Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Premier Home Health Care Services, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2020

1. Plan Description

The following description of the Premier Home Health Care Services, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering non-union employees of Premier Home Health Care Services, Inc. and its wholly-owned subsidiaries; Premier Home Health Care of Massachusetts, Inc.; Premier Live-Ins, Inc.; Maranatha d/b/a Better Health Care, Inc.; Priority Home Care, Inc., At Home, LTD and Barele d/b/a Omega Home Care, Inc. (the "Companies"), who are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Initial entry date into the Plan is permitted on the first day of each month after the participant has completed the necessary eligibility requirements. The Administrative Committee is responsible for oversight of the Plan, including the appropriateness of the Plan's investment offerings and monitoring investment performance.

On July 1, 2019, Principal Financial Group completed their acquisition of Wells Fargo & Company's Institutional Retirement & Trust business ("Wells Fargo"). The acquisition includes Wells Fargo's defined contribution, defined benefit, executive deferred compensation, employee stock ownership plans, institutional trust and custody and institutional asset advisory businesses. Integration between Principal Financial Group and Wells Fargo is still in process.

On March 27, 2020, the President signed into law the U.S. Coronavirus Aid, Relief and Economic Security Act (the "CARES Act"). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the following provisions:

- Eligible coronavirus distributions up to $100,000 for Plan participants;
- Extend the period for loan repayments, if applicable, up to one year;
- Increase the limit of loans up to the lessor of $100,000 or 100% of a participant's vested account balance; and
- Suspend required minimum distributions for 2020.

Contributions

Each year, participants may contribute up to 100% of their annual compensation to the Plan on a pre-tax basis, up to a maximum allowed by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Companies may make discretionary matching contributions. During the years ended December 31, 2020 and 2019, the Company elected not to make any Employer contributions.

1. Plan Description *(continued)*

Participant Accounts

Each participant's account is credited with the participant's contribution. Allocation of the discretionary employer matching contribution are based on participant compensation. Allocation of the Plan earnings (losses) are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is based on account balances that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions, plus actual earnings thereon. Vesting in Company discretionary contributions plus actual earnings thereon are based on years of continuous service. Such contributions, if any, vest in accordance with the Plan's vesting schedule wherein after three years of service and a minimum of 1,000 hours per year, a participant is 100% vested.

Years of Service	Vested Percentage
Less than 3	0%
3	100%

Forfeitures

If a participant terminates their employment with the Companies, the non-vested contribution plus allocated earnings thereon may be used to reduce future employer contributions. Any remaining forfeitures not used to reduce employer contributions may be used to reduce administrative expenses of the Plan. At December 31, 2020 and 2019, forfeited account balances held in non-participant directed accounts totaled $1 and $0. During 2020 and 2019, $0 and $516 of plan expenses were paid from forfeited non-vested accounts.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to any of various investment options offered by the Plan.

Notes Receivable from Participants

Participant employees are allowed to borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the outstanding balance of any existing loans, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates as determined by the plan administrator. Interest is charged at prime plus 1% at the date the loan is initiated. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a participant's primary residence. Only two loans are permitted at a time. Principal and interest are paid ratably through payroll deductions.

1. Plan Description *(continued)*

Payment of Benefits

Benefit payments are made upon normal retirement, death, disability or termination of service. The benefits are paid in a lump-sum payment or distributed in installments in accordance with the Plan document. In addition, the Plan allows hardship withdrawals, and if the participant has reached 59 ½, in-service distributions are also permitted. The Plan has a mandatory cash out provision if the participant terminates employment and the vested account balance does not exceed $5,000.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Accounting Methods

Net assets available for benefits and changes in net assets available for benefits differ from that reported on IRS Form 5500, Annual Return/Report of Employee Benefit Plans. This difference is the result of using the cash basis for governmental reporting purposes and the accrual basis for financial reporting purposes. See Note 8 for a reconciliation of the financial statements to Schedule H of Form 5500.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value.

Purchases and sales are recorded on a trade-by-trade basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participant

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

2. Summary of Significant Accounting Policies *(continued)*

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan Sponsor and are excluded from these financial statements. Administrative fees for transaction charges are paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments.

Reclassifications

Certain amounts in the prior period have been reclassified to conform to the current period financial statement presentation. These reclassifications have no effect on previously reported changes in net assets available for benefits.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 14, 2021.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A., the trustee of the Plan, has certified to the completeness and accuracy of all the investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the related investment and notes receivable from participants activity reflected in the statements of changes in net assets available for benefits for the years then ended, and the supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2020.

4. Fair Value Measurements

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC"), FASB ASC 820, "Fair Value Measurements", establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

4. Fair Value Measurements *(continued)*

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2020 and 2019.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common and collective trust funds: The fair value of the common and collective trust funds is based on the daily NAV of the units held by the Plan at year end, which is used as a practical expedient to approximate fair value. Investments in common and collective trust funds represent a unit of account whose per unit value is the result of the accumulated values of the underlying investments determined at fair value NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements *(continued)*

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value on as of December 31:

	2020		
	Level 1	Other Investments Measured at NAV *	Total
Common/Collective Trust	$ -	$ 638,187	$ 638,187
Mutual Funds	5,856,497	-	5,856,497
	$ 5,856,497	$ 638,187	$ 6,494,684

	2019		
	Level 1	Other Investments Measured at NAV *	Total
Common/Collective Trust	$ -	$ 479,910	$ 479,910
Mutual Funds	5,046,953	-	5,046,953
	$ 5,046,953	$ 479,910	$ 5,526,863

(*) In accordance with U.S. GAAP, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Party-In-Interest Transactions

Certain investments of the Plan are managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. is the trustee of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

Certain administrative functions are performed by officers or employees of the Companies. No officer or employee receives compensation from the Plan.

6. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the volume submitter plan document preparer by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more than likely would be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31:

	2020	2019
Net assets available for benefits per the financial statements	$ 6,631,990	$ 5,631,261
Participant loan defaults processed in subsequent year	-	21,170
Net Assets Available for Benefits per Form 5500	$ 6,631,990	$ 5,652,431

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to Schedule H of Form 5500:

	2020	2019
Change in net assets available for benefits per the financial statements	$ 1,000,729	$ 1,194,667
Participant loan defaults processed in subsequent year	(21,170)	21,170
Participant contributions receivable	-	1,459
Net income per Form 5500	$ 979,559	$ 1,217,296

9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global economic uncertainty associated with the novel coronavirus (COVID-19) pandemic has resulted in significant volatility in global financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2020 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted due to uncertainty regarding the duration and scope of the pandemic and other changing market conditions.
