FIELDTURF USA 401(k) Plan
Notes to Financial Statements
DECEMBER 31, 2020 and 2019

Note 1. Description of the Plan

The following description of the FieldTurf USA 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan covers eligible employees of FieldTurf USA as well as its subsidiaries; Beynon Sports Surfaces, Inc., DeFargo Sports Surfaces, Inc., L.E.R., Inc. d/b/a Renner Sports and Atlas Tracks, Inc. (collectively referred to as "the Company"). The Plan is still considered a single employer plan since the participating employers are considered to be a controlled group as defined by IRS regulations.

The Plan consists of a profit sharing feature, which were discontinued as of June 1, 2020, as well as 401(k) features. The profit sharing feature was a discretionary defined contribution profit sharing plan covering all eligible employees. The 401(k) feature includes elective employee salary deferrals and employer matching contribution features. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investments, monitors investment performance, and reports to the Plan's Board of Trustees.

Plan Amendment. On June 1, 2020 the Plan was amended to eliminate the Company's profit sharing feature and its employer match contribution.

Contributions. Under the 401(k) feature, participants may contribute up to 100% of their eligible pre-tax annual compensation, as defined by the Plan. This deduction may not exceed the maximum amount allowed under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Prior to June 1, 2020, the Company contributed 100% of the first 3% of base compensation plus 50% of base compensation up to 4% total that a participant contributes to the Plan. Subsequent to the amendment of the Plan on June 1, 2020, the Company no longer matches participant contributions.

Contributions are subject to certain Internal Revenue Service limitations.

Note 1. Description of the Plan (continued)

Participant Accounts. Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings and is reduced for loans, withdrawals, benefit distributions and an allocation of any administrative expenses paid by the plan. All of the Plan's investment options are fully participant directed. Upon enrollment in the Plan, a participant may direct contributions into any of the Plan's investment options. Participant accounts are further credited or charged with their pro rata share of earnings or losses of the total investments in each investment account and their share of administrative expenses. Allocation are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Eligibility. After an employee has been with the Company for more than two months and has worked 1,000 hours, the employee becomes eligible for the Plan on the first day of the following month. Once past the initial eligibility period, an employee is eligible to share in the Company contributions each year.

Vesting. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are also immediately vested in the Company's contribution portion of their accounts. As a result, there are no forfeitures to allocate among participant accounts.

Notes Receivable from Participants. Participants may borrow from their account up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable are considered to be a directed investment from the account(s) of the participant maintained under the Plan. As such, all payments of principal and interest made by the participant will be credited only to the accounts(s) of such participant. Note receivable terms cannot exceed 5 years unless the note is for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits. On termination of service due to death, disability, participant's termination of employment, or Company termination of the Plan, the participant or designated beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution, including a rollover to an individual retirement account. A participant may also make a hardship withdrawal from his or her elective deferral account in the event of sever financial need (as defined by the Internal Revenue Service Regulations). Hardship distributions can be made in an amount up to 100% of the participant's elective deferrals.

See independent auditors' report.

DECEMBER 31, 2020 and 2019

Note 2. Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Plan Expenses. Investment expenses and commissions are paid by the Plan. A portion of other administrative expenses and professional fees are typically paid by the Plan sponsor. Expenses that are paid by the Plan sponsor are excluded from these financial statements. Most investment related expenses are included in the net appreciation of fair value of investments. The other expenses paid by the Plan are included in Administrative and professional fees on the Statements of Changes in Net Assets Available for Benefits.

Payment of Benefits. Benefits are recorded when paid.

Investment Valuation and Income Recognition. Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants. Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant’s account and are included in administrative expenses when incurred. As of December 31, 2020 and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

DECEMBER 31, 2020 and 2019

Note 2. Summary of Significant Accounting Policies (continued)

Risk and Uncertainties. The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, prepayment, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Administration of Plan Assets. The Plan's assets are held by Nationwide Trust Company, FSB ("Nationwide"), the Trustee of the Plan. Approximately 3.6 and 1.6 percent of the total assets as of December 31, 2020 and 2019, respectively, were invested in a guaranteed investment contract managed by Nationwide, a party-in-interest to the Plan (as defined by ERISA).

Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants. Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan.

Excess Contributions Payable. Amounts payable to participants totaling \$104,413 for contributions in excess of amounts allowed by the IRS are recorded as a liability at December 31, 2020, with a corresponding reduction to 2020 contributions. The Plan distributed the 2020 excess contributions prior to March 15, 2021.

Subsequent Events. During the subsequent period the Company has reinstated its matching contribution of 100% of the first 3% of base compensation plus 50% of base compensation up to 4% of a participant's total contribution to the Plan. The Plan will be formally amended as soon as administratively feasible.

The Plan has evaluated subsequent events through October 15, 2021, the date which the financial statements were available to be issued.

Note 3. Investment in Insurance Contract

At December 31, 2020 and 2019, the Plan had invested in a guaranteed investment contract related investment option, the Fixed Select Contract issued by Nationwide Financial Services, Inc. and Subsidiaries ("NFS").

See independent auditors' report.

FIELDTURF USA 401(k) Plan
Notes to Financial Statements
DECEMBER 31, 2020 and 2019

Note 3. Investment in Insurance Contract (continued)

NFS maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the plan by NFS. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the plan by NFS, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2020 and 2019 was \$1,029,232 and \$414,689, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 2.1 percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The average yields based on the interest rate credited to participants and based on actual earnings were both 2.1% for the years ending December 31, 2020 and 2019.

See independent auditors' report.

FIELDTURF USA 401(k) Plan

DECEMBER 31, 2020 and 2019

Note 4. Fair Value Measurements

The Plan's investments are valued at fair value based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: At December, 31, 2020 and 2019, mutual funds are valued based on quoted market prices. Shares of mutual funds are valued at quoted market prices as of the last trading day of the Plan year. Participant loans are valued at amortized cost, which represents fair value.

Total investments in the fair value hierarchy	<u>\$ 18,065,177</u>	<u>\$ 346,462</u>	<u>\$ -</u>	<u>\$ 18,411,639</u>

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 6. Information Certified By the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Trust Company, FSB (the trustee of the Plan), has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions of December 31, 2020 and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2020 and 2019.

See independent auditors' report.

DECEMBER 31, 2020 and 2019

Note 7. Tax Status

The Plan is a tax-qualified retirement plan under Code Section 401(a), with a qualified cash or deferred arrangement under Code Section 401(k). The Plan is an adopted form of the Prototype Standardized Profit Sharing Plan with CODA (Volume Submitter Plan). The Volume Submitter Plan obtained an opinion letter from the IRS dated March 31, 2014, which stated that the language of the Volume Submitter Plan was in compliance with the applicable requirements of the Code. The volume submitter plan option letter has been relied upon by this Plan. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Related Party Transactions

The Plan holds certain investments in a guaranteed investment contract that is managed by an affiliate of the Plan trustee. This affiliate is considered a party-in-interest (as defined in ERISA) to the Plan. As of December 31, 2020 and 2019, funds of \$1,029,232 and \$414,689 respectively, were held in such investments and are considered party-in-interest transactions.
