The Plan is a defined contribution plan covering all employees of American Interiors, Inc. (the Company or Plan Sponsor) who are at least 18 years of age, with the exception of collectively bargained employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Amendments

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable laws and Internal Revenue Service (IRS) guidance.

Contributions

Each year, participants may contribute in the form of pre-tax contributions or after-tax Roth contributions up to Internal Revenue Service (IRS) maximum limits.

The Company provides safe harbor matching contributions each pay period. Safe harbor matching contributions are based on 100% of elective deferrals up to the first 3% of compensation and 50% of the next 2% of compensation. Additionally, the provisions of the Plan permit discretionary matching contributions to the Plan at the option of the Board of Directors of the Company either at a uniform percentage of participant compensation or as a flat dollar amount for each participant. The provisions of the Plan also allow for Qualified Matching Contributions (QMAC) at the option of the Board of Directors of the Company, which can only be contributed to non-highly compensated employees. Participants become eligible to receive safe harbor matching contributions, discretionary matching contributions, and discretionary QMACs after completion of one year of service (minimum of 1,000 hours). The Company did not make a discretionary matching or discretionary QMAC contributions for the plan year ended December 31, 2020.

Additionally, discretionary profit sharing amounts may be contributed at the option of the Board of Directors of the Company. Participants may receive an allocation of the discretionary profit sharing contribution provided they have completed at least 500 hours of service during the plan year and are actively employed on the last day of the plan year. The Company did not make a discretionary profit sharing contribution for the plan year ended December 31, 2020. Contributions are subject to certain limitations.

Rollover contributions

Participants may contribute funds previously held for their account in another qualified employee benefit plan to the Plan. A participant shall be fully vested at all times in such amounts transferred into the Plan. Rollover contributions share in income and earnings under the terms of the Plan, but no employer contributions are made with respect to any rollover contribution.

Note 1-Description of Plan-continued

Participant accounts

Individual accounts are maintained for each participant in the Plan. Each participant's account is credited with the participant's contributions, their allocation of the Plan Sponsor's contributions and Plan earnings. Participants direct the investments in their accounts among the investment options offered by the Plan. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

Participants may borrow from their fund accounts an amount not to exceed \$50,000 or 50% of their vested account balance, whichever is less. The note receivable may not be less than \$1,000. The note receivable term may not be longer than five years unless the loan is used to acquire a principal residence, for which the term may be up to a reasonable period. Notes receivable from participants accrue interest at a reasonable rate at the time of application. The interest rate is determined by the Company's management and shall be charged based on rates currently being used by financial institutions lending money under similar circumstances. Principal and interest is paid ratably through payroll deductions. The notes receivable are secured by the balance in the participant's account. Participants may not have more than one loan outstanding at any time.

Pursuant to the CARES Act, Plan participants could request a delay of note repayments for repayments that occurred between March 27, 2020 and December 31, 2020 for one year. The participant's note would be re-amortized and include any interest accrued during the period of delay. In addition, Plan participants were permitted to borrow up to \$100,000 or 100% of their vested account balance, whichever is less. The ability to request a delay in note repayments and the extended note amounts under the CARES Act ceased as of December 31, 2020.

Vesting

Participants are always 100% vested in their contributions, their rollover contributions, and the Company's safe harbor matching contributions, plus any earnings (losses) thereon. Vesting in the Company's discretionary profit sharing contribution plus earnings (losses) thereon is based on years of continuous service. Participants are vested in the Company's discretionary contributions over a six year-period as described below:

Less than 2 years of service	0%
2 years of service	20%
3 years of service	40%
4 years of service	60%
5 years of service	80%
6 years of service	100%

Participant withdrawals

In the event of retirement, attainment of age 59 ½, death, termination, total and permanent disability or other severance from employment, participants are entitled to receive an amount equal to the value of the vested interest in their accounts. If upon the occurrence of one of these events the participant's vested balance is \$1,000 or less, an automatic lump sum disbursement will be made in the full amount of the participant's vested balance as soon as administratively feasible.

Disbursement of these amounts will be made through installment payments or in a lump sum amount equal to the vested value of their account. Required minimum distributions commence when a participant attains age 70 ½.

In the event of hardship, as defined in the plan agreement, participants may take a distribution from their accounts in an amount necessary to satisfy the financial need, subject to certain tax withholdings.

Pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 distribution and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. Additionally, the CARES Act permitted Plan participants to request up to \$100,000 in coronavirus-related distributions, with repayment terms of up to three years. The ability to request special waivers with respect to required minimum distributions and coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Forfeitures

At December 31, 2020 and 2019, unallocated assets of the Plan totaled \$27,494 and \$24,403, respectively. These are comprised of forfeitures of non-vested accounts. Forfeitures are used first to pay plan expenses, then to reduce employer contributions. During 2020, none of the forfeited non-vested amounts within the Plan were used to reduce administrative expenses.

