NOTE 1 - DESCRIPTION OF THE PLAN

Jasper Ridge Partners, L.P. (the "Company" or "Employer" or "Plan Sponsor") sponsors the Jasper Ridge Partners, L.P. Retirement Plan (the "Plan"). The following description provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of the Company's employees to provide retirement benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan is administered by the 401(k) Plan Committee (the "Committee"), which is a committee appointed by the Company's board of directors and is responsible for the operation and administration of the Plan and the management of the Plan's assets. Fidelity Management Trust Company (the "Trustee") serves as the trustee of the Plan and holds the Plan assets. Fidelity Workspace Services (the "Recordkeeper") processes and maintains the records of participant data.

Prior to January 1, 2020, the Company was a participating employer in the Oakhill 401(k) Plan. Effective January 1, 2020, the participation was withdrawn, and the assets related to the Jasper Ridge L.P. participants were transferred from the Oakhill 401(k) Plan to the newly created Jasper Ridge Partners, L.P. Retirement Plan.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was signed into law. Plans were permitted to adopt these provisions immediately provided the Plan agreement is retroactively amended on or before January 1, 2022. Plan management elected to adopt the following provisions:

- On or after March 27, 2020 and before December 31, 2020, any qualified individual, as defined in the CARES Act, was permitted to request a distribution from their vested account in the Plan, up to a maximum of $100,000 that are exempt from the 10% early distribution penalty. Active employees who receive a coronavirus-related distribution from the Plan (or from any other eligible retirement plan) may repay all or any portion of the distribution to the plan within the three-year period beginning on the date after the distribution.

- Qualified individuals with outstanding loans on or after March 27, 2020 were permitted to request that their loan payments through December 31, 2020 be deferred. Where payments were deferred, the loan was re-amortized in January 2021 to reflect interest accrued during the delay, and payments recommenced for the remainder of the loan period, plus one year.

Participation

Substantially all employees of the Company are eligible to participate, except for collective bargaining employees and leased employees. Employees become eligible to join the Plan on the first day of employment, as defined in the Plan agreement. Employees are eligible for discretionary Employer contributions after completing six months of service.

Contributions

Employees may make elective salary deferral and Roth elective deferral contributions to the Plan, with a maximum contribution percentage of 90% of eligible compensation, as defined in the Plan agreement, not to exceed the maximum amount allowable under the IRC. Participants are automatically enrolled in the Plan at a deferral percentage rate of 6% of compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make

contributions to the Plan in the form of rollover funds from another qualified plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

At the discretion of the Company, a profit-sharing contribution will be made to the Plan annually and is credited to participants based upon eligible compensation. Participants who contribute to the Plan during a plan year, are employed on the last day of the Plan year after completing six months of service and have worked 1,000 hours are eligible to receive the discretionary contribution.

The Company makes profit sharing contributions to the Plan which are equal to 5.7% of compensation plus 5.7% of excess compensation. Excess compensation is equal to compensation in excess of the Social Security Taxable Wage Base, which for 2020 was $137,700. The profit sharing contribution was paid to Plan participants subsequent to the end of the Plan year and is included on the statement of net assets available for benefits as an employer contribution receivable.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and the Employer's profit-sharing contribution (as defined in the Plan agreement), rollovers, and applicable earnings or losses on investments. Participant accounts are charged with an allocation of administrative expenses, if any as defined in the Plan agreement.

Vesting

Participants are vested immediately in their contributions and any Employer contributions, plus actual earnings thereon.

Notes Receivable from Participants

Except for the CARES Act related provisions, participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the highest outstanding loan balance during the preceding 12-month period, or 50% of their vested account balance. Loans are secured by the balance in the participant's account and bear a reasonable rate of interest as determined by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Participants may have only one loan outstanding at any given time. Terms range from one to five years or up to 15 years for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, termination, disability or death, a participant, or his or her beneficiary in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, participants may take in-service distributions upon reaching age 59½. Upon termination, automatic distributions are required for balances of less than $5,000. Automatic distributions above $1,000 made without the participant's consent are rolled into an individual retirement account designated by the Trustee. The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

The Setting Every Community Up for Retirement Enhancement ("SECURE") Act of 2019 changed the age at which participants are required to take Required Minimum Distributions from their accounts. Under the new law, effective January 1, 2020, participant distributions may not be deferred past April 1 following the year in which the participant reaches the age of 72.

Administrative Expenses

Administrative costs of the Plan may be paid by the Company at its discretion or, alternatively, may be paid by the Plan. Expenses that are paid by the Company are excluded from these financial statements. Administrative expenses of the Plan include investment management fees and operating expenses. Administrative expenses charged to the plan for investments are reflected as a reduction of investment return for such investments. Operating expenses of the Plan may be allocated to participant's accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of the financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) Plan Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Loans are deemed distributions once they are in default and recorded as distributions. No allowance for credit losses has been recorded as of December 31, 2020.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants as shown on the Statement of Net Assets Available for Benefits as of December 31, 2020;
- Investment income and interest income on notes receivable from participants as shown on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020; and
- Schedule H, line 4(i) - schedule of assets (held at end of year) as of December 31, 2020.

As permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the Trustee, except for comparing such information certified by the Trustee with information included in the Plan's financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification 820, *Fair Value Measurement* ("ASC 820"), establishes a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology includes quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value:

Money market funds - valued at the NAV of shares held by the Plan at year end. The fund attempts to stabilize the NAV of its shares at $1.00 by valuing its portfolio of securities using the amortized cost method. The fund calculates a market-based NAV per share on a periodic basis. The fund does not guarantee that its NAV will always remain at $1.00. Such transactions do not constitute an active market.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts - Self-Directed Brokerage Accounts primarily consist of equities, mutual funds, and exchange-traded funds. Equities are valued at the closing price reported in the active market in which the individual securities are traded. Mutual funds and exchange-traded funds are valued at quoted market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31:

	Fair Value Measurements as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Brokerage accounts	$ 5,409,904	$ -	$ -	$ 5,409,904
Money market funds	-	4,023,734	-	4,023,734
Mutual funds	28,905,036	-	-	28,905,036
Investments in the fair value hierarchy	$ 34,314,940	$ 4,023,734	$ -	$ 38,338,674

NOTE 5 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee of the Plan; therefore, these transactions qualify as party-in- interest transactions. Certain administrative fees related to the administration of the Plan are paid by the Plan or by the Company. The Plan also has notes receivable from certain of its participants. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 - TAX STATUS

The Company adopted a Volume Submitter Profit Sharing Plan (the “VSPS Plan”) sponsored by the Trustee. The Internal Revenue Service (“IRS”) has determined and informed the VSPS Plan sponsor by a favorable opinion letter dated March 31, 2014, that the VSPS Plan is designed in accordance with the applicable sections of the Code. The VSPS Plan's opinion letter is being relied on by the Plan. Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company believes the Plan has maintained its tax-exempt status and concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported on the statement of net assets available for benefits.

The COVID-19 pandemic, whose effects first became known in January 2020, continues to spread throughout the United States. The spread of COVID-19 has caused significant volatility in U.S. and international markets. The extent of the impact on the Plan's net assets available for benefits will depend on the duration and continued spread of the outbreak, including any other further developments. Management has not yet determined the full financial impact of these events.

NOTE 9 - SUBSEQUENT EVENTS

The Plan administrator has evaluated for disclosure subsequent events through October 14, 2021, the date the financial statements were available to be issued and determined no such events were identified for disclosure in the financial statements.
