**TRUMBULL COMMUNITY ACTION PROGRAM 403(B) PLAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2020 AND 2019**

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of Trumbull Community Action Program 403(b) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document for a more comprehensive description of the Plan’s provisions.

General

Trumbull Community Action Program 403(b) Plan is a defined contribution plan covering the employees of the Trumbull Community Action Program (“TCAP” or the “Employer/Plan Administrator”). Employees must generally complete 1,000 hours of service to be eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Trumbull Community Action Program absorbs some of the administrative costs of the Plan.

Contributions

Employees may elect to contribute, through the 403(b) feature, a percentage of their base salary or a fixed dollar amount each period, not to exceed the maximum amount permitted by the Internal Revenue Code. Employees may elect to have their contributions invested in various investment options which are administered by the Plan’s Custodian. The Employer matches the employee’s contribution in an amount equal to 200 percent of the deferral, not to exceed 1.5 percent of compensation.

Participant Accounts

In accordance with the terms of the Plan, the account of each participant is maintained on a fair value basis. Each participant’s account consists of the contributions that are made on their behalf by TCAP, their employee elective deferral contributions, their employee rollover contributions, forfeitures of terminated participants’ non-vested accounts, and their share of administrative expenses. The allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

The participants in the Plan are immediately vested in their elective contribution accounts. The participants are entitled to their entire elective contribution account balance if their participation ceases for any reason whatsoever.

If a participant’s employment is terminated for reason of death, normal retirement, or retirement due to disability, the participant shall be entitled to the full account. If employment is terminated for any reason other than death, retirement, or disability, the participant shall be entitled to the vested portion of the Employer-matched contribution account in accordance with the following schedule: 2 years – 20 percent, 3 years – 40 percent, 4 years – 60 percent, 5 years – 80 percent, and 6 years – 100 percent.

**TRUMBULL COMMUNITY ACTION PROGRAM 403(B) PLAN
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEARS ENDED DECEMBER 31, 2020 AND 2019**

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

Forfeitures of non-vested account balances may be used to offset the current year's Employer contributions. As of December 31, 2020 and 2019, forfeitures were \$14,474 and \$13,150, respectively.

Administrative Expenses

Administrative expenses of the Plan that are related to accounting fees, recordkeeping, and miscellaneous expenses may be paid by TCAP. Administrative expenses that are attributed to investment management are paid by the Plan.

Payments of Benefits

Benefits are recorded when they are paid.

If the vested amount of a participant's account does not exceed \$5,000, the account will be paid in a lump sum. If the amount of the account exceeds \$1,000, but does not exceed \$5,000, and the participant does not timely return distribution forms, TCAP must transfer the vested portion of the account into an IRA that is to be established in the participant's name. If the vested amount of the account exceeds \$5,000, the participant must consent to distribution.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting and reporting policies which are applied in the presentation of the accompanying financial statements follows:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Accounting Estimates

The financial statements have been prepared in conformity with U.S. generally accepted accounting principles. In preparing the financial statements, management is required to make estimates and assumptions that affect the reported amounts and disclosures. The actual results could differ significantly from those estimates.

Valuation of Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date.

The net appreciation (depreciation) in the fair value of investments includes investments that are purchased, sold, and held during the year.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**TRUMBULL COMMUNITY ACTION PROGRAM 403(B) PLAN
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEARS ENDED DECEMBER 31, 2020 AND 2019**

NOTE 3 – INVESTMENTS

The Plan's investments are administered by AdvisorTrust, Inc. (the "Custodian") as of December 31, 2020. The following is a summary of the investment information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedule, that was prepared by, or derived from, information provided by the Custodian and was then furnished to the Plan Administrator. The Plan Administrator has obtained certification from the Custodian stating that the information provided to the Plan Administrator by the Custodian, related to the following investments, is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information, which appears throughout the financial statements and supplemental schedule, related to the following investments:

	December 31,	
	2020	2019
Investments, at fair value:		
Mutual Funds	\$ 1,449,264	\$ 1,346,994

AdvisorTrust, Inc. also certified the accuracy of \$74,171 of net appreciation in the fair value of investments, and interest and dividend income of \$72,247 for the year ended December 31, 2020.

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, TCAP has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

NOTE 5 – TAX STATUS

TCAP has no determination letter from the Internal Revenue Service ("IRS") indicating that the Plan is qualified, and that the trust established under the Plan is tax exempt. However, the Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the code. Therefore, TCAP believes that the Plan was qualified, and that the related trust was tax-exempt as of the financial statements date.

Management of the Plan is required to evaluate the tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020, there are no uncertain positions taken, or expected to be taken, that would require the recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2017.

**TRUMBULL COMMUNITY ACTION PROGRAM 403(B) PLAN
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEARS ENDED DECEMBER 31, 2020 AND 2019**

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

A party in interest is defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer, and certain others. Certain administrative functions are performed by officers or employees of TCAP. No such officer or employee receives compensation from the Plan. TCAP absorbs some costs which are incurred in relation to the administration of the Plan. Such costs include legal and accounting fees. These costs amounted to \$4,675 for the year ended December 31, 2020.

NOTE 7 – FAIR VALUE OF FINANCIAL INSTRUMENTS

The Plan discloses the fair value of its financial instruments. Financial instruments are defined as cash, evidence of ownership in an entity, or a contract which creates an obligation or right to receive or deliver cash, or another financial instrument, from/to a second entity on potentially favorable or unfavorable terms. If the quoted market price is available for a financial instrument, the estimated fair value would be calculated based upon the market price, per trading unit of the instrument. Investments are considered to be financial instruments. As of December 31, 2020, the carrying amount of these financial instruments approximates fair value.

NOTE 8 – FAIR VALUE MEASUREMENTS

The Plan utilizes a framework for measuring fair value. This framework provides a fair value hierarchy which prioritizes the inputs to valuation techniques that are used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and gives the lowest priority to unobservable inputs. The three levels of the fair value hierarchy under ASC 820 are described as follows:

- *Level 1:* Inputs to the valuation methodology are unadjusted quoted prices for assets or liabilities in active markets that the Plan has the ability to access.
- *Level 2:* Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for, substantially, the full term of the asset or liability.
- *Level 3:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 8 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodologies that are used for the assets that are measured at fair value:

Mutual Funds: Primarily valued at the net asset value of the shares that are held by the Plan at the end of the year.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of the future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables, set forth by Level within the fair value hierarchy, present the Plan's assets at fair value as of December 31, 2020 and 2019:

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term, and that such changes could materially affect participants' account balances, as well as the amounts reported in the statements of net assets available for benefits.

NOTE 10 – SUBSEQUENT EVENTS

During the first quarter of 2020, the nation and the Plan's primary market area were affected by the consequences of the COVID-19 pandemic. Actions taken around the world to help mitigate the spread of COVID-19 include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. COVID-19 and actions taken to mitigate it have had, and are expected to continue to have, an adverse impact on the economies of many states, including the geographical area in which the Plan operates. While it is unknown how long these conditions will last and what the complete financial effect will be to the Plan, the Plan may experience work stoppages and possible disruptions in its labor force and supply chains. Additionally, it is reasonably possible that the estimates made in the financial statements have been, or will be, materially and adversely impacted in the near term as a result of these conditions.

Management has reviewed events occurring through October 13, 2021, the date that the financial statements were issued, and no subsequent events have occurred requiring disclosure.
