INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
Zenetex, LLC 401(k) Plan
Herndon, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Zenetex, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Zenetex, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2020, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Zenetex, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Zenetex, LLC 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Zenetex, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Zenetex, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2020 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2019 Financial Statements

We were engaged to audit the 2019 financial statements of Zenetex, LLC 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 2, 2020 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A - DESCRIPTION OF PLAN

The following description of the Zenetex, LLC (Company) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Zenetex, LLC and Delex Systems, Inc. (collectively, the "Company") who are at least 18 years old, except for nonresident aliens, certain union employees, leased employees, interns and on-call employees. Employees may enter the Plan on the first day of the month subsequent to satisfying the eligibility requirements. The Plan was amended February 1, 2018 to allow automatic distributions, upon severance of employment, for balances less than $5,000. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective October 31, 2017, the Zenetex, LLC 401(k) Plan Trust was established to hold the assets of the Plan. John Hancock Trust Company, LLC (John Hancock) is the Plan Trustee. The Trustee is responsible for the safekeeping of the Trust Fund. The Trust Fund is the funding medium used for the accumulation of assets from which benefits will be distributed. While all the Plan assets are held in a Trust Fund, the Administrator separately accounts for each Participant’s interest in the Plan.

Contributions

Each year, participants may contribute from one percent up to 100 percent of pretax annual compensation, as defined in the Plan. Effective October 1, 2016, Roth contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan allows for discretionary matching contributions. For participants working on certain contracts, the Company contribution can vary based on the contract requirements. For all other participants, the Company contributed 47.5% of the first 6% of compensation that a participant contributed to the Plan.

Profit sharing amounts may be contributed at the discretion of the Company. Participants must complete at least 1,000 hours of service during the Plan year and be employed on the last day of the Plan year to receive an allocation of any discretionary profit sharing contribution. There were no profit sharing contributions, other than those mandated by certain contracts, for the Plan year ended December 31, 2020.

The Plan provides for Company prevailing wage contributions on behalf of all Service Contract Act ("SCA") employees. The amount of the contribution shall be equal to the balance of the fringe benefit payment for each SCA participant based on the employment classification hourly contribution rate reduced by the amount of benefits provided by the Company. Contributions are subject to certain limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions, if any, as well as allocations of the Company's discretionary profit sharing contribution, if any, Company prevailing wage contributions, as applicable, and Plan earnings. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. Allocations of the Company's discretionary profit sharing contributions, if any, are based on the ratio of the participant's eligible compensation to total eligible compensation for the Plan year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited accounts

Forfeitures occur when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures of non-vested Company contributions are used to reduce future Company contributions and pay plan expenses. During 2020, $123,628 of forfeited non-vested accounts were used to reduce Company contributions and Plan expenses. At December 31, 2020 and 2019, unapplied forfeitures totaled $145,583 and $92,657, respectively.

Payment of benefits

Benefits are payable upon retirement at age 65, disability, death, or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. In February 2020, the Plan was amended to expand the provisions for hardship withdrawals. Benefits are payable in lump sum payments.

Vesting

Participants are vested immediately in their contributions and Company prevailing wage contributions plus actual earnings thereon. Vesting in the Company matching and profit sharing contributions is based on years of continuous service of at least 1,000 hours per year. A participant is 25 percent vested after one year of service is completed, and vests an additional 25 percent per year until full vesting after four years.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or longer as determined by the Plan administrator for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate of interest. Principal and interest are paid through payroll deductions.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Company. Transaction expenses, such as loan and distribution administration fees are charged directly to the participant's account and are included in administrative expenses.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE C – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Trust Company, LLC, custodian of the plan.

NOTE D - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

The Plan's investments are held in mutual funds and common collective trusts. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The underlying securities in common collective trusts are listed on national securities exchanges and valued on the basis of year-end closing prices. The Plan has concluded that the net asset value as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. The investments are redeemable at the adjusted net asset value under agreements with the insurance company.

It is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in market conditions, liquidity requirements, and the economic environment may significantly affect the net asset value of the common collective trusts and, consequently, the fair value of the Plan's investments.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
Asset Category:	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 21,775,094	$ -	$ -	$ 21,775,094
Common collective trusts measured at net asset value (a)	-	-	-	40,386,251
Total Investments at Fair Value	$ 21,775,094	$ -	$ -	$ 62,161,345

	Assets at Fair Value as of December 31, 2019			
Asset Category:	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 16,242,140	$ -	$ -	$ 16,242,140
Common collective trusts measured at net asset value (a)	-	-	-	33,729,472
Total Investments at Fair Value	$ 16,242,140	$ -	$ -	$ 49,971,612

(a) Certain investments that are measured at fair value using the net asset value per share practical expedient have not been classified in the fair value hierarchy. The net asset value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019, respectively.

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (b)	Redemption Notice Period
Stable value collective trust fund	$ 2,032,738	N/A	Daily	Up to 12 months (c)
Other common collective trusts	$ 38,353,513	N/A	Daily	None
Total common collective trusts	$ 40,386,251			

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency (b)	Redemption Notice Period
Stable value collective trust fund	$ 1,446,952	N/A	Daily	Up to 12 months (c)
Other common collective trusts	$ 32,282,520	N/A	Daily	None
Total common collective trusts	$ 33,729,472			

(b) Participant transactions (purchases and sales) may occur daily subject to the short-term trading policies of the Plan Sponsor. Additional restrictions may be imposed at the request of the fund company of an underlying fund as outlined in their prospectus.

(c) Participant transactions (purchases and sales) may occur daily. However, participant withdrawals may be subject to a delay of up to 7 or 30 additional calendar days if it is determined, respectively, that such delay is necessary to maintain adequate liquidity for, or to avoid an adverse impact on, the underlying trust or investment vehicle. In addition, the fund's declaration of trust provides that withdrawals for purposes other than normal benefit payments or plan permitted investment option transfers are subject to either a market value adjustment or without a market value adjustment and effected no later than 12 months.

NOTE E - PARTIES IN INTEREST

For the Plan year ending December 31, 2020, John Hancock was the custodian of the Plan. Certain Plan investments were managed by John Hancock and for which John Hancock received fees that were paid through revenue sharing and included in net appreciation in fair value of investments. John Hancock also received fees for loan setup, distribution and other administrative services that are included in fees and other expenses. A third party administrator received payment for administration services that are included in fees and other expenses. The third party administrator received fees for recordkeeping services and per-use transactions. The Company provides the Plan with accounting and administrative services, for which no fees are charged to the Plan. The Plan allows loans to participants. The Plan's trustees are participants in the Plan. These transactions qualify as exempt party-in-interest transactions.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

In December 2020, the plan sponsor was acquired. The new parent company, Vectrus, Inc., has indicated their intent to combine the Plan into a pre-existing plan at some future date. The expectation is that this event will result in a merger of plans, not a termination.

NOTE G - RISKS AND UNCERTAINTIES

The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.

NOTE H - TAX STATUS

Effective January 1, 2016, the Plan adopted a prototype plan of Duncan Financial Group LLC, which received an opinion letter on March 31, 2014, in which the IRS stated that the form of the plan document was acceptable under the applicable requirements of the IRC. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events for disclosure in these financial statements through October 13, 2021, which is the date the financial statements were available to be issued.
