To the plan administrator of
Cordoba Corporation 401(k) Plan
Los Angeles, California

Report on the financial statements

We were engaged to audit the accompanying financial statements of Cordoba Corporation 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020 and 2019 and for the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other matter - supplemental schedule

The supplemental schedule of Schedule H, Part IV, Line 4(i) - Schedule of assets (held at end of year) as of December 31, 2020, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule referred to above.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the key terms and provisions of Cordoba Corporation 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution and profit sharing plan, established on July 1, 2004, covering the employees of Cordoba Corporation (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments. The Company is the Plan's sponsor and serves as the plan administrator and is responsible for oversight of the Plan as well as determining the appropriateness of the Plan's investment offerings and monitoring of investment performance. The Plan's record-keeper is Fidelity Workplace Services LLC and the trustee is Fidelity Management Trust Company (the "Trustee").

Eligibility

Full-time employees of the Company are eligible to participate in the Plan after attaining age 21. Participation in the Plan for full-time employees is effective the first day of the following month upon hire. Upon the participant's eligibility, the participant is automatically enrolled in the Plan with an automatic deferral set at 4% of eligible compensation unless the participant makes a contrary election. Part-time employees are eligible to participate after attaining age 21 and completing one year of service and at least 1,000 hours of service during the Plan year. Participation for part-time employees is effective the first day of the following month after eligibility requirements are met.

Contributions

Each year, participants are able to contribute up to 75% of their pre-tax eligible compensation, as defined by the Plan agreement, in an amount not in excess of the maximum allowed by the Internal Revenue Code ("IRC"). A participant may designate all or part of their elective contribution as a Roth, after-tax basis, contribution. Participants who have reached age 50 as of the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollover amounts representing distributions from other qualified plans.

The Company, at its discretion, may make matching contributions equal to a discretionary percentage of the participant's eligible compensation contributed to the Plan. During the year ended December 31, 2020, the Company made discretionary matching contributions equal to 50% of the first 7% of a participant's eligible deferred compensation. The Company, at its discretion, may also make a discretionary profit sharing contribution in accordance with the provisions of the Plan document. To become eligible for discretionary profit sharing contributions, employees must make deferral contributions, complete at least one year of service and 1,000 hours of service during the Plan year and be employed the last day of the year. The Company did not elect to make a discretionary profit sharing contribution for the year ended December 31, 2020.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Contributions (continued)

In addition, the Company may make qualified non-elective contributions ("QNEC"). A QNEC is a discretionary, fully vested contribution. The Company may direct that QNECs be allocated specifically to designated non-highly compensated employees in varying percentages of compensation as permitted by law.

Participant accounts

Each participant's account is credited with the participant's contributions, rollover contributions, the Company's contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her accounts to any of the investment options available under the Plan.

Vesting

Participants are vested immediately in their voluntary contributions and rollovers, plus actual earnings thereon, and any QNECs. A participant is fifty percent (50%) vested in employer matching contributions after two (2) years of credited service and one hundred percent (100%) after three (3) years of credited service. Vesting in employer discretionary profit sharing contributions is based on the years of continuous service and is subject to the graded vesting schedule as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

To earn a year of service, a participant must be credited with at least 1,000 hours of service during a Plan year, as defined by the Plan. A participant is entitled to 100% of his or her balance upon retirement, death or disability.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms shall not exceed five years, unless the loan is for the purchase of a primary residence, in which case the plan administrator may permit a longer repayment term not to exceed ten years. The loans are secured by the balance in the participant's account. Each loan bears a commercially reasonable rate of interest as set by the plan administrator and is typically paid ratably through payroll deductions. Loans outstanding at December 31, 2020 and 2019 bore interest at rates ranging 3.25% to 6.50% per annum. Loans outstanding at December 31, 2020 mature through August 2030.

Payment of benefits

On termination of service due to death, disability, retirement, or for other reasons specified by the Plan document, a participant (or beneficiary) may have elected to receive either a lump-sum amount equal to the value of the vested interest in the participants' account, a distribution under a systematic withdrawal plan, or a direct transfer into another qualified plan that accepts transfers. Normal retirement age is 65. In-service distributions are also permitted after age 59½, and upon meeting certain requirements as defined by the Plan. The Company may periodically distribute the funds of terminated participants who did not make a distribution election; however, participant consent is required for distributions where the vested account balance exceeds $5,000.

