Independent Auditors' Report

The Participants and Plan Administrator
QUALITY MOLD, INC.
401(K) SAVINGS PLAN AND TRUST:

Report on Financial Statements

We were engaged to audit the accompanying financial statements of QUALITY MOLD, INC. 401(K) SAVINGS PLAN AND TRUST (the "Plan"), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2(a); this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by John Hancock Life Insurance Company, the insurance company, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the insurance company holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the insurance company as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the Plan administrator by the insurance company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2(a) to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter – Supplemental Schedules

The supplemental schedules, Schedule H, Line 4i, Schedule of Assets (Held at End of Year) (Modified Cash Basis) as of December 31, 2020, and Schedule H, Line 4a, Schedule of Delinquent Participant Contributions (Modified Cash Basis) for the year ended December 31, 2020, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and are presented for the purposes of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the insurance company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

QUALITY MOLD, INC.
401(K) SAVINGS PLAN AND TRUST

Notes to Financial Statements

December 31, 2020 and 2019

(1) Description of Plan

The following description of QUALITY MOLD, INC. 401(K) SAVINGS PLAN AND TRUST (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering substantially all full-time employees of QUALITY MOLD, INC. (the “Company” or the “Plan Sponsor”) and its affiliates who have at least 3 months of service and are at age of 19 or older. The administration of the Plan is the responsibility of the administrator appointed by the Plan Sponsor. The Plan has group annuity contract with the insurance company, John Hancock Life Insurance Company (“John Hancock”), and the record keeper is John Hancock Retirement Plan Services. The Plan began on March 1, 1996, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective March 1, 2019, the Company executed the corporate restructuring plan, under which the Company merged its three affiliates, including UNIVERSAL TIRE MOLDS LLC (“UTM”), and changed its legal name to SAEHWA IMC NA, INC. As a result of the merger, all plan assets totaling \$1,345,667 (including outstanding loan balances) held by UNIVERSAL TIRE, INC. 401(K) PLAN, a defined contribution plan covering eligible employees of UTM, was transferred to the Plan in May 2019.

(b) Contributions

Every pay period, participants may elect to defer compensation by any specific percentage or dollar amount of pre-tax or after-tax eligible earnings as defined in the Plan. Participants of age 50 or over may be eligible to contribute an additional \$6,500 for 2020. Participants may also contribute amounts representing distributions from other qualified plan (“Rollover”). However, the total contributions in any taxable year may not exceed the dollar limit, \$19,500 for 2020, which is set by the Internal Revenue Service (“IRS”).

The Company may make a matching contribution equal to a certain percentage of the participant’s elective deferral contributions as determined by the Company each year. In addition, the Company may make a discretionary employer contribution for participants who are employed on the last day of the plan year and work more than 500 hours during the plan year. In 2020, neither matching contributions nor discretionary employer contributions were made by the Company.

(c) Participant Accounts

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts and a stable value fund as investment options for participants.

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

QUALITY MOLD, INC.
401(K) SAVINGS PLAN AND TRUST

Notes to Financial Statements

December 31, 2020 and 2019

(d) Vesting

Participants are always 100% fully vested in their elective deferrals, rollover contributions, employer contributions and related earnings, and certain events such as death, disability, or normal retirement under full and immediate vesting schedule.

To earn a year of service, participants must be credited with at least 1,000 hours of service during a plan year.

(e) Note receivable from Participants

Participants may borrow funds from their accounts a minimum of \$1,000 up to the lesser of 50% of their vested account balance or \$50,000. Loans must be fully repaid through payroll deductions or payment by check, generally within five years. The interest rate is the prime rate as published in the Wall Street Journal plus applicable spread per annum.

(f) Distribution of Benefits

On termination of service due to death, all amounts credited to participant's account become fully vested and distribution will be made to the beneficiary in a single lump sum payment. On termination of service due to disability, all amounts credited to participant's account become fully vested and distribution will be made to the participant or beneficiary at the participant's election, which includes direct rollover to another qualified retirement plan, single lump-sum distribution or delaying distribution.

For termination of service due to other reasons, including attainment of normal retirement age of 65, a participant may receive the value of the vested interest pursuant to the election of the participant or beneficiary as soon as administratively feasible. If participants are employed past normal retirement age, participants may defer the receipt of benefits until terminated, which is generally not later than age of 70 ½.

