NOTE A -- Plan description

The following brief description of the Telstar Instruments, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document or Summary Plan Description for more complete information.

General

Telstar Instruments, Inc. (the Company), as the Plan sponsor, adopted the Fidelity Basic Plan Document No. 17 prototype Defined Contribution Plan as its Plan effective June 22, 2015. The Plan was amended and restated effective February 14, 2018. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Plan's trustees appointed by the Company's Board of Directors. Fidelity Workplace Services, LLC serves as the Plan recordkeeper and Fidelity Management Trust Company serves as the Plan trustee.

CARES Act and Hardship Distributions

In April 2020, the Company elected to adopt the Coronavirus Aid, Relief, and Economic Security (CARES) Act provisions for distribution relief for coronavirus-related distributions and loan relief to 1) delay certain required loan repayments for one year and 2) increase loan limits to the lesser of $100,000 or 100 percent of the participant's vested balance for coronavirus-related loans. The Plan also waived minimum distribution requirements for any distribution made in the year 2020.

The Plan also implemented the amendments to the Treas. Reg § 1.401(k)-1(d) hardship regulations effective January 1, 2020, thereby removing the six-month prohibition on contributions after a hardship distribution, under the safe harbor for distributions treated as made to satisfy a financial need and the safe harbor that deems a distribution to be made on account of an immediate and heavy financial need of the employee.

Eligibility

Employees of the Company are generally eligible to participate in the Plan after having completed three months of service and are eighteen years of age or older during the Plan year. Employees covered by a collective bargaining agreement are not eligible to participate in the Plan, unless the agreement requires the employees to be included under the Plan. Any individuals with any documentation acknowledging status as an independent contractor are not eligible to participate in the Plan.

NOTE A -- Plan description (continued)

Contributions

Participants may make voluntary elective deferral contributions subject to prescribed limitations as well as rollover contributions from a qualified plan. (Participants may designate their elective deferral contributions as pre-tax elective deferrals or Roth elective deferrals in any proportion they choose). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each year, the Company may contribute discretionary matching contributions as determined by the Board of Directors. Participants become eligible to receive matching contributions from the Company only if they make elective deferral contributions and are employed as of the last day of the year.

The Company did not make a discretionary matching contribution for the year ended December 31, 2020.

Payment of benefits

On termination of service due to death, disability or retirement, a participant is entitled to receive the participant's vested aggregate account balance and may choose to leave the assets invested in the Plan or take a lump-sum distribution. However, the Plan's administrator, without the consent of the participant, may distribute a participant's vested aggregate account balance in a lump-sum any time after a participant terminates employment if the participant's account balance does not exceed $5,000.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants would become one hundred percent (100%) vested in all amounts credited to their accounts.

Participant accounts

Separate accounts are maintained for each participant; an elective deferral contribution account, an elective Roth deferral contribution account, a discretionary matching contribution account, a rollover contribution account and a qualified non-elective contribution account (if applicable). Each participant's elective contribution account is credited with the participant's elective contributions and rollovers and an allocation of the Plan's earnings attributable to the elective account.

Each participant's matching contribution accounts are credited with the Company's contributions, along with an allocation of the Plan's earnings attributable to these accounts. Investment direction for each participant's account is provided by the participant.

NOTE A -- Plan description (continued)

Vesting

Participants are fully and immediately vested in their elective deferral contribution, rollover contribution and qualified non-elective contribution accounts together with allocated Plan earnings thereon. A participant's interest in the employer matching contributions is vested according to the following schedule:

Years of service	Vested percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeiture

Forfeitures are retained in the Plan and first used to pay administrative expenses. Any remaining amounts will be used to reduce future employer contributions payable under the Plan. There were no forfeited amounts for the year ended December 31, 2020.

NOTE B -- Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment valuation and income recognition

The Plan's investments are valued at fair market value as of the Plan's year-end, taking into consideration investment earnings credited, expenses charged, payments made and changes in the value of the assets held in the funds. Fair market value is determined by quoted market prices.

Purchases and sales of the funds are recorded on a trade-date basis. Dividend and interest income is recorded on an accrual basis as earned.

NOTE B -- Summary of accounting policies (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Participants may borrow up to the lesser of 50% or $50,000 from their account balances, subject to plan provisions. The repayment term of the loans may vary from one to five years with the exception of a loan used to purchase a primary residence. The loans are secured by the participants' interests in the Plan's assets and bear interest at a rate that is comparable for similar types of loans by other lenders. Payments of interest and principal are made by withholding from each paycheck.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses incurred in the administration of the Plan are paid directly by the Company. Fees related to the administration of notes receivable from participants, distributions, and terminated employees' accounts are charged directly to the participant's account and are included in administrative expenses.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE C -- Investments

The Plan's investments are held in various money market and mutual funds. Participants may direct their contributions to any of the available investment options. The investments as of December 31, 2020 are noted on the supplemental schedule.

NOTE C – Investments (continued)

The following investments represent 5% or more of the Plan's net assets at December 31:

	2020	2019
Fidelity Freedom 2010 - 2055	$ 5,277,089	$ 4,959,233
Fidelity Govt. Money Market	$ 1,916,742	$ 1,314,158
Fidelity 500 Index	$ 257,532	$ 1,620,535

NOTE D -- Fair value measurements

In accordance with generally accepted accounting principles, the Plan has categorized all investment assets according to the fair value hierarchy as either: Level 1, observable inputs that are derived from quoted prices (unadjusted) for identical assets or liabilities in an active market; Level 2, quoted prices in non-active markets or in active markets for similar assets or liabilities, inputs other than quoted prices that are observable, and inputs that are not directly observable, but are corroborated by observable market data; or Level 3, unobservable inputs, which cannot be corroborated by external market data.

The Plan does not hold any Level 2 or Level 3 investment assets. The following table summarizes the Level 1 investment assets held by the Plan at December 31:

	2020	2019
Money market funds	$ 1,916,742	$ 1,314,158
Mutual funds:		
Growth funds	2,575,810	170,766
Balanced funds	160,709	130,832
Fixed income funds	5,538,969	7,323,328
Value funds	90,284	76,935
Index funds	287,610	1,630,103
Total mutual funds	8,653,382	9,331,964
Total investments	$ 10,570,124	$ 10,646,122

The fair value of mutual funds is based on the quoted net asset values of the shares held by the Plan at year end.

NOTE E -- Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE F -- Tax status

The Plan's prototype (non-standardized) has received a favorable determination letter from the Internal Revenue Service dated March 31, 2014, with respect to the tax-exempt status of the Plan. The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan is qualified, and the related trust is tax-exempt as of the date of the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.
