Cooper Tire & Rubber Company
Pre-Tax Savings Plan (Texarkana)

Notes to Financial Statements

December 31, 2020 and 2019

1. Description of Plan

The following description of the Cooper Tire & Rubber Company Pre-Tax Savings Plan (Texarkana) (the “Plan”) provides only general information. Participants should refer to the Plan agreements and summary plan description for a more complete description of the Plan’s provisions.

General

The Plan, as restated and amended on January 1, 2015, is a defined contribution plan covering all hourly employees who have completed 30 days of continuous credited service and are covered by the collective bargaining agreement between the United Steelworkers of America Local #752 and Cooper Tire & Rubber Company (the “Company” or the “Plan Sponsor”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan automatically enrolls newly eligible participants into the Plan using the 3% deferral rate as stated in the plan document. Participants are automatically enrolled into the default Principal Lifetime fund that relates most closely to the participants expected year of retirement. Participants can elect to opt out of automatic enrollment.

The Plan has established a trust agreement with Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (the “Trustee”) to act as trustee and recordkeeper of the Plan’s assets. The Trustee administers and invests the Plan’s assets and income for the benefit of the Plan’s participants. The Benefit Plan Administrative Committee is responsible for the overall administration of the Plan.

Plan Amendments

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”), which laws require the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable laws and Internal Revenue Service (IRS) guidance.

Notes to Financial Statements (continued)

December 31, 2020 and 2019

1. Description of Plan (continued)

Contributions

Each year, participants may contribute up to 75% of their pretax compensation into the Plan. Participants may direct their contributions to any of the Plan's investment fund options. The Company makes Restricted Access Company Contributions, for employees hired on and after February 1, 2012, in an amount equal to 3% of compensation for the payroll period for each person who is an active participant on the last day of that period. The Company made Restricted Access Company Contributions of \$1,104,199 for the year ended December 31, 2020. All contributions are subject to certain limitations of the Internal Revenue Code (the "Code").

Effective March 3, 2014, the Plan no longer offered Cooper Tire & Rubber Company stock as an investment option. Existing investments in Company stock can remain in that option, but no further investments are allowed, including the transfer of funds from other investment options into Company stock as of March 3, 2014.

Vesting

The participants are immediately vested in their contributions plus actual earnings thereon. Participants are 100% vested in the Company's Restricted Access Company Contributions as soon as the Company makes the contribution.

Participant Accounts

Individual accounts are maintained for each participant in the Plan. Each participant's account is credited with the participant's contributions, their allocation of the Company's contributions and plan earnings. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Forfeitures

Upon termination of employment, participants forfeit their nonvested balances. Forfeiture balances are used to pay plan administrative expenses. After administrative expenses are paid, forfeitures are used to reduce future employer contributions.

Pre-Tax Savings Plan (Texarkana)

Notes to Financial Statements (continued)

December 31, 2020 and 2019

1. Description of Plan (continued)

Notes Receivable from Participants

Under the Plan, participants may borrow the greater of 50% of the vested value of their account balance, excluding the participants' balance resulting from Restricted Access Company Contributions, or \$10,000 up to \$50,000. The notes receivable repayment schedule can be no longer than 60 months. A participant may not have more than one note receivable outstanding at any point in time. Principal and interest are paid ratably through payroll deductions. The interest rate is established based on the prime rate. Interest rates as of December 31, 2020 and 2019 range from 3.25% to 5.50%. If a participant terminates employment with the Company, the notes receivable automatically is treated as a taxable distribution to the participant.

Pursuant to the CARES Act, Plan participants could request a delay of note repayments for repayments that occurred between March 27, 2020 and December 31, 2020 for one year. The participant's note would be re-amortized and include any interest accrued during the period of delay.

Participant Withdrawals

In the event of retirement, death, termination, permanent disability, or other separation from service, participants are entitled to receive an amount equal to the value of the vested interest in their accounts. Payments of benefits are taken in a lump-sum distribution. Under the Plan agreements, the participants who are entitled to a benefit for the reasons outlined above will have their vested balance automatically distributed if their vested balance is less than \$1,000 and rolled over to an IRA account administered by the Trustee if their vested balance is greater than \$1,000, but less than \$5,000.

In the event of hardship, as defined by the Plan agreements, participants may make a partial or full distribution of their accounts, subject to certain tax withholdings. Hardship withdrawals are strictly regulated by the IRS and a participant must exhaust all available notes receivable options and available distributions prior to requesting a hardship withdrawal.

Pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 distributions and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived.

Notes to Financial Statements (continued)

December 31, 2020 and 2019

1. Description of Plan (continued)

Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Company Stock Account

The Plan allowed for investing in common stock of the Company through its Company Stock Account for participant and employer contributions prior to March 3, 2014. A dividend pass-through election had been implemented for the participants who elected this investment type. During 2018, the Plan was amended to prohibit stock dividends and require that cash dividends from the Company Stock Account paid before January 1, 2019 be either added to the balance of the participant account and reinvested in the Company's Stock or paid to the participant, beneficiary or alternate payee if so elected. Cash dividends paid on or after January 1, 2019 will be invested at the participants direction, excluding investment into the Company Stock Account.

