Independent Auditor's Report

To the Trustees of
Moody.Nolan, Inc. 401(k) Profit Sharing Plan
Columbus, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2020 Financial Statements

We have performed an audit of the financial statements of Moody.Nolan, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2020, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements (2020 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report:

- the amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than GAAP. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting, which is a basis of accounting other than GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a basis of accounting other than GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2020 Supplemental Schedules Required by ERISA

The 2020 supplemental schedules of Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2020 are presented for purposes of additional analysis and is not a required part of the 2020 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information

included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2019 Financial Statements

We were engaged to audit the statement of net assets available for benefits (modified cash basis) of the Plan as of December 31, 2019 and the statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 14, 2020, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

1. Description of Plan

The following brief description of the Moody.Nolan, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

In 1984, Moody.Nolan, Inc. (the Company and Plan Sponsor) established a defined contribution profit sharing plan for employee retirement. The Plan covers substantially all employees of Moody.Nolan Inc. and Moody Nolan DC LLC, who have attained twenty-one years of age. An employee may participate in the Plan as of the first day of the quarter following the date on which the employee completes the eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On December 31, 2019, employees of Moody Engineering, LLC were included in a newly formed qualified plan, Moody Engineering, LLC 401(k) Plan. Transfers to this plan amounted to \$508,861 during the year ended December 31, 2019.

Contributions

Each eligible employee may defer a portion of his or her salary as defined by the Plan not to exceed the limits imposed by the Internal Revenue Service. The Company makes matching contributions at 50% of employee deferrals up to 4% of eligible wages. In response to COVID-19, the matching contributions was temporarily suspended for pay dates April 3, 2020 and April 17, 2020.

The Company may choose to make additional contributions based on the Company's profits which will be allocated to the profit sharing account of each participant in the same proportion that each participant's compensation for the Plan bears to the total compensation of all such participants. All contributions are self-directed by the participants among the available investment options. During the plan years ended December 31, 2020 and 2019, the Company did not make any profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) plan earnings, which are invested in the available funds as directed by the participant, and (c) administrative expenses. Allocations are based on participant earnings or account balances as defined by the Plan.

Vesting

Participant and employer contributions are fully vested immediately.

Financial Hardship Withdrawals

Financial hardship withdrawals of a participant's deferral contributions are permitted in certain circumstances of immediate and heavy financial need, as defined by the Plan.

Moody.Nolan, Inc.
401(k) Profit Sharing Plan

Notes to Financial Statements

Notes Receivable from Participants

Participants can borrow against their account balance up to the lesser of 50% of the fair market value of such account balance or \$50,000. Interest is charged on such loans at market rates in effect at the time of the loan disbursement. Loans are repayable through payroll deductions over one to five years, unless the loan was used to acquire a principal residence. At December 31, 2020 and 2019, management has determined there are no notes receivable from participants that are deemed uncollectible.

During March 2020, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was signed into law. Pursuant to the CARES Act, the Company has changed the Plan to allow qualified participants to delay certain plan loan repayments until December 31, 2020, without causing the loans to violate Internal Revenue Code for loans certified by the participant. Additionally, the Company has changed the Plan to temporarily allow certain qualified participants to obtain a COVID-19 related plan loan for the lesser of: (1) \$100,000 (increased from \$50,000), or (2) 100% (increased from 50%) of the participant's vested account balance. To comply with the CARES Act, the Plan will be amended on or before December 31, 2022, or such later date as the Secretary of the Treasury may prescribe, to reflect changes made to the Plan.

Payment of Benefits

A participant is entitled to 100% of his or her account balance upon normal retirement (age 65), death, disability or termination. Benefits are recorded when paid. The Plan permits in-service distributions once the participant has reached age 59 ½. Certain contribution types are eligible for in-service distributions once the participant has reached age 55.

Pursuant to the CARES Act, the Company has changed the Plan to allow certain qualified participants impacted by COVID-19 to take withdrawals up to \$100,000 between January 1, 2020 and December 30, 2020. These COVID-19 related distributions are not subject to the early withdrawal penalty, or to 20% federal tax withholding; but they are subject to a 10% federal tax withholding requirement, and participants have the option to spread the applicable income tax resulting from the COVID-19 related distribution over a 3-year period. Participants who obtain a COVID-19 related distribution may repay the distribution to an eligible retirement plan within the three-year period following the distribution to defer otherwise applicable taxation. Additionally, required minimum distributions beginning in 2020 were delayed by one year, but may still be received at the request of a participant.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, the accrued benefits in each participant's account are distributable by the trustees as soon as reasonably possible.

Moody.Nolan, Inc.

Notes to Financial Statements

Income Tax Status

The volume submitter plan received its latest determination letter in March 2014 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements and supplemental schedules of the Plan have been prepared in conformity with the modified cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Certain additions to net assets and related assets are recognized when received rather than when earned and certain deductions are recognized when paid rather than when incurred. Investments are recorded at fair market value, other than those reported at contract value.