Participants with a vested interest in their accounts of \$5,000 or more may elect to receive a lump sum distribution, roll over the amount into another qualified plan or leave the funds invested in the Plan. However, participants with a vested interest in their account of \$5,000 or less who do not contact the Plan Sponsor will have benefits paid in a lump sum or have an individual IRA account created and the participant's funds will be rolled over into the new IRA account.

If a participant is a more than 5% owner, distributions are required to begin by the April 1st following the year in which a participant reaches age 70 ½, even if he or she is still employed at the time. If a participant is not a 5% owner, he or she must begin to receive benefits no later than the April 1st following the later of the year in which a participant reaches age 70 ½ or terminate employment.

Pursuant to the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act") enacted, effective January 1, 2020, the age at which required minimum distribution must begin was increased from 70 ½ to 72 for participants born on or after July 1, 1949.

Participants may withdraw all or part of their vested account balance once an age of 50 ½ is reached. Withdrawals are not permitted before age of 50 ½, except in the event of death, disability, termination of employment, or reasons of proven financial hardship.

QUALITY MOLD, INC.
401(K) SAVINGS PLAN AND TRUST

Notes to Financial Statements

December 31, 2020 and 2019

(g) *Hardship Withdrawals*

Participants may withdraw their employee pretax contributions (but not the earnings on the pretax contributions) and rollover contributions, if applicable, to satisfy immediate and heavy financial needs. In accordance with IRS regulations, participants must first exhaust all other assets available before obtaining a hardship withdrawal. All hardship withdrawals must be approved by the Plan administrator.

(h) *Top-Heavy Provisions*

If the Plan becomes top-heavy, when more than 60% of the Plan's assets are in the accounts of key employees, in any plan year, then non-key employees will be entitled to certain "top-heavy minimum benefits", and other special rules will apply. Among these top-heavy rules are, the Company may be required to make a contribution on a participant's behalf in order to provide with at least "top-heavy minimum benefits".

(2) Summary of Significant Accounting Policies

(a) *Basis of Accounting*

The accompanying statements of net assets available for benefits and changes in net assets available for benefits have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America ("U.S. GAAP"). The modified cash basis of accounting is an acceptable alternative method of reporting under regulations issued by the Department of Labor. Generally, income on investments is recorded on an accrual basis, and investments are recorded at fair value as stated below. All other transactions, however, are recorded on a cash basis.

(b) *Use of Estimates*

The preparation of financial statements in conformity with the basis of accounting described above requires the Plan administrator to make estimates and assumptions that affect the reported amounts of the Plan assets and liabilities at the financial statement date. Accordingly, actual results may differ from those estimates.

(c) *Investment Valuation and Income Recognition*

The Plan's investments are stated at fair value. Investments in pooled separate accounts and a stable value fund are reported at fair value as determined by the fund manager based on the net asset value ("NAV") of the fund, which is determined based on the fair value of the underlying assets of the funds divided by units outstanding at the valuation date. Purchases and sales of investments are recorded on a trade-date basis.

Net appreciation (depreciation) in fair value of investments consists of realized gains and losses and the change in unrealized gains and losses in the Plan's investments. Realized gains and losses from the sales of investments are computed using the participant's cost basis in the investments aggregated at the Plan level. Net changes in unrealized appreciation (depreciation) in investments represents the difference between the fair values of investments held at year-end and the cost of investments purchased in the current fiscal year or the fair value of investments held at the end of the preceding year.

QUALITY MOLD, INC.
401(K) SAVINGS PLAN AND TRUST

Notes to Financial Statements

December 31, 2020 and 2019

(d) *Notes Receivable from Participants*

Participant loans are classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020, and 2019. Delinquent loans are treated as distributions based upon the terms of the Plan document.

(e) *Excess Contribution Payable*

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributes the excess contributions and the related earnings (loss) thereon to the applicable participants before March 15 of the following year.

(f) *Payments of Benefits*

Benefit payments to participants and beneficiaries are recorded when paid.

(g) *Administrative Expenses*

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Expenses paid by the Plan include investment management fee, recordkeeping fees, and other costs not paid by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

(h) *Risks and Uncertainties*

The Plan provides for various investment options in any combination of investment contracts as offered to participants. These investment funds are exposed to various risks, such as interest rate, market, foreign exchange, and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the risks noted above in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

The Plan may indirectly invest in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

In March 2020, the World Health Organization declared the novel coronavirus ("COVID-19") outbreak a global pandemic. The impact of the COVID-19 global pandemic continues to evolve, and its future effects on the Plan's statements of net assets available for benefits and changes in net assets available for benefits remain uncertain.