Hardship withdrawals

A participant may be permitted to withdraw a portion or all of the balances of their individual account that is attributable to the participant's pre-tax deferral contributions (without earnings), Roth deferral contributions (without earnings), profit sharing and matching contributions for the reasons specified by and to the extent permitted under regulations issued by the Internal Revenue Service ("IRS").

Forfeited accounts

Forfeited balances of terminated participants' non-vested accounts are used first to restore rehired participants' previous forfeitures, then may be used to pay Plan expenses or reduce future Company contributions. During the year ended December 31, 2020, $161,655 of forfeited employer matching contributions were applied to offset matching contributions. During the year ended December 31, 2019, there were no forfeitures used to offset Company contributions. Unallocated forfeitures at December 31, 2020 and 2019 amounted to $115,233 and $175,254, respectively.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Coronavirus Aid, Relief, and Economic Security Act Relief

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was enacted and signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. The Company has evaluated the relief provisions available to Plan participants under the CARES Act and has determined to implement the following: special coronavirus distributions up to $100,000, suspension of required loan repayments that would otherwise be due in 2020 for up to one year following, and suspended required minimum distributions for 2020.

Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value, except for the guaranteed investment contract that is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation in fair value of investments includes the Plan's gains and losses in investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Plan expenses

The Plan permits the payment of Plan expenses to be made from the Plan's assets. Certain administrative expenses of maintaining the Plan may be paid directly by the Company, which is a party-in-interest. These expenses are not reflected in the financial statements and constitute exempt party-in-interest transactions under ERISA.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following unaudited information in the financial statements was certified to be complete and accurate by the Trustee, within the meaning of 29 CFR 2520.103-5 of the Department of Labor's ("DOL") Rules and Regulations for reporting and disclosure under ERISA:

- All amounts included as investments and notes receivable from participants in the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019;

- Net appreciation in fair value of investments, dividends, and interest for the year ended December 31, 2020 included in the Statement of Changes in Net Assets Available for Benefits; and

- All information in the Supplemental Schedule of Assets (held at end of year) as of December 31, 2020.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Self-directed brokerage accounts primarily consist of common stocks that are valued on the basis of readily determinable market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 18,891,398	$ -	$ -	$ 18,891,398
Self-directed brokerage accounts	209,099	-	-	209,099
Total investments at fair value	$ 19,100,497	$ -	$ -	$ 19,100,497

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,061,356	$ -	$ -	$ 13,061,356
Self-directed brokerage accounts	121,749	-	-	121,749
Total investments at fair value	$ 13,183,105	$ -	$ -	$ 13,183,105

NOTE 5 - GUARANTEED INVESTMENT CONTRACT

The Plan's investments include a Guaranteed Income Fund which is a guaranteed investment contract designed to provide safety of principal, liquidity and a competitive rate of return. The Guaranteed Income Fund is a group annuity guaranteed investment contract issued by Prudential Retirement Insurance and Annuity Company ("PRIAC"). Amounts contributed to the guaranteed investment contract are deposited in PRIAC's general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Payment obligations and the fulfillment of any guarantees specified in the contract are insurance claims supported by the full faith and credit worthiness of PRIAC. PRIAC periodically resets the interest rate credited on contract balances, subject to a minimum rate specified in the contract.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would also limit the ability of the Plan to transact at contract value with the participants. In addition, there were no events that allowed PRIAC to terminate the contract with the Plan and settle at an amount different than contract value.

NOTE 6 - PLAN TERMINATION

Although it is currently the intent of the Company to continue the Plan, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

NOTE 7 - TAX STATUS

The IRS issued an opinion letter dated June 30, 2020 indicating that the pre-approved plan document adopted by the Plan, as then designed, was in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, Company management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement dates.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment instruments, including mutual funds. Investment instruments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

In January 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. Since the value of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

NOTE 9 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under the DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Plan investments are managed by the Trustee. Transactions with the Trustee qualify as exempt party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. The administrative fees paid by the Plan include account fees which are charged to participants, and third-party fees for Plan administration. Investment management fees and expenses paid to parties-in-interest are reflected as a reduction in the investment returns of the individual investments held by the Plan and reflect party-in-interest transactions.

