401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2020

1. DESCRIPTION OF PLAN

The following description of the American Lumber, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The American Trade Group, Inc. (the "Company") is the sponsor of the Plan.

General

The Plan is a profit-sharing plan covering all employees of the Company who have at least one year of employment with at least 1,000 hours of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Management oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's management.

Employee Contributions

Pursuant to Section 401(k) of the Internal Revenue Code ("IRC"), participants may contribute up to the lesser of 100% of their compensation or $19,500 for 2020. Participants who have attained age 50 before the end of the Plan year may also make catch-up contributions of up to $6,500 for 2020. All participants' contributions are fully vested at all times.

Employer Contributions

The Plan allows for employer safe harbor contributions. The Plan is referred to as a "safe harbor 401(k) plan". In order to maintain the "safe harbor" status, effective January 1, 2015, the Company will make a contribution equal to 100% of the first 3% of each eligible participant's compensation, and an additional 50% of the next 2% of each eligible participant's compensation. The maximum safe harbor match may not exceed 4%. During the year ended December 31, 2020, the Company contributed a matching safe harbor contribution in the amount of $156,780. The Company may also contribute a discretionary profit-sharing contribution. No such contribution was made in 2020.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's safe harbor contribution and discretionary profit-sharing contribution, (b) Plan earnings (losses), and (c) charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit of which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon, as well as in the safe harbor contributions made by the Company. Participants are vested 20% after 2 years, 20% every year after, and fully vested after 6 years in any Company discretionary profit-sharing contributions.

Payment of Benefits

Distributions from the account are not permitted before age 59½ except in the event of death, disability, retirement, or reasons of proven financial hardship. On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or if the participant's vested account balance exceeds $5,000, the participant may elect to receive partial withdrawals over the assumed life expectancy of the participant and within five years after the death of the participant.

Terminated employees are not required to withdraw amounts from their Plan accounts if such accounts are greater than $1,000.

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 5.75%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions over a period of up to five years except for residential loans.

Forfeitures

A forfeiture is the non-vested portion of a terminated participant's account balance. The forfeited amount remains in the Plan and may first be used to pay administrative expenses or to reduce subsequent employer contributions. As of December 31, 2020, there were no unallocated forfeitures remaining in the plan to reduce administrative expenses and employer contributions. Also, in 2020, the forfeiture balance was used to reduce the employer contributions.

Investment Options

The assets of the Plan are allocated to the various funds at the direction of the participant.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Uses of Estimates

The preparation of the financial statements in conformity with GAAP requires plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded on the Schedule H of the 5500. Under GAAP, the defaulted loan will remain a note receivable from participant until a distributable event occurs. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. Certain administrative expenses may be paid directly by the Plan or Company, such as recordkeeping, trustee, legal and accounting fees.

Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

3. ASSET INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

At December 31, 2020, the Plan's investments were held by Principal Trust Company and at December 31, 2019, the Plan's investments were held by Ameritas Life Insurance Corp. (the "Trustees").

The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustees as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The fair value of investments at December 31, 2020 and 2019, as reported by the Trustees is summarized as follows:

	2020	2019
Collective investment trusts	$ 1,929,605	$ -
Pooled separate accounts	1,064,042	2,878,709
Total investments at fair value	$ 2,993,647	$ 2,878,709

During 2020, the Plan's investments (including gains and losses on investments bought, sold, as well as held during the year), appreciated in value by $318,710.

4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are inputs other than quoted prices included with Level 1 that are observable for similar assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair values using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Investments measured at net asset value

Collective Investment Trusts and Pooled Separate Accounts: valued at the net asset value of units of the underlying investments at the insurance company. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant's transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the accounts, no notification is required.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

Fair Value Measurements at the End of the Reporting Period Using:

December 31, 2020	Total
Investments measured at net asset value (a)	$ 2,993,647
Total investments at fair value	$ 2,993,647

Fair Value Measurements at the End of the Reporting Period Using:

December 31, 2019	Total
Investments measured at net asset value (a)	$ 2,878,709
Total investments at fair value	$ 2,878,709

Investments Measured Using the Net Asset Value per Share Practical Expedient

6. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

During the year ended December 31, 2020, the Plan paid $14,473 in direct compensation to the trustees and the third-party administrator. These transactions qualify as exempt party-in-interest transactions.

7. TAX STATUS

The Internal Revenue Service has determined and informed the company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the most recent plan document date being January 2016, the plan administration and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations three years after filing.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

10. SUBSEQUENT EVENTS

For the year ended December 31, 2020, the Company has evaluated subsequent events for potential recognition and disclosure through October 14, 2021, the date of financial statement issuance. No events requiring disclosure were noted.