QUALITY MOLD, INC.
401(K) SAVINGS PLAN AND TRUST

Notes to Financial Statements

December 31, 2020 and 2019

(3) Investments

For the year ended December 31, 2020, the Plan's investments in pooled separate accounts and a stable value fund appreciated in value by \$209,879 (including gains and losses on investments bought and sold, as well as held during the year).

(4) Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to those valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and to minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1 measurements	Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access
Level 2 measurements	Inputs are inputs other than quoted prices within Level 1 that are observable, either directly or indirectly. These inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals
Level 3 measurements	Inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related assets or liability

Fair value estimates are made at a specific point in time, based on available market information and other observable inputs. In some cases, the fair value estimates cannot be substantiated by comparison to independent markets. In addition, the disclosed fair value may not be realized in the ultimate settlement of the financial asset as these values do not represent any premium or discount that could result from selling an entire holding of a particular financial asset at one time. Other expenses that would be incurred in an actual sale or settlement are not included in the amounts disclosed.

(a) Pooled Separate Accounts

The investments in the accounts are valued based on information reported by the investment advisor using the financial statements of the pooled separate account funds at year end. The NAV is based on the value of the underlying assets owned by the funds, minus their liabilities, and then divided by the number of shares outstanding. Pooled separate accounts do not have unfunded commitment or significant restrictions on redemption.

(b) Stable Value Fund

This investment is an investment option within the group annuity contract with John Hancock, which is not considered as a fully benefit-responsive contract. The investment generally invests all or a portion of its assets in one or more commingle funds and its primary objective is to achieve broader

diversification and more competitive rates than if beneficial owners were to attempt to purchase general account guaranteed investment contracts on an individual basis. Units of the stable value fund can be redeemed daily with no restriction.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies to determine the fair value of investments at December 31, 2020 and 2019.

The following table presents the fair value hierarchy levels of the Plan's investments measured at fair value on a recurring basis as of December 31, 2020 and 2019, respectively:

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Investment valued at NAV:				
Pooled separate accounts			\$	17,828

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Investment valued at NAV:				
Pooled separate accounts			\$	2,240,389
Stable value fund				103,398
			\$	<u>2,343,787</u>

The Plan does not have any liabilities that are measured at fair value on a recurring basis as of December 31, 2020 and 2019.

(5) Notes Receivable from Participants

The notes receivable from participants bear interest at a rate from 3.25% to 5.50% as of December 31, 2019 and have original maturities that range from one to five years. For the year ended December 31, 2020, interest income on notes receivable from participants amounted to \$1,055.

(6) Related Party Transactions

Plan investments are managed by John Hancock. Any purchases and sales of these investments are performed in the open market at fair value and qualify as party-in-interest. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

(7) Financial Information Certified by Insurance Company

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to

perform any auditing procedures with respect to the investment information and notes receivable from participants certified by John Hancock, the insurance company of the Plan, as of December 31, 2020 and 2019, and for the year ended December 31, 2020 as complete and accurate, except for comparing such information certified by John Hancock to information included in the accompanying financial statements and supplemental schedules.

(8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

In November 2020, the Company decided to lay off certain employees as a result of restructuring its business lines. The Plan Sponsor determined that a partial plan termination occurred because more than 20% of the Plan participants were laid off in the current year.

(9) Tax Status

The Plan uses a prototype plan document sponsored by Huntington National Bank, Trust Division. Huntington National Bank received an opinion letter from the IRS dated February 1, 2018, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan itself has not obtained a determination letter from the IRS. However, management of the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The IRS is one of the primary tax oversight bodies of the Plan and generally has the ability to examine the Plan's income tax returns for the years 2017 through 2020; however, there are currently no audits for any tax periods in progress.

For the year ended December 31, 2020, the Plan Sponsor has failed to timely remit participant contributions and loan repayments. The Plan Sponsor determined to correct errors in accordance with Self Correction Program ("SCP") allowed by the IRS, by depositing lost earnings on the principals of remittances of contributions and loan repayments that were not timely submitted. The Plan is currently in the process of estimating the impact by the error and will correct the operational error via the SCP allowed by the IRS in 2021.

(10) Subsequent Events

The Plan Sponsor has evaluated subsequent events from the balance sheet date through October 11, 2021, the date at which the financial statements were available to be issued and has determined that there are no other items to disclose.

Effective on June 1, 2021, QUALITY MOLD, INC. 401(K) SAVING PLAN AND TRUST was terminated and no participants contributions were made thereafter.
