1 - DESCRIPTION OF PLAN

GENERAL

Elara Caring 401(k) Plan (formerly known as Jordan Health Services Retirement Plan and Trust) (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on July 1, 1990, covering all eligible employees of BW NHHC Holdco Inc., dba Elara Caring and its affiliates (collectively, the "Company" or the "Plan Administrator"), excluding collectively bargained employees and nonresident aliens. The Plan was amended and restated effective January 1, 2020. Fidelity Management Trust Company (the "Trustee") in conjunction with Fidelity Workplace Services, LLC (collectively known as "Fidelity"), serves as the Trustee and record-keeper of the Plan, respectively. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Effective with the close of business December 31, 2019, the Plan was amended and restated to merge the Great Lakes Home Health Services, Inc. 401(k) Plan ("Great Lakes Plan") into the Plan. As a result, assets of $25,281,825 merged into the Plan. As of December 31, 2019, the Plan recorded a receivable from the Great Lakes Plan in the Statement of Net Assets Available for Benefits. This amount was received in January 2020. The Great Lakes Plan filed a final Form 5500 with assets of zero for 2019.

Effective January 24, 2020, Pyramid Home Health Services 401(k) Plan with assets of $1,332,272 merged into the Plan and is recorded as "Transfer in from Affiliated Plan" in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

Through December 31, 2019, employees become eligible for participation at the age of twenty one and upon completing one year or 1,000 hours of service, excluding collectively bargained employees and nonresident aliens, as defined by the Plan document. Each participant's account is credited with participant elective deferrals, Company discretionary matching contributions and Company discretionary nonelective contributions, an allocation of Plan earnings or losses, and is charged with certain administrative expenses. Allocations are based on participant earnings or account balances, as defined.

Effective January 1, 2020, employees become eligible for participation at the age of twenty-one and upon completing six months of service, as defined by the Plan document. Participants may enter the Plan on the first day of each month during the calendar year following satisfaction of the eligibility requirements.

1 - DESCRIPTION OF PLAN, CONTINUED

CONTRIBUTIONS

The Plan is funded through participant elective pre-tax and after-tax deferrals, Company discretionary matching contributions, and Company discretionary nonelective contributions. A participant may elect to contribute up to 100% of his or her pre-tax compensation, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($19,500 for 2020). The Plan allows for after-tax Roth contributions, subject to the same limitations. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,500 for 2020). Pre-tax rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted by the Plan.

The Company may make Company discretionary matching contributions in amounts to be determined by the Company. For the 2020 Plan year, the Company elected to contribute a discretionary matching contribution of 50% up to 4% of a participant's eligible compensation contributed to the Plan. The Company may also make Company discretionary nonelective contributions in amounts to be determined by the Company. To receive such discretionary nonelective contributions, a participant must be participating in the Plan and not be excluded from Company match eligibility per the terms of the Plan. For the year ended December 31, 2020, discretionary matching contributions of $1,540,982 were made to the Plan. No discretionary nonelective contributions were made for the year ended December 31, 2020.

INVESTMENT OPTIONS

The Plan provides for participants to direct both participant contributions and Company contributions into a variety of mutual funds of registered investment companies and a common collective trust, in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the Plan website for additional fund information.

VESTING

Participants are immediately vested in participant elective deferrals and rollover contributions, plus actual earnings, thereon. Vesting in the Company's discretionary matching contributions is based on years of continuous service. Participants vest 25% after 1 year of service, then vest 25% each year until fully vested after 4 years of service. Vesting in the Company's discretionary nonelective matching contributions plus actual earnings, thereon, is based on years of continuous service. Participants vest 20% after 2 years of service, then vest 20% each year until fully vested after 6 years of service.

1 - DESCRIPTION OF PLAN, CONTINUED

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available to all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). The notes receivable from participants are secured by the vested balance in the participant's account and bear interest at a rate determined reasonable by the Plan Administrator. Note terms range from one to five years, unless for the purchase of a primary residence, which may be up to ten years. A participant may not have more than one note outstanding at any time. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. As of December 31, 2020, notes receivable from participants have interest rates ranging from 4.25% to 7.50% and maturity dates ranging from January 2021 through January 2026. Notes receivable from participants as of December 31, 2019, have interest rates ranging from 4.00% to 7.50% and maturity dates ranging from February 2020 through July 2025.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants or distributions paid to participants are charged directly to the participant's account and are included in administration expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

FORFEITURES

Forfeitures are available to reduce future Company contributions or pay administrative expenses. At December 31, 2020 and 2019, unallocated forfeitures available totaled $616,812 and $15,696, respectively. These amounts are reported as a component of net assets available for benefits. For the year ended December 31, 2020, $24,308 of forfeitures were used to reduce Company contributions, and $154,708 of forfeitures were used to pay administrative expenses.

BENEFITS PAID TO PARTICIPANTS

Upon termination of service, retirement, death, or disability, a participant's benefits may be payable in a lump-sum amount equal to 100% of the participant's vested account balance. Participant account balances greater than $1,000 but less than $5,000 can elect a lump-sum distribution or choose to roll over into an individual retirement account. Participant account balances of $1,000 or less at the time of termination will be distributed as an involuntary lump-sum payment. If the total vested interest exceeds $5,000, no distribution will be made from the Plan without the consent of the participant. Participants may also make hardship withdrawals on the balance of their account.

