1. Description of Plan

The following description of Straus Family Creamery, Inc. Employees Savings Trust (the "Plan") provides only general information. Participants should refer to the Summary Plan Description and/or Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted by Straus Family Creamery, Inc. (the "Company") on January 1, 2011, and was most recently restated effective February 15, 2019 to name Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC the custodian of the Plan. The Plan is defined as a contribution retirement plan of the profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code ("IRC") Section 401(k). The following are not eligible to participate in the Plan: Collective bargaining employees, non-resident aliens, reclassified employees, leased employees, independent contractors, IRC Code Section 410(b)(6)(c) transaction employees. All other employees of the Company who have completed at least three consecutive months of service during which at least one hour of service is completed are eligible to participate in the Plan immediately upon employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC.

In addition, as a result of the COVID-19 outbreak discussed in Note 9, "Risks and Uncertainties," the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, passed by Congress and signed into law on March 27, 2020, includes provisions that impacts retirement plans and their participants by changing existing law regarding early withdrawals, loans, and required minimum distributions. Provisions of the CARES Act include:

- Temporary waiver of required minimum distributions for 2020;
- Increase in participant loan limits from $50,000 and 50% of a participant's vested account balance to $100,000 and 100% of a participants vested account balance. These loans were only available through September 22, 2020. Repayments on the new loan can be delayed for up to one year;
- Delay in repayments between May 27, 2020 and December 31, 2020 ("Suspension Period") for participants that currently have a loan. At the end of the Suspension Period, the loan is re-amortized by adding the unpaid repayment amounts and a new end date is calculated for the loan; and
- Distributions of up to $100,000 if a participant has been diagnosed with COVID-19, or a spouse or dependent has been diagnosed with COVID-19; or is experiencing "adverse financial consequences" from quarantine, furlough, layoff, or reduced hours due to the coronavirus or is unable to work due to the lack of childcare. The CARES Act eliminates the 10% penalty for distributions taken prior to age 59 ½, however, the distribution should be added to (or be included in) the participant's taxable income, and applicable taxes can be paid over three years. The participant can then repay the amount to the Plan and receive a refund of the taxes paid on it.

The provisions for participants to take loans or distributions is at the discretion of the plan sponsor. Plan sponsors may elect to implement these provisions with retroactive amendment required by December 31, 2022. The Plan has elected to implement these provisions.

1. Description of Plan, continued

General, continued

In December 2019, the IRS enacted new laws under the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act") which includes provisions that impacts retirement plans and their participants by changing existing law regarding required minimum distributions, part time employee participation, and adoption withdrawals, among other things. The Plan has elected to implement these provisions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Effective February 27, 2019, the Plan was amended and restated with the adoption of the Great-West Life & Annuity Insurance Company and Great-West Trust Company Defined Contribution Prototype Plan and Trust. Effective with the adoption, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC ("GWLAIC" and "GWTC") together became the Plan's custodian and Empower Retirement became the Plan's record keeper. In February 2019, Plan assets were transferred from CUNA to GWLAIC and GWTC.

Contributions

Employees who elect to participate in the Plan may contribute a portion of their salary up to the limits imposed by Section 402(g) of the IRC to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may elect to make Roth contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company makes employer safe harbor matching contributions of 100% of the participant's elective deferral, limited to 100% of the first 3% of the participant's compensation, plus 50% of the participant's elective deferral that exceeds 3% of the participant's compensation, up to a maximum of 5% of the participant's compensation. Additionally, the Plan allows for qualified non-elective contributions at the discretion of the Company. The Company did not make any discretionary non-elective contributions for the year ended December 31, 2020. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance. Certain fees are charged to fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting

Participant contributions, rollovers, employer safe harbor matching contributions and net earnings on these contributions are fully vested when made or earned.

1. Description of Plan, continued

Vesting, continued

Discretionary contributions, if any, as well as all earnings on these contributions, vest according to the following schedule:

Year of Service	Vesting Percentage
Less than 1	0%
1	33%
2	67%
3	100%

Participants are fully vested in discretionary employer contributions upon retirement, death, disability, or plan termination.

Notes Receivable from Participants

Participants are allowed two notes receivable at any time and may borrow from their fund accounts a minimum of $1,000 up to 50% of the value of their account balance, or $50,000, whichever is less. Note receivable terms range from one to five years, except for notes receivable used to purchase a primary residence, which have a maximum term of thirty years. The notes receivable are secured by no more than fifty percent of the balance in the participant's account and bear interest at a rate of 1% over the prime interest rate at the time the note receivable originates. Interest rates on notes receivable from participants as of December 31, 2020 ranged from 4.25% to 6.50% per annum. Principal and interest are paid in equal installments through biweekly payroll deductions.

