flow and net earnings, weighted average cost of capital, market comparables, and applicable discounts and premiums. The Plan Administrator, under the supervision of the Company's Board of Directors, determines fair value measurement policies and procedures. These policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investment valued at fair value in the statements of net assets (deficit) available for benefits is the Company's common stock which is considered a Level 3 investment.

For Level 3 investments, purchases for the years ended December 31, 2020 and 2019 totaled \$0 and \$14,352,811, respectively. There were no issuances or transfers into or out of Level 3 of the fair value hierarchy for the years ended December 31, 2020 and 2019.

Note 7 – Loan Payable

On June 14, 2019, the ESOP purchased 600,000 shares of the Company's common stock from the Company's former stockholders for \$14,352,811. The purchase of these shares was funded by cash loaned by the Company to the ESOP in the amount of \$14,002,811. All unallocated shares of the Company are collateral for the loan. The agreements provide for the loan to be repaid annually over 30 years in annual installments of \$683,081, including interest at an annual rate of 2.76%.

The following is a schedule of future minimum principal payments on the above loan.

Note 8 – Employer Contributions

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan.

Note 9 – Related-Party Transactions and Party-In-Interest Transactions

As more fully described in Note 1, the Plan invests in the Company's common stock and purchased such shares from the former shareholders. As more fully discussed in Note 7, as part of the purchase agreement, the Plan obtained a loan from the Company. Interest paid on this loan totaled \$372,930 and \$211,768 for the years ended December 31, 2020 and 2019, respectively.

The Company paid substantially all Plan expenses. The Company and service providers are parties-in-interest under ERISA.

Note 10 – Risks and Uncertainties

The Plan's assets are entirely in Company stock. The stock is exposed to a variety of uncertainties, including interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is possible that changes in the values of these assets could occur in the near term. Such changes could materially affect the amounts reported in the financial statements of the Plan.

During 2020, the Company was notified by the Department of Labor that they were auditing the Plan. Management is not aware of any matters that would affect the Plan's financial statements, footnotes, or supplemental schedules; however, the final outcome of the audit is unknown at this time. The accompanying financial statements do not include any adjustments that might result from this uncertainty.
