NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the W&W Fiberglass Tank Company 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Document and Summary Plan Description or the Plan agreement for a more complete description of the Plan's provisions. The Summary Plan Description is made available to all participants in the Plan and a copy of the Plan agreement is available from the Plan Administrator.

General
The Plan is maintained by W&W Fiberglass Tank Company (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a defined contribution plan extended to all employees of the Company and related participating employers who have completed one year of service and attained the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and is intended to qualify under Section 401(k) of the Internal Revenue Code (IRC).

Massachusetts Mutual Life Insurance Company (Mass Mutual), the Plan's investment custodian, is responsible for executing all investment transactions.

Contributions
Each year, the Company may contribute a discretionary amount to the Plan from its current and accumulated earnings before income taxes. Contributions are subject to certain limitations under the Internal Revenue Code (IRC).

Participant Accounts and Vesting
Each participant's account is credited with the participant's allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on compensation or account balances, as defined. Restorative contributions are allocated based on account balances, rather than compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Vesting in the balance of a participant's account is based on years of continuous service. Participants vest 20% per year after two years and are 100% vested after six years of credited service.

Investment Management
Upon enrollment in the Plan, a participant may direct his/her contributions in any of the investment options currently available as determined and selected by the Plan's management. Participants may change their investment allocations daily, via phone or internet access to the Plan's investment custodian, Mass Mutual.

Payment of Benefits
Upon termination of service due to death, disability or retirement, a participant will receive a lump-sum or installment distribution. Distributions may be deferred until the participant reaches the age of 70 ½. However, the Plan agreement stipulates that distributions must commence no later than April 1 of the year following the year in which the participant reaches the age of 70 ½, with the exception of deferment until retirement. During 2020, the Plan implemented certain CARES Act provisions to allow for special coronavirus-related distributions allowing expanded access to participant distributions. The provisions expired on December 31, 2020.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Forfeited Accounts
At December 31, 2020 and 2019, forfeited non-vested accounts totaled $28,513. Forfeitures are used to supplement Company contributions. No forfeitures were utilized during 2020.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The Plan's financial statements are prepared under the accrual basis of accounting in accordance with generally accepted accounting principles.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements. Estimates and assumptions are also required by the Plan Administrator for the reported amounts of revenue, expenses, gains, losses and all other changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Plan investments are reported at estimated fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with stating investments at fair value, net unrealized appreciation or depreciation is reflected for the year on the Statement of Changes in Net Assets Available for Benefits. See Note 5 for disclosure of fair value measurements.

Purchases and sales of securities are reported on a trade-date basis. Interest income is recorded on the accrual basis. Investment dividends and interest are reinvested in the corresponding accounts. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Rental income is recorded upon receipt.

Payments of Benefits
Benefit payments to participants are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
Subsequent events were evaluated through October 13, 2021, the date the financial statements were available to be issued.

NOTE 3 - TAX STATUS

The Plan has not received a determination letter on their adoption of the Volume Submitter (VS) plan. In accordance with Revenue Procedure 2003-6, the Plan administrator has chosen to rely on the advisory letter, dated March 31, 2014 that has been issued to the VS plan. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations for years before 2017.

NOTE 4 - INFORMATION CERTIFIED BY MASS MUTUAL LIFE INSURANCE COMPANY

The following is a summary of the Plan's investment information as of December 31, 2020 and 2019, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following assets:

	2020	2019
Investments, at fair value:		
Mutual Funds	$ 3,292,593	$ 919,991

Mass Mutual also certified to the completeness and accuracy of $619,370 of net appreciation in fair value of investments related to the aforementioned assets for the year ended December 31, 2020.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

NOTE 5 - FAIR VALUE MEASUREMENTS (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

In determining the appropriate levels, the Plan performs a detailed analysis of the assets that are subject to fair value measurement. The following table summarizes the financial assets and liabilities measured at fair value on a recurring basis at December 31:

December 31, 2020	**Fair Value Measurements**			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$ 3,292,593	$ -	$ -	$ 3,292,593
Total Investments at Fair Value	$ 3,292,593	$ -	$ -	$ 3,292,593

December 31, 2019	**Fair Value Measurements**			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$ 919,991	$ -	$ -	$ 919,991
Total Investments at Fair Value	$ 919,991	$ -	$ -	$ 919,991

NOTE 5 - FAIR VALUE MEASUREMENTS (continued)

Changes in Fair Value and Related Gains and Losses
During 2020, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $619,370.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

In December 2019, a novel strain of coronavirus (COVID-19) was reported in China. In January 2020, the World Health Organization declared COVID-19 to constitute a "Public Health Emergency of International Concern", which continues on as of the date of this report. The extent of the impact of COVID-19 on the Plan's operational and financial performance will depend on future developments, including the duration and spread of the outbreak and related travel advisories and restrictions and the impact of COVID-19 on overall demand for services and products, all of which are highly uncertain and cannot be predicted.