Plan termination

Although it has not expressed any intention to do so, the Company has reserved the right to terminate the Plan at any time subject to the provisions of the ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 2-Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Notes receivable from participants

Notes receivable from participants are valued at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the plan agreement.

Note 2-Summary of significant accounting policies-continued

Contributions

Participant salary deferrals and employer contributions are included in income during the period the related salary is earned.

Valuation of investments and income recognition

Investments held by the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Participant withdrawals are recorded upon distribution.

Administrative expenses

The Company pays the administrative expenses of the Plan, unless the expenses relate to specific investment directions of the participant. Fees related to the administration of notes receivable from participants and payments of benefits are charged directly to the participant's account and are included in administrative expenses. Administrative expenses that were paid by the Company were excluded from these financial statements.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 3-Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2020 and 2019, net appreciation (depreciation) in the value of investments, interest and dividends on investments, and interest income on notes receivable from participants for the year ended December 31, 2020, were obtained or derived from information supplied to the Plan Administrator and certified by PNC Bank, N.A. (the trustee) as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information has not been examined by independent auditors.

Note 4-Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds – valued at the quoted closing price on an active market held by the Plan at year-end. Mutual funds held by the Plan are registered with the Securities and Exchange Commission.

Common collective trust fund – the T. Rowe Price Stable Value Fund, which is a common collective trust fund, invests in a variety of investment contracts such as traditional guaranteed investment contracts (“GICs”) issued by insurance companies and other financial institutions and other investment products with similar characteristics. Fully benefit-responsive investment contracts are measured at contract value. Indirect investments in GICs are reported at fair value. Accordingly, the statements of net assets available for Plan benefits presents the fair value of the fully benefit-responsive investment contracts as they represent indirect investments in GICs.

Note 4-Fair value measurements-continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets that are measured at fair value.

Description	Total	Fair Value Measurements at December 31, 2020		
		Level (1)	Level (2)	Level (3)
Mutual funds	\$ 9,568,904	\$ 9,568,904	\$ 0	\$ 0
Total investments in the fair value hierarchy	9,568,904	\$ 9,568,904	\$ 0	\$ 0
Investments measured at net asset value (a)	249,749			
Total investment assets at fair value	<u>\$ 9,818,653</u>			

Description	Total	Fair Value Measurements at December 31, 2019		
		Level (1)	Level (2)	Level (3)
Mutual funds	\$ 7,359,519	\$ 7,359,519	\$ 0	\$ 0
Total investments in the fair value hierarchy	7,359,519	\$ 7,359,519	\$ 0	\$ 0
Investments measured at net asset value (a)	234,603			
Total investment assets at fair value	<u>\$ 7,594,122</u>			

- (a) In accordance with Subtopic 820-10, certain investments that were measured at the net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The common/collective trust fund has no unfunded commitments, has a daily redemption frequency and requires a redemption period of up to twelve months. Participant transactions (purchases and sales) may occur daily subject to the short-term trading policies of the Plan Sponsor. Additional restrictions may be imposed at the request of the fund company of an underlying fund as outlined in their prospectus. The fair value of the common collective trust fund's fair value, as measured at the net asset value or equivalent, is \$249,749 and \$234,603 at December 31, 2020 and 2019, respectively.

AMERICAN INTERIORS 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

Note 5-Related party transactions and party in interest transactions

Certain Plan investments are units of a common collective trust fund managed by the trustee, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are deducted directly from participant accounts. There have been no known prohibited transactions with a party in interest. The Plan made direct payments to the trustee in the amount of \$31,541 during 2020.

Notes receivable from participants also qualify as party in interest transactions. Notes receivable from participants totaled \$89,642 and \$132,820 as of December 31, 2020 and 2019, respectively. Interest received on notes receivable from participants totaled \$6,532 for the year ended December 31, 2020.

Note 6-Federal income tax status

The Plan is a volume submitter plan. The volume submitter plan has received a favorable opinion letter, dated March 31, 2014, from the IRS that the volume submitter plan as designed qualifies for federal income tax-exempt status. The Plan has not individually sought a determination from the IRS on its qualification status. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7-Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

Note 8-Subsequent events

The Plan has evaluated subsequent events through October 15, 2021, the date the financial statements were available to be issued, and has determined there are no subsequent events that require disclosure, except for the following.

On January 1, 2021, the Plan suspended the Company matching contributions.