NOTE 10 - SUBSEQUENT EVENTS

Subsequent events have been evaluated by the Plan through October 13, 2021, which is the date the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To the plan administrator of
Cordoba Corporation 401(k) Plan
Los Angeles, California

Report on the financial statements

We were engaged to audit the accompanying financial statements of Cordoba Corporation 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020 and 2019 and for the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other matter - supplemental schedule

The supplemental schedule of Schedule H, Part IV, Line 4(i) - Schedule of assets (held at end of year) as of December 31, 2020, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule referred to above.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the key terms and provisions of Cordoba Corporation 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution and profit sharing plan, established on July 1, 2004, covering the employees of Cordoba Corporation (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments. The Company is the Plan's sponsor and serves as the plan administrator and is responsible for oversight of the Plan as well as determining the appropriateness of the Plan's investment offerings and monitoring of investment performance. The Plan's record-keeper is Fidelity Workplace Services LLC and the trustee is Fidelity Management Trust Company (the "Trustee").

Eligibility

Full-time employees of the Company are eligible to participate in the Plan after attaining age 21. Participation in the Plan for full-time employees is effective the first day of the following month upon hire. Upon the participant's eligibility, the participant is automatically enrolled in the Plan with an automatic deferral set at 4% of eligible compensation unless the participant makes a contrary election. Part-time employees are eligible to participate after attaining age 21 and completing one year of service and at least 1,000 hours of service during the Plan year. Participation for part-time employees is effective the first day of the following month after eligibility requirements are met.

Contributions

Each year, participants are able to contribute up to 75% of their pre-tax eligible compensation, as defined by the Plan agreement, in an amount not in excess of the maximum allowed by the Internal Revenue Code ("IRC"). A participant may designate all or part of their elective contribution as a Roth, after-tax basis, contribution. Participants who have reached age 50 as of the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollover amounts representing distributions from other qualified plans.

The Company, at its discretion, may make matching contributions equal to a discretionary percentage of the participant's eligible compensation contributed to the Plan. During the year ended December 31, 2020, the Company made discretionary matching contributions equal to 50% of the first 7% of a participant's eligible deferred compensation. The Company, at its discretion, may also make a discretionary profit sharing contribution in accordance with the provisions of the Plan document. To become eligible for discretionary profit sharing contributions, employees must make deferral contributions, complete at least one year of service and 1,000 hours of service during the Plan year and be employed the last day of the year. The Company did not elect to make a discretionary profit sharing contribution for the year ended December 31, 2020.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Contributions (continued)

In addition, the Company may make qualified non-elective contributions ("QNEC"). A QNEC is a discretionary, fully vested contribution. The Company may direct that QNECs be allocated specifically to designated non-highly compensated employees in varying percentages of compensation as permitted by law.

Participant accounts

Each participant's account is credited with the participant's contributions, rollover contributions, the Company's contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her accounts to any of the investment options available under the Plan.

Vesting

Participants are vested immediately in their voluntary contributions and rollovers, plus actual earnings thereon, and any QNECs. A participant is fifty percent (50%) vested in employer matching contributions after two (2) years of credited service and one hundred percent (100%) after three (3) years of credited service. Vesting in employer discretionary profit sharing contributions is based on the years of continuous service and is subject to the graded vesting schedule as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

To earn a year of service, a participant must be credited with at least 1,000 hours of service during a Plan year, as defined by the Plan. A participant is entitled to 100% of his or her balance upon retirement, death or disability.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms shall not exceed five years, unless the loan is for the purchase of a primary residence, in which case the plan administrator may permit a longer repayment term not to exceed ten years. The loans are secured by the balance in the participant's account. Each loan bears a commercially reasonable rate of interest as set by the plan administrator and is typically paid ratably through payroll deductions. Loans outstanding at December 31, 2020 and 2019 bore interest at rates ranging 3.25% to 6.50% per annum. Loans outstanding at December 31, 2020 mature through August 2030.

Payment of benefits

On termination of service due to death, disability, retirement, or for other reasons specified by the Plan document, a participant (or beneficiary) may have elected to receive either a lump-sum amount equal to the value of the vested interest in the participants' account, a distribution under a systematic withdrawal plan, or a direct transfer into another qualified plan that accepts transfers. Normal retirement age is 65. In-service distributions are also permitted after age 59½, and upon meeting certain requirements as defined by the Plan. The Company may periodically distribute the funds of terminated participants who did not make a distribution election; however, participant consent is required for distributions where the vested account balance exceeds $5,000.

