American Furniture Warehouse 401(k) Plan
Notes to Financial Statements

Note 1: Plan Description

The following description of the American Furniture Warehouse 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all qualifying employees of American Furniture Warehouse (the "Company") who have completed six months of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Company is the plan administrator and is responsible for the oversight of the Plan. Fidelity Management Trust Company (Fidelity) provides custodial, investment advisor, and recordkeeping services to the Plan, pursuant to the terms of the service provider agreement. The 401(k) administrative committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to the lesser of 90% of eligible compensation or the amount allowed by law of annual compensation, as defined by the Plan, on a pretax or after-tax basis. Deferral contributions and after-tax Roth contributions shall not exceed certain limits set forth by the Internal Revenue Service ("IRS") ($19,500 in 2020). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions (up to $6,500 in 2020). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Company may make discretionary matching contributions equal to a percentage of each participant's contributions. For the year ended December 31, 2020, the Company contributed 25% of each participant's contribution, up to 1.5% of a participant's compensation. The Company may also make additional profit sharing contributions equal to a percentage of each participant's compensation. A participant must be employed on the last day of the plan year in order to be eligible to receive the Company's profit sharing contributions. Contributions are subject to certain limitations. For the year ended December 31, 2020, the Company made discretionary matching contributions of $1,325,702, and profit sharing contributions of $53,194.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, allocations of plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1: Plan Description (Continued)

Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contribution portion of their account is based on years of continuous service. A participant is 100 percent vested in the discretionary matching and profit sharing contributions after six years of credited service.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers investments in mutual funds and a fully benefit-responsive investment contract as investment options for participants. Participants may change their investment options at any time.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loan terms range from one to five years, or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at various rates ranging from 4.25% to 6.50% based on the prevailing interest rates on the date of the loan. A note will carry the same rate of interest throughout its term. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account or annual installments as required by minimum distribution rules. For termination of service due to other reasons, a participant may receive the value of his or her account as a lump-sum distribution.

The Plan intends to adopt certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that was signed into law on March 27, 2020, which were immediately available for coronavirus-related distributions, suspended participant loan payments, increased loan limits, and waiver of required minimum distributions that are due during 2020. The Plan intends to formally execute the required plan amendments for these provisions by the last day of the plan year, beginning on or after January 1, 2022.

Hardship Withdrawals

Hardship withdrawals are available if the participant meets certain criteria. Effective January 1, 2019, the Plan adopted the new hardship withdrawal provisions of the Bipartisan Budget Act of 2018 ("the Act"). The Act lifted several restrictions relating to hardship withdrawals, including the elimination of the suspension period for making contributions to the Plan after a hardship withdrawal was taken, elimination of the requirement to exhaust plan loans available before taking a hardship withdrawal, and the inclusion of earnings accrued on elective deferrals when determining the allowable amount of the hardship withdrawal. The Plan has been amended to adopt these changes.

Note 1: Plan Description (Continued)

Forfeited Accounts

At December 31, 2020 and 2019, forfeited non-vested funds totaled $109,420 and $53,194, respectively. These funds are used to pay plan expenses or reduce Company contribution. During the year ended December 31, 2020, $96,490 of forfeitures were used to pay plan expenses and reduce Company contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisor/trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent loans are reclassified as benefits paid to participants based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Note 2: Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to participant's account and are not included in administrative expenses. Certain investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2021, which is the date the financial statements were available to be issued. Plan management has not identified any material subsequent events that require reporting or disclosure.

Note 3: Information Prepared and Certified by the Trustee (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan has certified that the following unaudited data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019.
- Interest and dividend income, and net appreciation in fair value of investments as shown in the Statement of Changes in Net Assets Available for Benefits.
- The schedule of assets held at end of year included as supplemental information.

This information has not been audited by the Plan's independent auditors.

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level; Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1); and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Note 4: Fair Value Measurements (Continued)

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 57,859,967	$ -	$ -	$ 57,859,967
Total Investments in the Fair Value Hierarchy	$ 57,859,967	$ -	$ -	$ 57,859,967

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 51,427,192	$ -	$ -	$ 51,427,192
Total Investments in the Fair Value Hierarchy	$ 51,427,192	$ -	$ -	51,427,192

Note 5: Fully Benefit-Responsive Investment Contract

The Plan offers a fully benefit-responsive investment contract with Fidelity. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Note 5: Fully Benefit-Responsive Investment Contract (Continued)

Contributions to the guaranteed investment contract become part of Fidelity's general account. The contract is credited with interest in accordance with the interest crediting rate established and periodically adjusted by the issuer. The contract is charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract is a traditional guaranteed investment contract and is presented in the Statements of Net Assets Available for Benefits at contract value. Contract value, as reported to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The crediting interest rate is based on a formula determined by the issuer, but it may not be less than 0.0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) termination of the contract, (2) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (3) plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with participants is not probable.

The insurance company may terminate the contract with thirty days written notice to the contract owner for reasonable cause, which includes failure by the contract owner to meet contract requirements.

Note 6: Party-in-Interest Transactions

Certain plan investments are managed by Fidelity, who serves as the trustee and recordkeeper of the Plan. Wipfli LLP performs the limited scope audit for the Plan. Transactions with these parties qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment. For the year ended December 31, 2020, the Plan made direct payments of $209,809 to Fidelity which were not covered by revenue sharing.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 8: Tax Status

The Plan utilizes a volume submitter plan, which obtained a favorable advisory letter from the IRS dated March 31, 2014, stating that the volume submitter plan is qualified under the applicable sections of the Internal Revenue Code ('IRC"). Although the Plan has been amended since receiving the advisory letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Beginning in March 2020, the United States economy began suffering adverse effects from the Covid-19 Virus Crisis ("CV19 Crisis"). The Company's operations have been significantly impacted by the CV19 Crisis; and the Company continues to monitor the situation. During 2020, the Plan experienced a significant reduction in plan participants as a result of the Company terminating employees due to the economic impact of the CV19 Crisis. The Company is monitoring the situation to determine if the Plan has experienced a partial plan termination. The final impact to the Company's results of operations, cash flows, employee count, financial condition, and the ability for the Company to continue to make contributions to the Plan cannot be reasonably estimated or determined at this time.

Note 10: Reconciliation of Financial Statements to Form 5500
