403(b) THRIFT PLAN OF KOINONIA HOMES, INC.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2020 AND 2019

1. Description of Plan:

General:

The following brief description of the 403(b) Thrift Plan of Koinonia Homes, Inc. (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan, established January 1, 1997 is a defined contribution plan covering all employees of Koinonia Homes, Inc. (the Organization) who meet the eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

In September 2019, the Board of Trustees approved two amendments to the Plan. The amendments relate to the following: 1) for employer matching contributions from January 1, 2011 through December 31, 2017 to have such provision comply with the manner in which the employer matching contributions were actually calculated during these seven years and then amend this provision back to the original language as provided for in the Plan document effective January 1, 2018, and 2) amend the definition of eligible class of employees to exclude employees who normally work less than 20 hours per week as it relates to salary reduction contributions effective January 1, 2020. In October 2019, these amendments and proposed correction procedures were filed with the Internal Revenue Service (IRS) under the Voluntary Correction Program (VCP). In October 2020, the Plan received a signed compliance statement from the IRS agreeing with the corrective actions and the administrative procedures described in the statement.

Effective October 1, 2020, the Plan was amended to remove the automatic enrollment and deferral increase provisions.

There were law and operational changes impacting plans due to the passing of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). The Plan adopted the distribution provision of the CARES Act that allows participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. This optional provision from the recent law changes that was adopted by the Plan will require a written amendment at a later date in accordance with applicable law and IRS guidance.

Contributions:

Participants may elect to contribute up to 100% of their compensation (which may not exceed annual dollar limits established by the Internal Revenue Service) into the Plan on a pre-tax basis or after tax (Roth) basis. Prior to October 1, 2020, new employees were auto-enrolled into the Plan with a deferral percentage of 2% if they did not decline to participate and their deferral percentage automatically increased each year by 1% up to a maximum deferral of 6%.

1. **Description of Plan (continued):**

Contributions (continued):

The Organization may make discretionary matching contributions to participants' accounts as determined periodically by the Organization's Board of Directors. During 2020, the Organization elected to make a discretionary matching contribution of $36,494 ($5,070 of 2020 forfeitures and $232 of 2021 forfeitures). During 2019, the Organization elected to make a discretionary matching contribution of $65,604 ($3,918 of 2019 forfeitures and $752 of 2020 forfeitures). The employer discretionary matching contributions are allocated to the participants based on the percentage of the participant's deferral to the total amount of participant's deferral during the Plan year. Highly compensated employees are excluded from the match calculation pursuant to the plan.

Participant accounts:

Separate accounts for each participant are maintained by the trustee. Each account is credited with contributions and earnings from investments held in the account. Participants may direct their contributions, including the employer's portion, into a number of investment fund options. Participants may change their investment elections daily.

Vesting:

Participants are 100% vested immediately with respect to their compensation deferrals. Participants vest in employer discretionary matching contributions in accordance with the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	25%
3	50%
4	75%
5 or more	100%

Forfeitures of nonvested accounts are retained in the Plan and used to reduce future employer contributions. The forfeiture account totaled $5,070 at December 31, 2020 and $3,918 at December 31, 2019.

Payment of benefits:

Participants who suffer serious financial hardship, as defined by the Plan, may withdraw the total balance of their account in order to meet their financial needs. Once participants attain age 59-1/2, they may also elect to withdraw from their account, any amount not to exceed their vested portion. All accounts are subject to distribution upon the participant's termination, disability, retirement or death.

1. **Description of Plan (continued):**

Payment of benefits (continued):

On termination of service, participants may elect to receive a lump sum distribution equal to the vested value of their account balance, or in installments not to exceed the life of the participant. All distributions are to be made in cash.

Benefits are recorded when paid.

2. **Summary of significant accounting policies:**

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

Investment valuation and income recognition:

The Plan's investments are valued at fair value at December 31, 2020 and 2019, as provided by Mutual of America Life Insurance Company (Mutual of America) (the Trustee). The Plan's investments are held by the Trustee at December 31, 2020 and 2019. The Trustee executes transactions as directed by the Plan's participants.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. These amounts were provided by the Trustee.

Guaranteed interest account (general account):

The Plan's guaranteed interest account with the Trustee is recorded at face value, which is approximate fair value for the insurance company's general account, as provided by Mutual of America Life Insurance Company. According to Mutual of America, the guaranteed interest account is considered a cash equivalent (subject to credit and market risk) and is not subject to the fair value hierarchy (see Note 3). The average yield was 1.11% in 2020 and 1.79% in 2019.

2. **Summary of significant accounting policies (continued):**

Pooled separate accounts:

The pooled separate accounts are stated at fair value, as provided by the Trustee. The pooled separate account investments consist solely of mutual funds registered with the Securities and Exchange Commission and are carried at the net asset value at which the mutual fund shares are actively traded.

Recently adopted accounting pronouncement:

In August 2018, the Financial Accounting Standards Board (FASB) issued Financial Accounting Standards Update (ASU) 2018-13, Changes to the *Disclosure Requirements for Fair Value Measurements*. This standard is intended to improve the effectiveness of disclosures in the notes to the financial statements and modify the disclosure requirements on fair value measurements in Topic 820, *Fair Value Measurements*. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. This has been applied for the year ended December 31, 2020 with no significant impact on the financial statements.

3. **Fair value:**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

3. Fair value (continued):

For pooled separate accounts, investments consist solely of investments in mutual funds registered with the Securities and Exchange Commission and are carried at net asset value (at the end of the Plan year) at which the mutual shares are actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Level 1	
	2020	2019
Pooled separate accounts	$ 4,375,439	$ 3,712,239

4. Administrative and investment expenses:

Certain administrative and investment expenses of the Plan are paid by the Plan Sponsor. Certain administrative functions are performed by employees of the Plan Sponsor. No such employee, nor the Plan Sponsor receives compensation from the Plan.

5. Party-in-interest transactions:

Certain Plan investments are managed directly by the Trustee, Mutual of America, representing the cash equivalent and pooled separate accounts that are the insurance company's assets with the Plan maintaining rights to assets underlying the investments. Mutual of America is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Certain fees related to the administration of the Plan were paid by the Plan or the Plan Sponsor, which qualify as party-in-interest transactions.

6. Information certified by Trustee:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2020 and 2019, and net appreciation in fair value of investments and interest for the years ended December 31, 2020 and 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Mutual of America Life Insurance Company (Trustee of the Plan).

7. Income tax status:

The Internal Revenue Service has determined that the 403(b) Thrift Plan of Koinonia Homes, Inc. is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is exempt from taxation.

7. Income tax status (continued):

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Organization has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan termination:

The Organization expects to continue the Plan but reserves the right at any time within its sole discretion to reduce, suspend or discontinue contributions to the Plan or to terminate the Plan. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

9. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As a result of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. No adjustments have been made to these financial statements as a result of this uncertainty.

10. Subsequent events:

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 28, 2021, the date the Plan's financial statements were available to be issued.
