Independent Auditors' Report

The Plan Administrator
Core Appalachia Union Employees' 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Core Appalachia Union Employees' 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion on the 2020 Financial Statements* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2020 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (collectively, "Great-West"), except for comparing such information with the related information included in the 2020 financial statements. We have been informed by the plan administrator that Great-West holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from Great-West as of and for the year ended December 31, 2020, that the information provided to the plan administrator by Great-West is complete and accurate.

Disclaimer of Opinion on the 2020 Financial Statements

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2020 Financial Statements* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these 2020 financial statements.

Other Matter - Report on Supplemental Schedules

The supplemental schedule of assets (held at end of year) as of December 31, 2020 and supplemental schedule of delinquent participant contributions for the year then ended are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2020 Financial Statements* paragraph, we do not express an opinion on these supplemental schedules.

Other Matter - Report on 2019 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2019 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Great-West. Their report, dated October 14, 2020, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by Great-West, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations 2020

The form and content of the information included in the 2020 financial statements and supplemental schedules, other than that derived from the information certified by Great-West, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of plan

The following description of the Core Appalachia Union Employees' 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on January 1, 2017 to provide retirement benefits for employees of Core Appalachia Operating, LLC (the "Employer"). The Plan covers substantially all employees subject to the collective bargaining agreement the Employer has with United Steel, Paper, and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL-CIO-CLC, Local Unions No. 372-05 and 628-03 (Steelworkers Union) (collectively, "Union Employees"). Union Employees who are age eighteen or older are eligible to participate in the Plan ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participant contributions are permitted up to 100% of compensation subject to certain IRC limitations.

The Employer will make safe harbor non-elective contributions equal to 5% of the participant's eligible compensation. In addition, the Employer will match 50% of participant contributions up to a maximum of 4% of eligible compensation. Employer and participant contributions may not exceed the maximum amount allowable for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's and Employer contributions, and allocations of Employer contributions, investment earnings (losses), administrative expenses. Allocations are based on participant's compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their elective salary deferral and Employer contributions plus actual earnings (losses) thereon.

(e) Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes receivable from participants are secured by the balance in the participant's account and bear interest at fixed rates ranging from 4.25% to 6.50%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive either a lump-sum payment or annual installments over a specified period equal to his or her entire account. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump-sum distribution. However, if the value of a participant's balance does not exceed $5,000, the lump sum payment will be made to the participant in the form of an IRA rollover regardless of whether he or she consents to receive it.

(g) Forfeited accounts

Forfeitures are created when the Plan funds excess employer contributions to the participants accounts. Such forfeitures reduce the Employer's contributions to the Plan. Forfeited nonvested accounts totaled $22,845 and $6,800 at December 31, 2020 and 2019, respectively.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the processing of distributions and record keeping services are included in administrative expenses and charged directly to the participant's account. Investment related expenses are included in net appreciation in fair value of investments.

(j) Plan changes

The Plan implemented certain provisions allowed by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions of up to $100,000 and loans up to $100,000 or 100% of a participants vested balance, allow loan repayments be deferred up to one year, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service ("IRS") guidance.

(k) Plan termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

(b) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC ("Great-West"). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

The Employer has evaluated events and transactions that occurred between December 31, 2020 and October 15, 2021, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments and notes receivable from participants reported and disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including the fair value of investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividend income, and interest income from notes receivable from participants for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West.

(4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- **Quoted prices for similar assets or liabilities in active markets;**
- **Quoted prices for identical or similar assets or liabilities in inactive markets;**
- **Inputs other than quoted prices that are observable for the asset or liability;**
- **Inputs that are derived principally from or corroborated by observable market data by correlation or other means.**

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

(i) ***Mutual funds*****: Valued based on the funds' reported closing net asset values ("NAV") of shares held by the Plan as of the last business day of the plan year. The mutual funds are deemed to be actively traded.**

(ii) ***Collective trust fund*****: Valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.**

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets within the fair value hierarchy as of December 31, 2020 and 2019:

	Fair Value Measurements as of December 31, 2020 using the following inputs			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,190,289	$ -	$ -	$ 10,190,289
Investments measured at NAV as a practical expedient (a)				4,225,842
Investments at fair value				$ 14,416,131

	Fair Value Measurements as of December 31, 2019 using the following inputs			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,077,226	$ -	$ -	$ 9,077,226
Investments measured at NAV as a practical expedient (a)				4,457,240
Investments at fair value				$ 13,534,466

(a) Certain investments are measured at net asset value as a practical expedient to estimate fair value and, therefore, has not been classified in the fair value hierarchy.

The following table summarizes investments for which the fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Description	Fair Value 12/31/2020	Fair Value 12/31/2019	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective Trust Fund	$4,225,842	$4,457,240	n/a	30 Days	12 months

The Plan holds a collective trust fund that is a direct filing entity. The collective trust fund seeks to preserve capital, provide stable returns consistent with a low risk profile, and liquidity. The fund achieves this primarily through investments in stable value investment contracts based on fixed income securities in addition to cash and cash equivalents.

(5) Income tax status

The Employer adopted a prototype plan, which received a favorable opinion letter from the IRS on March 31, 2014, which stated that the prototype plan was designed in accordance with the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. However, the plan administrator believes that the adopted prototype plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and is therefore, qualified and exempt from taxation.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Untimely remittance of participant contributions

The Employer is required by Department of Labor regulation to remit participant contributions and participant loan repayments as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. For certain contributions withheld in 2019, the funds were not remitted timely.

(7) Related party and party-in-interest transactions

As described in Note 1, the Plan paid expenses to various service providers and holds notes receivable from participants which also qualify as party-in-interest transactions.

(8) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2020 and 2019:

	2020	2019
Net assets available for benefits per the financial statements	$ 15,116,052	$ 14,286,924
Deemed distributions	(59,314)	(57,823)
Employer contributions receivables	(10,364)	-
Net assets available for benefits per the Form 5500	$ 15,046,374	$ 14,229,101

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2020:

Change in net assets available for benefits per the financial statements	$ 829,128
Change in deemed distributions	(1,491)
Change in employer contributions receivable	(10,364)
Change in net assets available for benefits per the Form 5500	$ 817,273

(9) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(10) Subsequent event

Effective in February 2021, the Plan's name was changed to the DGOC Employee Retirement Plan, and all plan assets were transferred from Great-West to Voya Institutional Trust Company.