Any contributions made by the Company that were invested in Company stock granted the Company voting rights for all other matters as to which other shareholders may vote. Participants retain all voting rights over their shares of Company stock purchased through participant contributions. Participants are entitled to instruct the Trustee as to the tender or exchange of shares allocated to the Company Stock account. The Trustee is responsible for providing to participants information regarding voting and tendering at such time as other shareholders receive such information.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Notes to Financial Statements (continued)

December 31, 2020 and 2019

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make note receivable repayments and the Plan Administrator deems the note receivable from the participant to be a distribution, the note receivable from participant balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are paid for by current year forfeitures first. Any remaining expenses not covered by these forfeitures are paid for by the Company and are excluded from these financial statements.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurement.

The Benefit Plan Administrative Committee is responsible for determining the Plan's valuation policies and analyzing information provided by the investment custodians and issuers that is used to determine the fair value of the Plan's investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

3. Investments

Certain investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2020 and 2019, and net realized and unrealized appreciation (depreciation) in fair value of investments, and dividends for the year ended December 31, 2020, were obtained or derived from information supplied to the Plan Sponsor and certified by the Trustee as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information has not been examined by independent auditors.

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Financial assets and liabilities whose fair values are based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

Level 2 – Financial assets and liabilities whose fair values are based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- a. Quoted prices for similar assets or liabilities in active markets;

Pre-Tax Savings Plan (Texarkana)

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

- b. Quoted prices for identical or similar assets or liabilities in non-active markets;
- c. Pricing models whose inputs are observable for substantially the full term of the asset or liability; and
- d. Pricing models whose inputs are derived principally from or corroborated by observable market data through correlation or other means for substantially the full term of the asset or liability.

Level 3 – Financial assets and liabilities whose fair values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect management’s own judgment about the assumptions that a market participant would use in pricing the asset or liability and are based on the best available information, some of which may be internally developed.

The level in the fair value hierarchy within which the fair value measurement is classified is based on the lowest level input that is significant to the fair value measure in its entirety.

Following is a description of the valuation techniques and inputs used for each general type of asset measured at fair value by the Plan. There have been no changes in the valuation techniques and inputs used at December 31, 2020 and 2019.

Pooled Separate Accounts and Common/Collective Trust Fund – The fair value of the investments in these categories has been estimated using the net asset value (NAV) per unit provided by the administrator of the fund as a practical expedient. The NAV is not a publicly quoted price in an active market. There are currently no redemption restrictions on these investments for participants.

Common Stock – Valued at the closing price reported on the active market on which the individual security is traded.

Mutual Funds – valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

4. Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no transfers of Plan investments between Levels 1 and 2 during 2020 or 2019.

The following tables present the Plan's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2020 and 2019:

Description	December 31, 2020	Fair Value Measurements at December 31, 2020 Using		
		Quoted Prices in Active Markets for Identical Assets Level (1)	Significant Other Observable Inputs Level (2)	Significant Unobservable Inputs Level (3)

4. Fair Value Measurements (continued)

Description	December 31, 2019	Fair Value Measurements at December 31, 2019 Using		
		Quoted Prices in Active Markets for Identical Assets Level (1)	Significant Other Observable Inputs Level (2)	Significant Unobservable Inputs Level (3)
Common stock	\$ 7,731,254	\$ 7,731,254	\$ —	\$ —
Mutual fund	72,682	72,682	—	—
Total investment assets in the fair value hierarchy	7,803,936	\$ 7,803,936	\$ —	\$ —
Investments measured at net asset value ^(a)	79,821,312			
Total investments at fair value	<u>\$ 87,625,248</u>			

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The fair value for the pooled separate accounts and common/collective trust fund, that are measured at NAV (or its equivalents), is \$91,099,208 and \$79,821,312 at December 31, 2020 and 2019, respectively. The pooled separate accounts and common/collective trust fund have no unfunded commitments, have a daily redemption frequency and require a one-day redemption period.

5. Income Tax Status

The Plan has received a determination letter from the IRS dated March 31, 2017, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

5. Income Tax Status (continued)

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related-Party Transactions

The Plan holds units of pooled separate accounts and a common/collective trust fund managed by the Trustee of the Plan. The Plan also invests in the common stock of the Plan Sponsor. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

During 2020, the Plan received \$104,076 in cash dividends from the Plan's investment in Company Stock.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2021, the date the financial statements were available to be issued and has determined there are no subsequent events that require recognition or disclosure, except as described below.

In June 2021, the Plan Sponsor was acquired by The Goodyear Tire & Rubber Company. As of the date the financial statements were available to be issued, Cooper Tire & Rubber Company remains the Plan Sponsor.