Payments of Benefits

When participants leave the Company, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the vested value of their account in a single lump-sum payment. The Plan also allows for in-service withdrawals upon a participant attaining the age of 59½, or having a hardship. In-service withdrawals may be taken from participant contribution, employer safe harbor matching contribution and discretionary contribution accounts, as long as they are vested. In addition, the Plan allows for withdrawals of any rollover contributions at any time.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. Mandatory distributions of account balances under $5,000 will be made as soon as possible. In the event of a mandatory distribution greater than $1,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the plan administrator.

In September 2019, as part of the Bipartisan Budget Act of 2018, the IRS issued final regulations updating the hardship rules for employee benefit plans. The final regulations include the mandatory elimination of 6-month suspension beginning January 1, 2020, and the option to eliminate the requirement to take participant loans before hardships. In 2019, the Plan elected to implement these provisions beginning January 1, 2020.

1. Description of Plan, continued

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of money market, mutual funds, and an insurance company guaranteed account offered by the Plan. Participants may change their investment options at any time.

Forfeitures

Forfeitures that occur during a plan year will be used to reduce future employer discretionary contributions. As of December 31, 2020 and 2019, forfeited non-vested accounts totaled $494 and $489, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments in mutual funds are reported at fair value and investments in the insurance company guaranteed account are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies, continued

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Information Certified by the Custodian

GWLAIC and GWTC has prepared and certified as complete and accurate the Plan's schedule of investment assets, transactions, net realized and unrealized gains and losses on investments, and interest and dividend income, which was used to prepare the accompanying financial statements and supplemental schedule.

3. Fair Value Measurements

Accounting standards for fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurements, continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019:

Cash equivalent - money market fund: Valued based on redemption values on the last business day of the Plan year.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and then transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,597,175	$ -	$ -	$ 3,597,175
	$ 3,597,175	$ -	$ -	$ 3,597,175

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,726,098	$ -	$ -	$ 2,726,098
	$ 2,726,098	$ -	$ -	$ 2,726,098

The Plan had no significant transfers between Level 1, Level 2, or Level 3 for the year ended December 31, 2020.

4. Information Prepared and Certified by Custodian (Unaudited)

The following information included in the accompanying financial statements and schedule of assets held was obtained from data that has been prepared and certified as complete and accurate by GWLAIC and GWTC:

	2020	2019
Investments, at fair value	$ 3,597,175	$ 2,726,098
Investments, at contract value	$ 71,946	$ 20,543
Notes receivable from participants	$ 110,488	$ 116,714
Interest and dividend income	$ 69,902	N/A
Interest on notes receivable from participants	$ 6,669	N/A
Net appreciation in fair value of investments	$ 442,292	N/A

5. Investment Contracts with Life Insurance Companies

Great-West Life & Annuity Insurance Company

In February 2019, the Plan entered into a fully benefit-responsive investment contract with GWLAIC. GWLAIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0% percent. The crediting interest rate is reviewed on an annual basis for resetting. For the year ended December 31, 2020, the effective rate was 1.04%.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement for the guaranteed investment contract. Contract value, as reported to the Plan by GWLAIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. As of December 31, 2020, the contract value of the guaranteed investment contract with GWLAIC was $71,946.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan.), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

6. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are guaranteed income funds managed by the custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Additionally, the Plan has notes receivable from participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

7. Tax Status

Beginning February 27, 2019, the Plan began using a prototype plan document sponsored by GWTC who received an opinion letter from the IRS dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS and has been amended since receiving the opinion letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

8. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to participants as described in the Plan agreement, and participants would become 100% vested in their discretionary contributions

9. Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds and an insurance company guaranteed account offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

In March 2020, the World Health Organization declared an outbreak of a novel coronavirus ("COVID-19") as a pandemic resulting in adversely impacted global commercial activity and significant declines and volatility in financial markets, resulting in economic uncertainties which may negatively impact investment performance across the globe. The outbreak presents uncertainty and risk with respect to the Plan's performance and its financial results.

10. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through October 13, 2021, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred since December 31, 2020 that require recognition or disclosure in these financial statements.