Hardship withdrawals

A participant may be permitted to withdraw a portion or all of the balances of their individual account that is attributable to the participant's pre-tax deferral contributions (without earnings), Roth deferral contributions (without earnings), profit sharing and matching contributions for the reasons specified by and to the extent permitted under regulations issued by the Internal Revenue Service ("IRS").

Forfeited accounts

Forfeited balances of terminated participants' non-vested accounts are used first to restore rehired participants' previous forfeitures, then may be used to pay Plan expenses or reduce future Company contributions. During the year ended December 31, 2020, $161,655 of forfeited employer matching contributions were applied to offset matching contributions. During the year ended December 31, 2019, there were no forfeitures used to offset Company contributions. Unallocated forfeitures at December 31, 2020 and 2019 amounted to $115,233 and $175,254, respectively.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Coronavirus Aid, Relief, and Economic Security Act Relief

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was enacted and signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. The Company has evaluated the relief provisions available to Plan participants under the CARES Act and has determined to implement the following: special coronavirus distributions up to $100,000, suspension of required loan repayments that would otherwise be due in 2020 for up to one year following, and suspended required minimum distributions for 2020.

Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value, except for the guaranteed investment contract that is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation in fair value of investments includes the Plan's gains and losses in investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Plan expenses

The Plan permits the payment of Plan expenses to be made from the Plan's assets. Certain administrative expenses of maintaining the Plan may be paid directly by the Company, which is a party-in-interest. These expenses are not reflected in the financial statements and constitute exempt party-in-interest transactions under ERISA.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following unaudited information in the financial statements was certified to be complete and accurate by the Trustee, within the meaning of 29 CFR 2520.103-5 of the Department of Labor's ("DOL") Rules and Regulations for reporting and disclosure under ERISA:

- All amounts included as investments and notes receivable from participants in the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019;

- Net appreciation in fair value of investments, dividends, and interest for the year ended December 31, 2020 included in the Statement of Changes in Net Assets Available for Benefits; and

- All information in the Supplemental Schedule of Assets (held at end of year) as of December 31, 2020.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Self-directed brokerage accounts primarily consist of common stocks that are valued on the basis of readily determinable market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 18,891,398	$ -	$ -	$ 18,891,398
Self-directed brokerage accounts	209,099	-	-	209,099
Total investments at fair value	$ 19,100,497	$ -	$ -	$ 19,100,497

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,061,356	$ -	$ -	$ 13,061,356
Self-directed brokerage accounts	121,749	-	-	121,749
Total investments at fair value	$ 13,183,105	$ -	$ -	$ 13,183,105

NOTE 5 - GUARANTEED INVESTMENT CONTRACT

The Plan's investments include a Guaranteed Income Fund which is a guaranteed investment contract designed to provide safety of principal, liquidity and a competitive rate of return. The Guaranteed Income Fund is a group annuity guaranteed investment contract issued by Prudential Retirement Insurance and Annuity Company ("PRIAC"). Amounts contributed to the guaranteed investment contract are deposited in PRIAC's general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Payment obligations and the fulfillment of any guarantees specified in the contract are insurance claims supported by the full faith and credit worthiness of PRIAC. PRIAC periodically resets the interest rate credited on contract balances, subject to a minimum rate specified in the contract.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would also limit the ability of the Plan to transact at contract value with the participants. In addition, there were no events that allowed PRIAC to terminate the contract with the Plan and settle at an amount different than contract value.

NOTE 6 - PLAN TERMINATION

Although it is currently the intent of the Company to continue the Plan, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

NOTE 7 - TAX STATUS

The IRS issued an opinion letter dated June 30, 2020 indicating that the pre-approved plan document adopted by the Plan, as then designed, was in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, Company management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement dates.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment instruments, including mutual funds. Investment instruments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

In January 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. Since the value of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

NOTE 9 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under the DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Plan investments are managed by the Trustee. Transactions with the Trustee qualify as exempt party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. The administrative fees paid by the Plan include account fees which are charged to participants, and third-party fees for Plan administration. Investment management fees and expenses paid to parties-in-interest are reflected as a reduction in the investment returns of the individual investments held by the Plan and reflect party-in-interest transactions.

NOTE 10 - SUBSEQUENT EVENTS

Subsequent events have been evaluated by the Plan through October 13, 2021, which is the date the financial statements were available to be issued.
