NOTE 1 PLAN DESCRIPTION

The following description of the 403(b) Thrift Plan of St. Alexius Medical Center and Garrison Memorial Hospital (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 2008 under the Employee Retirement Income Security Act of 1974, as amended (ERISA), as an employer-sponsored individual account employee pension benefit plan (other than a money purchase pension plan) that is intended to make contributions to annuity contracts described in Code section 403(b) or custodial accounts described in Code section 403(b)(7) on behalf of Participants. The Plan was established so that eligible employees may have an additional source of retirement income.

The Plan is administered by the sponsor and trustee – St. Alexius Medical Center. The Plan is a defined contribution plan covering employees of St. Alexius Medical Center and Garrison Memorial Hospital (Company). Third party administrators maintain the records of the participant data and hold the Plan assets.

SECURE Act

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act of 2019 (“SECURE Act”) was enacted and was effective beginning on January 1, 2020. The SECURE Act provisions include, amount other things, an increase in the age limit required for minimum distributions from 70 ½ to 72.

Coronavirus-Related Distributions (“CRD”) and Loan Relief

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (“CARES Act”) was signed to law. The provisions of the CARES Act were optional. The provisions allowed for qualifying participants to:

- Take expanded distribution options to withdraw up to $100,000 penalty free for qualifying reasons through December 31, 2020 with additional options to repay some or all of their CRD within three years.
- Borrow from their account up to a maximum of the less of $100,000 or 100 percent of their vested account balance.
- Temporarily suspend required minimum distributions for 2020 for participants that turned 70 ½ in 2019 and 72 in 2020.

The Plan has opted into the above mentioned provisions.

Eligibility

Employees of the Company are generally eligible to make contributions to the Plan immediately. To be eligible to receive the employer nonelective base, employees must complete one year of service (consisting of at least 1,000 hours) and attain age 21. For an employee to receive the employer matching contributions, they must satisfy the requirements of the employer nonelective base and be deferring in the Plan.

Contributions

Participants may contribute up to the maximum dollar amount allowed under federal regulations for the Plan year. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions.

For the Plan year ended December 31, 2019, the Company matched 25% of the participant's elective deferrals up to 4% of the participant's eligible compensation per plan year. The employer nonelective base contributions were equal to 3% of eligible earnings for each pay period.

Effective January 1, 2020, the Company matches 100% of the first 1% of eligible compensation plus 50% of the next 5% of eligible compensation for a maximum match of 3.5% for the plan year. For the employer nonelective base contributions, the Company allocates 2.5% of eligible compensation with a minimum of $1,000 per plan year. Employees represented by the Minnesota Nurses Association (MNA) remain under the previous matching rate of 25% up to 4% of compensation and nonelective base contribution of 3% of compensation.

Participants may make rollover contributions for amounts representing distributions from other qualified defined benefit plans, defined contribution plans, or individual retirement accounts.

Payment of Benefits

On termination of employment, death, disability or retirement, a participant may receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum payment, installment payments, or annuity payments. Hardship distributions are permitted for participants who have not separated from service. Participants must attain age 59 1/2 to qualify for in-service distributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and the employer base and matching contributions. Plan earnings are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' Investment Options

Participants must direct their salary deferral contributions and employer base and match contributions to selected investments as made available and determined by the Plan.

Participants may change their investment options throughout the year by contacting the record keeper of the Plan, Empower Retirement.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer base and matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service with certain exceptions for death and disability. A participant is 100% vested after five years of credited service or attaining age 65.

Forfeitures

Forfeitures are used to reduce future employer base and matching contributions or to pay plan expenses. At December 31, 2020 and 2019, forfeited nonvested accounts totaled $424,035 and $328,542, respectively. During the years ended December 31, 2020 and 2019, $297,093 and $306,166 were used to reduce Company contributions, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest rates equal to 1% above prime rate at the time of the loan. The term of the loan cannot exceed five years, unless it is for the purchase of a principal residence, which must be repaid within fifteen years. Principal and interest are paid ratably through payroll deductions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Basis of Presentation

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America, ("GAAP"), as codified by the Financial Accounting Standards Board.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the custodian and trustee. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year and is reflected in the statements of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted participant loans are reclassified as deemed distributions for tax purposes but are kept on the Plan's records and continue to accrue interest until either repaid or the participant requests the loan to be distributed. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and thus are not separately disclosed in the accompanying financial statements. Administrative expenses reported by the Plan consist of recordkeeping and advisory fees.

