Note 1 – Description of Plan

The following description of the Long View Systems 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Long View Systems Corporation USA and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Long View Systems Corporation USA (the Company) is the Plan's sponsor and serves as plan administrator.

Eligibility – Short-term employees are excluded from participation under the Plan. Part-time employees (defined as less than 1,000 hours in the Plan year), non-residence, and employees otherwise covered by a collective bargaining agreement are ineligible for Plan participation. All other employees of the Company are eligible to participate in the Plan immediately upon hire. There are no limitations as for an employee to enroll in the Plan. Employees are immediately eligible for employer match and discretionary profit sharing as defined below.

Participant Contributions – Each year, participants may contribute between 1% – 100% of pretax annual compensation, as defined in the Plan. Participants may also elect to make after-tax Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Contributions are subject to regulatory limitations. Eligible participants are entitled to defer a percentage of their compensation subject to Internal Revenue Code (IRC) limitations, which for 2020 was $19,500. The Plan also allows catch-up contributions pursuant to the Economic Growth and Tax Relief Reconciliation Act of 2001 up to a maximum allowed by the applicable section of the Tax Code, which for 2020 was $6,500.

Employer Contributions – The Company is allowed to make contributions to the Plan, as defined in the Plan and as approved by the Board of Directors. At the end of the Plan year, the Company, at the discretion of the Company's Board of Directors, may make a profit-sharing contribution, as defined in the Plan document. Profit-sharing contributions are allocated to eligible participants based upon the percentage of the participant's compensation to the total compensation for all eligible participants. The Company made profit-sharing contributions in the amount of $718,045 for the Plan year ended December 31, 2020. This contribution was remitted into the Plan in 2021 and was recorded as a receivable as of December 31, 2020.

Participant accounts – Each participant's account is credited with the participant's contributions and allocations of the Company's profit-sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – Description of Plan (continued)

Participants direct the investment of their account into various investment options offered by the Plan.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon.

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed fifteen years. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. As of December 31, 2020, the rates of interest on outstanding loans ranged from 5.25% to 7.50%, with various maturities through July 2034.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over the life or life expectancy of the participant. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures – All contributions are 100% vested.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are reported at fair value. The Plan's custodian, John Hancock Trust Company, certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Note 2 – Summary of Significant Accounting Policies (continued)

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Corrective distributions payable – Corrective distributions may be required in the event that the employee contributions exceed certain contribution limitations of the Plan. Corrective distributions are recorded as a liability in the period in which the related contributions are made to the Plan. Corrective distributions payable as of and for the years ended December 31, 2020 and 2019 were $23,354 and $0, respectively.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance, plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses paid by the Plan may include notes receivable and distribution fees charged to participants' accounts and administrative Plan fees. Investment related expenses are included in net appreciation in fair value of investments.

COVID-19 pandemic – On March 11, 2020, the World Health Organization officially declared COVID-19, the disease caused by the novel coronavirus, a pandemic. Given the dynamic nature of these circumstances and business disruption, the impact to the Plan Sponsor's operations is uncertain. The Plan will continue to monitor the situation closely, but given the uncertainty about the situation, the Plan cannot estimate the impact to its financial statements.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 14, 2021, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2020 and 2019.

Pooled separate accounts – Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. These PSAs invest in single mutual funds reflected by the namesake of the account. The mutual funds seek fixed income, capital appreciation, or long-term growth. Each of these underlying funds' prospectus discloses the investment strategy. These PSAs have no unfunded commitments, or redemption notice periods, and are redeemable daily.

Guaranteed interest account – Valued at fair market value using compounded interest rates and the use of observable inputs for similar accounts.

Note 3 – Fair Value Measurements (continued)

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31, 2020 and 2019:

	Fair Value Measurement at December 31, 2020			
	Level 1	Level 2	Level 3	Total
Cash	$ 77	$ -	$ -	$ 77
Guaranteed interest account	2,931	-	-	2,931
Total assets in the fair value hierarchy	$ 3,008	$ -	$ -	3,008
Investments measured at NAV (practical expedient)				14,614,746
Total investments				$14,617,754

	Fair Value Measurement at December 31, 2019			
	Level 1	Level 2	Level 3	Total
Cash	$ 77	$ -	$ -	$ 77
Guaranteed interest account	3,667	-	-	3,667
Total assets in the fair value hierarchy	$ 3,744	$ -	$ -	3,744
Investments measured at NAV (practical expedient)				12,311,300
Total investments				$12,315,044

Note 4 – Tax Status

Effective January 1, 2011, the Plan adopted a standardized form of a Volume Submitter Profit Sharing Plan. Effective January 1, 2014, the Plan was restated to comply with the requirements of the Pension Protection Act, pursuant to Rev. Proc. 2011-49. The Volume Submitter Plan has received an opinion letter from the Internal Revenue Service, dated March 31, 2014, as to the Plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving this letter. However, the plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the code.

Note 4 – Tax Status (continued)

In accordance with guidance on accounting for uncertainty in income taxes, the trustee has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

Note 6 – Information Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. John Hancock Life Insurance Company (U.S.A), the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019.

- Net appreciation/depreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020.

- Investments reflected on the schedule of assets (held at end of year).

Note 7 – Party-In-Interest Transactions

Certain Plan investments are managed by John Hancock Retirement Services. John Hancock Retirement Services is the custodian of the Plan, and, therefore, transactions with these entities qualify as exempt party-in-interest transactions.

Note 8 – Plan Termination