Investment Valuation and Income Recognition

Investments are reported at fair value, other than the guaranteed interest account. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Mutual funds are valued at the NAV of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded when paid.

In accordance with ASC 962-325, “*Fully Benefit - Responsive Investment Contracts*”, the Key Guaranteed Portfolio Fund holds deposit interests in Great-West which is a guaranteed interest account. ASC 962-325 requires that investment contracts held by a defined-contribution plan be reported at fair market value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The fully benefit-responsive investment contract is stated at contract value which approximates fair value.

Moody.Nolan, Inc.
401(k) Profit Sharing Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are recorded when loans are initiated, and reductions in the balance occur when repayments or deemed distributions are made. Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest, less any allowance for uncollectible accounts. Delinquent loans are reclassified as deemed distributions based upon the terms of the Plan document.

Use of Estimates

The preparation of financial statements (modified cash basis) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Administrative Expenses

The Plan paid administrative expenses of \$25,791 and \$25,014 for the years ended December 31, 2020 and 2019, respectively. Certain professional fees for the administration and audit of the Plan are paid by the Company on behalf of the Plan. Asset management fees are reported within net appreciation in fair value of investments.

Risks and Uncertainties

The Plan provides for various investment options. The underlying investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits - modified cash basis and participants' individual account balances.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and contributed to significant volatility in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

Subsequent Events

The Company has evaluated events and transactions that occurred between January 1, 2021 and October 15, 2021, which is the date that the financial statements were available to be issued for possible recognition or disclosure in the financial statements.

Notes to Financial Statements

3. Summary of Financial Data Certified by the Custodian

In accordance with 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, Great-West has certified as complete and accurate the following information at December 31, 2020 and 2019 including the comparable information in the accompanying supplemental schedules:

<i>December 31,</i>	2020	2019
Investments	\$ 25,783,198	\$ 21,475,170
<i>Year ended December 31,</i>	2020	2019
Net appreciation in fair value of investments	\$ 3,883,349	\$ 3,719,494
Interest earned on guaranteed interest account	20,145	16,299
Investment income	\$ 3,903,494	\$ 3,735,793

As directed by the plan administrator, no auditing procedures have been performed on the above certified information except to compare such information to the information included in the accompanying financial statements and supplemental schedules.

4. Investment in Fully Benefit-Responsive Contract

The Plan contains a benefit-responsive investment contract with Great-West (Key Guaranteed Portfolio Fund). Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Great-West. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. At December 31, 2020 and 2019, fair value approximates the contract value of the Plan's investment.

The contract has no stated maturity date. At December 31, 2020 and 2019, there were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value, which approximates fair value, of the investment contract was \$2,135,306 and \$1,635,434, as of December 31, 2020 and 2019, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. The minimum rate was 1.04% and 1.20% for 2020 and 2019, respectively. Such interest rates are reviewed on a quarterly basis for resetting.

Moody.Nolan, Inc.
401(k) Profit Sharing Plan

Notes to Financial Statements

The repayment of principal and interest credited to participants holding the investments is a financial obligation of Great-West. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable, for example, a significant decline in the creditworthiness of Great-West, the Key Guaranteed Portfolio Fund investment choice will no longer be considered fully benefit-responsive. The occurrence of an event that limits the ability of the investment to transact at contract value with Great-West and participants holding the investment, is not probable.

	2020	2019
Average yields for:		
Based on actual earnings	1.04%	1.20%
Based on interest rate credited to participants	1.04%	1.20%

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 Fair Value Measurement are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology includes:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements

Common collective trust funds: Common collective trust funds (“CCTs”) are privately managed through investment companies and are not publicly quoted. CCTs are comprised, primarily, of shares of registered investment companies held through sub-accounts of an insurance company. The CCTs are valued using NAV as a practical expedient to estimate fair value where NAV is based on the value of the underlying investment assets held through sub-accounts of a separate account of an investment company. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. The Plan has concluded that the NAVs reported by the investment companies approximate the fair value of the investments. There are currently no redemption restrictions or unfunded commitments on these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2020:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total

6. Party-in-interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Plan investments are managed by Great-West, the Plan's custodian. Therefore, these investments and all transactions with Great-West qualify as party-in-interest transactions.

Certain plan investments are shares of mutual funds and an investment contract managed by Great-West. Great-West is the custodian of the assets, and therefore, these transactions qualify as party-in-interest transactions. For 2020 and 2019, the Plan paid \$7,511 and \$6,730, respectively, in asset management fees to Great-West. These fees are reported within net appreciation in fair value of investments on the statements of changes in net assets available for benefits.

7. Delinquent Contributions

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate participant contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. As disclosed in the accompanying supplemental schedule, certain employee and employer contributions were not remitted to the Plan within the timeframe required by the Department of Labor (DOL) for multiple pay periods. Delays in remitting contributions to the custodian were due to administrative error.
