SEQUOIA ONE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2020

1. Description of Plan

The following description of the Sequoia One 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description and/or Plan document for a more complete description of the Plan’s provisions.

General

The Plan was formed on January 1, 2002, and on July 15, 2014 Sequoia One PEO, LLC (the “Company”) assumed the role of Plan sponsor. The Company is a professional employer organization. The Plan was restated effective July 1, 2018. The Plan is a defined contribution retirement plan of the profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code (“IRC”) Section 401(k). The Plan is a multiple employer defined contribution plan which is offered to the worksite employees of the associated employers of the Company (collectively, the “Employers”). An associated employer is a company that has a co-employment relationship with the Company with respect to worksite employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the IRC.

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Reliance Trust Company and Massachusetts Mutual Life Insurance Company are the appointed custodians for the Plan in 2020 and 2019, and acted at the direction of the Plan’s administrator. Massachusetts Mutual Life Insurance Company served as the record keeper of the Plan in 2020 and 2019.

Eligibility

All worksite employees of the Company and the Employers, excluding collectively bargained employees, non-resident aliens, and leased employees, are eligible to participate in the Plan upon completing 3 months of service and attaining the age of 21 years old. Employers may elect to reduce the age requirement and change the service requirement from upon hire to the maximum of one year.

Contributions

Employees who elect to participate in the Plan may contribute a portion of their salary up to 50% of their compensation, with the exception of bonuses that can be 100% contributed, or up to the limits imposed by Section 402(g) of the IRC. Plan allows for contributions to be made on a pretax basis or Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Employers may make discretionary employer contributions and matching contributions. Participants must be employed on the last day of the Plan year and complete 1,000 hours of service to be eligible for the discretionary employer contribution. Employers may elect to change requirements for participant eligibility for employer contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each Participant's account is credited with the Participant's contributions, Employer contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each Participant's account balance. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting

Participant contributions, rollovers, and net earnings on these contributions, are fully vested when made or earned.

Discretionary employer contributions and matching contributions, if any, as well as all earnings on these contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 3	0%
3	100%

Employers may elect alternative vesting schedule for employer contributions. Participants are fully vested upon retirement, death, disability, or plan termination.

Notes Receivable from Participants

Participants are allowed one note receivable at any time and may borrow from their fund accounts a minimum of \$1,000 up to 50% of the value of their account balance, or \$50,000, whichever is less. Note receivable terms range from one to five years, except for notes receivable used to purchase a primary residence, which have a maximum term of ten years. The notes receivable are secured by no more than fifty percent of the balance in the Participant's account and bear interest at a rate commensurate with local prevailing rates at the time the note receivable originates, prime rate plus 1%. Interest rates on notes receivable from participants as of December 31, 2020 ranged from 4.25% to 6.5% per annum. Principal and interest are paid in equal installments through payroll deductions, personal checks from employees on leave, or cashier's checks for the full payoff of the notes receivable.

Payments of Benefits

When participants leave the Company, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the vested value of their account in a single lump-sum payment. The Plan also allows for in-service withdrawals upon a participant attaining the age of 59½, or having a hardship. In-service withdrawals may be taken from all vested accounts.

SEQUOIA ONE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Payments of Benefits, continued

Distributions under the Plan shall generally be made as soon as possible after the date of a participant's retirement, date of death, or termination of employment, unless the participant or beneficiary chooses to delay distribution. Mandatory distributions of account balances of \$5,000 or less will be made as soon as reasonably practicable. In the event of a mandatory distribution of \$5,000 or less, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the plan administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of investments offered by the Plan. Participants may change their investment options at any time.

Forfeitures

Forfeitures that occur during a plan year will be used to reduce future discretionary employer and matching contributions and to reduce expenses related to the administration of the Plan. As of December 31, 2020 and 2019, forfeited non-vested accounts totaled \$149,906 and \$75,281, respectively. During the year 2020, \$160,378 of forfeited funds were used to decrease discretionary employer and matching contributions.

Coronavirus Aid, Relief, and Economic Security Act

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy.

