LINEN KING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

Note 1 – Description of the Plan

Linen King (the Company or Employer) sponsors the Linen King 401(k) Plan (the Plan). The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of the Company's employees, except for collective bargaining employees and nonresident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Company. Transamerica Life Insurance Company (Transamerica) processes and maintains the records of the participant data and holds the Plan assets. David K. Young Consulting, LLC serves as a third-party administrator of the Plan.

Eligibility

Nonexcluded employees who have reached 18 years of age and have completed six months of service are eligible to participate in the Plan. Participants are automatically enrolled in the Plan on the first day of the quarter after satisfying eligibility requirements.

Contributions

Participants may contribute up to 100% of their compensation, as defined in the Plan document, as either pretax or Roth deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Eligible employees are automatically enrolled in the Plan with a 3% deferral rate. Eligible employees who do not wish to participate in the Plan may affirmatively elect to opt out, or they may elect a different deferral percentage.

The Plan also provides for discretionary Employer matching contributions. For the year ended December 31, 2020, the Company matched 50% of participant deferrals up to 6% of a participant's compensation. Employer matching contributions are based on deferrals made each payroll period.

Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participant accounts

Each participant's account is credited with participant contributions, Employer matching contributions, and allocations of Employer profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant

earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in Employer contributions is based upon years of continuous service as follows:

<u>Years of service</u>	<u>Vesting percentage</u>
Less than two years	0%
Two, but less than three	20%
Three, but less than four	40%
Four, but less than five	60%
Five, but less than six	80%
Six years or more	100%

Participants automatically become 100% vested upon normal retirement (attainment of age 65). Participants who terminate for any other reason are entitled to the vested amount of their accounts.

Refund of excess contributions

The Plan failed to pass the Average Deferral Percentage (ADP) and the Actual Contribution Percentage (ACP) for the years ended December 31, 2020 and 2019. The refund of excess contributions is reported as a liability in the accompanying statements of net assets available for benefits and as a reduction of participant contributions. The Plan distributed the 2020 and 2019 refund of excess contributions to the applicable participants prior to March 15, 2021 and 2020, respectively.

Payment of benefits

Upon retirement, termination, or death, a participant, or his or her beneficiary in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, participants may take in-service distributions upon reaching age 59½. Upon termination, automatic distributions are required for balances of less than \$5,000. Automatic distributions above \$1,000 made without the participant's consent are rolled into an individual retirement account designated by Transamerica. Generally, certain minimum distributions are required for participants who have separated from service and have reached age 70½ before January 1, 2020, or age 72 if age 70½ is reached on or after January 1, 2020. The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

Forfeitures

Forfeitures may be used to restore participant balances previously forfeited, to pay Plan administrative expenses or to reduce Employer contributions. For the year ended December 31, 2020, forfeitures in the amount of \$3,493 were used to pay Plan administrative expenses. The Plan had unallocated forfeitures of \$12,882 and \$14,610 as of December 31, 2020 and 2019, respectively.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets. Investment expenses netted against investment income represent amounts associated with the net expense ratios of the investments in the Plan's fund lineup.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates

The preparation of the financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by Transamerica. See Note 4 for discussion of fair value measurements and Note 5 for contract value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits

Benefit payments are recorded when paid. There were no benefits requested before the year-end that were not paid.

Subsequent events

The Plan administrator has evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued.

Note 3 – Information Certified by Transamerica

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown on the statements of net assets available for benefits as of December 31, 2020 and 2019;
- Net investment activity as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020;
- Investment information included in the footnotes and on the supplemental schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value Measurements and Investments Measured Using the Net Asset Value per Share as a Practical Expedient

Investments held by the Plan as of December 31, 2020 and 2019, consisted of pooled separate accounts. The following is a description of the valuation methodology used for assets measured at fair value on a recurring basis:

Pooled separate accounts – Stated at fair value as determined by the issuer of the pooled separate accounts based on the fair market value of the underlying investments, which is valued at the net asset value (NAV) as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes investments for which fair value is measured using the NAV per share as a practical expedient as of December 31:

Investments	Fair value as of December 31,		Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
	2020	2019			
Pooled separate accounts	<u>\$ 2,212,970</u>	<u>\$ 1,421,226</u>	n/a	Daily	n/a

Note 5 – Fully Benefit Responsive Investment Contract

The Plan holds a stable value core option contract issued by Transamerica. This contract is considered a traditional fully benefit responsive investment contract, and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

Transamerica is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The effective credited interest rate is set semi-annually and is effective on January 1 and July 1. Contract charges may reduce this return. Although participants generally may withdraw assets from the contract, Transamerica may impose a hold period in the event of a full contract discontinuance or partial contract discontinuance. There is a 12-month redemption restriction, and no unfunded commitments as of December 31, 2020.

The Plan's ability to receive amounts due in accordance with the fully benefit responsive investment contract is dependent on Transamerica's ability to meet its financial obligations. Transamerica's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

In addition, certain events allow Transamerica to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include:

- Plan termination
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer
- The sum of the contract account values at any time equals \$20,000 or less

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6 – Related Party and Party-in-Interest Transactions

Certain administrative expenses, totaling approximately \$9,300, were paid by the Company on behalf of the Plan for the year ended December 31, 2020. The Company does not expect reimbursement from the Plan for these expenses. Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

The investments are managed by Transamerica. These transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan are included in net appreciation in fair value of investments.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Employer contribution portion of their accounts.

Note 8 – Tax Status

The Company adopted a nonstandardized prototype plan (the Prototype Plan) sponsored by CCH INCORPORATED DBA FT.WILLIAM.COM. The Internal Revenue Service has determined and informed the Prototype Plan sponsor by a favorable opinion letter dated March 31, 2014, that the Prototype Plan is designed in accordance with the applicable sections of the Code. The Prototype Plan's opinion letter is being relied on by the Plan. Although the Plan has been amended since receiving the opinion letter, Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. In addition, on January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the

world has resulted in substantial volatility in financial markets. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported on the statements of net assets available for benefits.