Certain administrative expenses that are paid by the Company are not reflected in the accompanying financial statements. 12b-1 fees are credited back to the participants invested in the revenue-paying funds.

Income Taxes

The Plan's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence.

NOTE 3 TAX STATUS

The Plan sponsor is a tax-exempt organization under 501(c)(3) of the Internal Revenue Code (IRC). The organization has adopted a 403(b) tax-sheltered annuity (TSA) plan. 403(b) plans are not required to receive a favorable determination letter from the Internal Revenue Service indicating that the Plan is qualified under Section 403(b). The Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 CERTIFIED INFORMATION

NOTE 5 GROUP ANNUITY CONTRACT

The Plan held a group annuity contract issued by Transamerica Financial Life Insurance Company (Transamerica). Under this contract, Transamerica maintained the contributions in pooled separate accounts for investment into the Guaranteed Pooled Fund. The Fund's principal objective was to protect principal while providing a higher rate of return than shorter maturity investments by investing in instruments which were not expected to experience significant price fluctuations in most economic or interest rate environments. The Fund guaranteed a minimum declared rate of interest of no less than 2.80% based on the original contract. Effective March 1, 2011, the Plan accepted a rider to the contract amending the minimum guaranteed declared rate of interest of no less than 1.00% per annum for all contributions, loan repayments, participant transfers, and any other amounts allocated to the Transamerica Financial Life Insurance Guaranteed Pooled Fund on or after March 1, 2011. The minimum guaranteed declared rate of interest of 2.80% applied to contributions, loan repayments, participant transfers, and any other amounts that were allocated to the Guaranteed Pooled Fund before March 1, 2011. The crediting interest rate is reviewed on an annual basis for resetting. Transamerica guaranteed both the principal and interest invested in the Fund. The investments in the Guaranteed Pool Fund were liquidated and transferred into a money market mutual fund during the year ended December 31, 2020.

NOTE 6 FAIR VALUE MEASUREMENT

Financial Accounting Standards Board Statement ASC Topic 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:
Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for the asset or liability;
Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
If the asset or liability has a specified (contractual) term the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Custodial account - mutual funds (including money market mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV, as provided by the directed trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the accounts, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Custodial account - mutual funds	$ 203,546,135	$ -	$ -	$ 203,546,135

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Custodial account - mutual funds	$ 177,898,807	$ -	$ -	$ 177,898,807
Total assets in the fair value hierarchy	$ 177,898,807	$ -	$ -	177,898,807
Investments measured at net asset value (a)				8,768,330
Investments at fair value				$ 186,667,137

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment Type	2020 Fair Market Value	2019 Fair Market Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate account	$ -	$ 8,768,330	-	Daily	12 months

NOTE 7 EXEMPT TRANSACTIONS WITH PARTIES-IN-INTEREST

Empower Retirement is the record keeper as defined by the Plan and, therefore, qualifies as a party-in-interest. Participant fees are withheld from participants' accounts and credited to an unallocated plan account on a quarterly basis. $378,972 and $375,687 were withheld from participant accounts by the record keeper for the years ended December 31, 2020 and 2019, respectively. Fees are then paid from this unallocated plan account. Fees totaling $184,245 and $202,437 were paid to Empower Retirement during the years ended December 31, 2020 and 2019, respectively.

Empower Retirement receives revenue (also known as 12b-1 fees) from mutual fund service providers for services Empower Retirement provides to the funds. This revenue is credited to participants with balances in the revenue-paying funds on a quarterly basis. Total revenue attributed to investments of the Plan was $94,450 and $116,467 for the years ended December 31, 2020 and 2019, respectively. The amounts shown as other income on the accompanying financial statements reflect the amounts of revenue remitted to the plan.

During the years ended December 31, 2020 and 2019, there were no surplus allocations made to reallocate excess amounts held in trust.

NFP Retirement, Inc. is the broker/adviser to the Plan and, therefore, qualifies as a party-in-interest. Fees paid to NFP Retirement, Inc. were $81,293 and $96,160 for the years ended December 31, 2020 and 2019, respectively.

The Plan issues notes receivables to participants which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

NOTE 8 AMENDMENT AND TERMINATION

Although it has not expressed any intent to do so, the Organization reserves the right at any time to amend or terminate the Plan subject to the provisions of the Plan and ERISA. In the event of Plan termination, the rights of all participants to benefits accrued to the date of such termination, to the extent then funded, are non-forfeitable.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The full impact of the COVID 19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and contributed to instability in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.