1 - DESCRIPTION OF PLAN, CONTINUED

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable, 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

CORONAVIRUS AID RELIEF AND ECONOMIC SECURITY ACT

During 2020, Plan management approved a resolution to adopt certain provisions of the Coronavirus Aid Relief and Economic Security Act ("CARES Act"). The Plan elected the distribution provision under the CARES Act. The maximum dollar amount that can be requested per participant is $100,000 without a 10% early withdrawal penalty. These CARES Act distributions are available for repayment through the last day of the Plan year that begins in 2022. For eligible CARES Act distribution requests, all vested contribution sources are made available and restrictions based on age or length of participation in the Plan do not apply. CARES Act distributions may be repaid to the Plan within three years; income taxes may be spread ratably over three years.

The Plan elected to temporarily suspend required minimum distributions ("RMDs") under the CARES Act. This provision provides relief to individuals who would otherwise be required to take RMDs from retirement accounts due to economic slowdown due to COVID-19. This provision applies to participants who have reached the age of 70 ½ during 2019 but who have not yet taken RMDs in 2020. In addition, the Plan also elected to suspend RMDs for participants who reach age 72 in 2020 following the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act"). If a participant has received RMDs in 2020, they may be able to recontribute these amounts back into the Plan in the form of direct rollovers.

The Plan also adopted certain loan provisions of the CARES Act. Through September 22, 2020, participants are eligible to borrow up to $100,000 from their vested account balance, reduced by the highest balance of any notes outstanding during the previous twelve months. Repayments of existing notes receivable from participants can be deferred until December 31, 2020. Notes will be re-amortized to include accrued interest during the deferred payment period, and repayments began in January 2021.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method, in accordance with United States Generally Accepted Accounting Principles ("U.S. GAAP").

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

BENEFITS

Benefits are recorded when paid.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) of fair value of investments includes the Plan's gains and losses on the investments bought and sold, as well as, held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document or notes receivable policy of the Plan.

RECENT ACCOUNTING STANDARDS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements*, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. The Plan's adoption of this pronouncement did not have a material impact to the Plan.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Mutual funds of registered investment companies: Valued at the net asset value ("NAV") or quoted market prices of shares held by the Plan at year end.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING, CONTINUED

Common collective trust: Valued at the NAV of shares held by the Plan at year end, as determined by the Trustee. The NAV, as provided by the Trustee, is used to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the Trustee reserves the right to temporarily delay withdrawals from the trust to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 51,239,858	$ -	$ -	$ 51,239,858
Common collective trust	-	1,208,973	-	1,208,973
Total investments, at fair value	$ 51,239,858	$ 1,208,973	$ -	$ 52,448,831

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 17,271,850	$ -	$ -	$ 17,271,850
Total investments, at fair value	$ 17,271,850	$ -	$ -	$ 17,271,850

4 - FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 Code of Federal Regulations 2520.103-8 of the Department of Labor's Rules ("DOL") and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 **and 2019**, and the supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

5 - RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market risk, concentration, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

6 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee or an affiliate of the Trustee; therefore, these transactions qualify as party-in-interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

7 – TAX STATUS OF THE PLAN

The Plan is based on a volume submitter plan developed by Fidelity Management & Research Company which received a favorable opinion letter dated March 31, 2014, from the IRS stating that the volume submitter plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC, and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8 – RECONCILIATION TO THE FORM 5500, SCHEDULE H

The following are reconciliations of net assets available for benefits between the financial statements and the Form 5500 as of December 31, 2020 and 2019:

9 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2020 and 2019, employee withholdings totaling $215,183 and $14,801 were not remitted to the Plan on a timely basis due to unintentional delays, respectively. The Company remitted lost earnings and interest calculated following the DOL guidelines for the 2019 late deposits during 2020. The Company is in the process of remitting lost earnings and interest calculated following the DOL guidelines for the 2020 late deposits.

10 – EXCESS PARTICIPANT CONTRIBUTIONS REFUNDABLE

The Plan failed discrimination testing for the years ended December 31, 2020 and 2019. As a result, excess contributions payable of $605,887 and $350,766, respectively, are recorded as liabilities in the accompanying Statements of Net Assets Available for Benefits, and as a corresponding reduction of $605,887 to participants contributions in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

11 – QUALIFIED NON-ELECTIVE CONTRIBUTIONS

The Plan Administrator has determined unintentional contribution errors occurred during 2020. These errors are in the process of being corrected by a qualified non-elective contribution ("QNEC") to the Plan representing missed elective deferrals, matching contributions, and lost earnings in accordance with IRS and DOL correction guidelines. The Plan Administrator believes all participants will be made whole upon correction. For the year ended December 31, 2020, the Company had qualified nonelective contributions in the amount of $38,939. The qualified non-elective contributions are shown as a component of receivables to the Plan, in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2020.

12 – SUBSEQUENT EVENTS

In accordance with FASB ASC 855, "Subsequent Events," the Plan has evaluated events or transactions occurring after December 31, 2020, the Statements of Net Assets Available for Benefits date, through October 14, 2021, the date the financial statements were issued, and determined there were no events that would impact the financial statements for the year ended December 31, 2020.
