1. DESCRIPTION OF PLAN

The following description of the Fairfield Medical Center 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Fairfield Medical Center (the Center) who have completed three consecutive months of service and are age 21 or older. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferral contributions up to maximum tax-deferred limitations established by the Internal Revenue Code (IRC). Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Any eligible employee is automatically enrolled in the Plan by contributing 3% of eligible compensation, unless the employee opts out. The deferral rate will automatically increase 1% on the first day of the plan year, until the employee has a deferral rate of 6% of eligible compensation.

Effective January 1, 2019, the Plan was amended to provide safe harbor matching contributions of 3 percent of employees' eligible compensation. The Plan was amended to provide employer discretionary matching contributions of 50 percent of employee deferrals up to 6 percent of employee deferred compensation for 2020 and 2019. The Plan also allows for a discretionary profit-sharing employer contribution if the participant has have completed 1,000 hours of service during the plan year and is an employee of the employer on the last day of the plan year. There were no discretionary profit-sharing contributions for the year ending December 31, 2020 and 2019.

Participant Accounts

Prior to January 1, 2019, participant balances were directed by the trustee in accordance with the investment policy defined by the Plan. Effective January 1, 2019, the Plan was restated, and participant balances are fully participant directed into investment options offered by the Plan. Certain non-participant directed investments are in the process of being liquidated at December 31, 2020, and each participant's account will be credited with the balance after the sale based on the participants' compensation or account balances, as defined. Each participant's account is credited with the participant's contribution, allocations of the Center's contributions, and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Notes Receivable

Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Participant notes receivable are secured by the balance in the participant's account. The loan interest rate is determined by the plan administrator by reviewing interest rates charged for similar types of loans by other lenders. Principal and interest are paid ratable through bi-weekly payroll deductions.

Payment of Benefits

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account, a single or joint survivorship annuity, or annual installments over a period no longer than 10 years. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, less applicable taxes, or may roll over the vested interest to a qualified plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Center's contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. 1,000 hours of service will be required to constitute a year of vesting service. Employer contributions are fully vested at the end of two years as follows:

Years of Service	Percentage Vested
Less than 2	0%
2 or more	100%

Forfeited Accounts

At December 31, 2020 and 2019, forfeited non-vested accounts totaled $33,621 and $77,115, respectively. These accounts are used to reduce future employer contributions or to pay administrative expenses of the Plan. Forfeited amounts of $65,908 were used to reduce employer contributions for the year ending December 31, 2020.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements and supplemental schedule were prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value and consist of mutual funds with readily determinable fair values. Fair value is the price that would be received to sell an asst or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The value of alternative investments has been reported based on information provided by fund managers. The Center's determines the Plan's valuation policies utilizing information provided by investment advisors. See Note 4 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in the fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible. Interest income is recorded when payments are received. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Administrative Expenses

Certain expenses were paid by the Center. Other expenses, including the trustee fees, were paid by the Plan.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2021, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Park National Bank, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2020 and 2019, and investment related activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

- Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- Pooled separate account – This fund is a pooled separate account provided under a group annuity contract issued by New York Life (NYL). The fair value equals the fair value of the Plan's share of assets invested in the underlying portfolio of assets. The fund is valued at a daily NAV based upon a crediting rate provided by NYL (Level 2).

- Alternative investments – Valued at the NAV of units of the fund. The NAV, as provided by the investment manager, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Due to the nature of the investments held by the fund, changes in market conditions and the economic environment may significantly impact the NAV of the fund and, consequently, the fair value of the Plan's interests in the funds. Although a secondary market exists for these investments, it is not active and individual transactions are typically not observable. When transactions do occur in this limited secondary market, they may occur at discounts to the reported NAV. It is therefore reasonably possible that if the Plan were to sell these investments in the secondary market, a buyer may require a discount to the reported NAV, and the discount could be significant.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

December 31, 2020	Level 1	Level 2	Level 3	Total
Mutual funds	$ 149,568,462	$ -	$ -	$ 149,568,462
Pooled separate account	-	2,317,287	-	2,317,287
	$ 149,568,462	$ 2,317,287	$ -	151,885,749
Cash and cash equivalents				49,629
Alternative investments (a)				503,071
Total investments				$ 152,438,449

December 31, 2019	Level 1	Level 2	Level 3	Total
Mutual funds	$ 129,575,382	$ -	$ -	$ 129,575,382
Pooled separate account	-	742,591	-	742,591
	$ 129,575,382	$ 742,591	$ -	130,317,973
Cash and cash equivalents				313,245
Alternative investments (a)				756,534
Total investments				$ 131,387,752

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amount present in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented at fair value in the statement of net assets available for benefits.

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2020		Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Multistrategy hedge funds	(a)	$ 330,301	None	Quarterly	65 to 90 days
Private equity fund	(b)	$ 172,770	None	None	None

December 31, 2019		Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Multistrategy hedge funds	(a)	$ 398,265	None	Quarterly	65 to 90 days
Private equity fund	(c)	$ 314,727	None	None	None
Equity long/short hedge funds	(c)	$ 43,542	None	Quarterly or Annual	90 to 105 days

{a} The multistrategy hedge fund category invests in a range of investment vehicles that pursue multiple strategies to diversify risks and reduce volatility. The hedge funds invest in U.S. equities, foreign equities, distressed funds, fixed income funds, bank debt, securitized assets, convertible bonds, and risk arbitrage.

{b} The private equity fund holds investments on the secondary credit market. The objective is to enhance return of performance by creating value in the companies that the private equity fund holds by contributing financial and operational skills. Holdings in this investment will continue until the underlying partnership is dissolved.

{c} The equity long and short hedge fund category invests in hedge funds that invest primarily in publicly traded equity and debt securities. This category also has holdings in credit and bank loan vehicles.

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Park National Bank is the trustee as defined by the Plan. Fees incurred are paid directly by the Plan for the investment management services.

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Center and certain others. Investment management fees were paid to Park National Bank, the trustee. Park National Bank is also the Plan's third party administrator. Blue & Co., LLC is the independent auditor for the Plan. The aforementioned parties generally receive payment from the Company.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Center has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype plan adopted by the Plan, as then designed, was in compliance with application requirements of the IRC. The plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various federal and state taxing authorities. Management has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements.

The Plan is subject to routine audits by taxing jurisdictions. However, as of the date the financial statements were available to be issued, there were no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. CONTINGENCY

On March 11, 2020, the World Health Organization declared Coronavirus (COVID-19) a pandemic. The continued spread of COVID-19, or any similar outbreaks in the future, may adversely impact the local, regional, national, and global economies. The extent to which COVID-19 impacts the Plan's operating results is dependent on the breadth and duration of the pandemic and could be affected by other factors management is not currently able to predict. Potential impacts include, but are not limited to, reduced employee participation, significant changes in participation notes, and investment portfolio declines. Management believes the Plan is taking appropriate actions to respond to the pandemic; however, the full impact is unknown and cannot be reasonably estimated at the date the financial statements were available to be issued.