In addition, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, passed by Congress and signed into law on March 27, 2020, includes provisions that impact retirement plans and their participants by changing existing law regarding early withdrawals, loans, and required minimum distributions. The provisions for participants to take loans or distributions is at the discretion of the plan sponsor. Plan sponsors may elect to implement these provisions with retroactive amendment required by December 31, 2022. The Plan elected to implement these provisions. Provisions of the CARES Act include:

- Temporary waiver of required minimum distributions for 2020;
- Increase in participant loan limits from \$50,000 and 50% of a participant's vested account balance to \$100,000 and 100% of a participants vested account balance. These loans are only available up to September 23, 2020. Repayments on the new loan can be delayed for up to one year;
- Delay in repayments between May 27, 2020 and December 31, 2020 ("Suspension Period") for participants that currently have a loan. At the end of the Suspension Period, the loan is re-amortized by adding the unpaid repayment amounts and a new end date is calculated for the loan; and

Coronavirus Aid, Relief, and Economic Security Act, continued

- Distributions of up to \$100,000 if a participant has been diagnosed with COVID-19, or a spouse or dependent has been diagnosed with COVID-19; or is experiencing “adverse financial consequences” from quarantine, furlough, layoff, or reduced hours due to the coronavirus or is unable to work due to the lack of childcare. The CARES Act eliminates the 10% penalty for distributions taken prior to age 59½, however, the distribution should be added to the participant’s taxable income, which can be done over three years. The participant can then repay the amount to the Plan and receive a refund of the taxes paid on it.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, with the exception of benefit responsive investment contracts that are valued at contract value, see Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Investment Committee determines the Plan’s valuation policies utilizing information provided by the investment advisor, and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees paid by participants are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

2. Summary of Significant Accounting Policies, continued

Plan Transfers

Qualified plans sponsored by certain Employers may be merged into the Plan in conjunction with such Employer's adoption of the Plan, or certain Employers may terminate their adoption of the Plan and create a single-employer plan where corresponding assets for related Employer get transferred out. Plan transfers are recorded when paid or received.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company and Employers. Expenses that are paid by the Company and Employers are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Information Certified by the Custodians

Reliance Trust Company and Massachusetts Mutual Life Insurance Company have prepared and certified as complete and accurate the Plan's schedule of investment assets, transactions, and net realized and unrealized gains and losses on investments, and interest and dividend income, which was used to prepare the accompanying financial statements and supplemental schedule.

Recently Adopted Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. This update removes, modifies and adds certain disclosure requirements for fair value measurements. The Plan adopted this update on January 1, 2020 and applied its amendments prospectively. This update did not have a material effect on our financial statements and related disclosures.

3. Fair Value Measurements

Accounting standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

SEQUOIA ONE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2020

3. Fair Value Measurements, continued

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 337,224,534	\$ -	\$ -	\$ 337,224,534

Total assets in the fair hierarchy	<u>\$ 203,860,153</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 203,860,153</u>

4. Investment Contract

The Plan entered into a benefit-responsive investment contract with an insurance company. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The insurance company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The investment contract as of December 31, 2020 and 2019 was \$10,920,211 and \$5,090,879, respectively. The average yield and crediting interest rates were approximately 3.94% and 3.63% for 2020 and 2019, respectively.

Certain events such as premature termination of the contract by the Plan or termination of the Plan, would limit the Plan's ability to transact the contract value with Plan participants are not probable.

5. Information Prepared and Certified by Custodians (Unaudited)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Reliance Trust Company and Massachusetts Mutual Life Insurance Company:

	2020	2019
Investments, at fair value	<u>\$ 337,224,534</u>	<u>\$ 203,860,153</u>

6. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are or were managed by Reliance Trust Company and Massachusetts Mutual Life Insurance Company, the custodians of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Tax Status

The Plan uses a volume submitter plan document sponsored by Massachusetts Mutual Life Insurance Company, who received an opinion letter from the Internal Revenue Service (“IRS”) dated March 31, 2014, which states that the volume submitter document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan’s management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income tax have been included in the Plan’s financial statements.

8. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to participants as described in the Plan agreement, and participants would become 100% vested in their employer contributions.

9. Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds and an investment contract offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

As of December 31, 2020 and 2019, approximately 35% and 33%, respectively, of net assets are held in three funds.

In March 2020, the World Health Organization declared an outbreak of a novel coronavirus (COVID-19) as a pandemic resulting in adversely impacted global commercial activity and significant declines and volatility in financial markets, resulting in economic uncertainties which may negatively impact investment performance across the globe. The outbreak presents uncertainty and risk with respect to the Plan’s performance and its financial results.
